Independent Auditor's Report

To the Plan Administrator
PSC Group 401(k) Plan
Baton Rouge, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PSC Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PSC Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PSC Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PSC Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PSC Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PSC Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PSC Group 401(k) Plan
Notes to Financial Statements
December 31, 2022

Note 1-Description of Plan

The following description of the PSC Group 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan was amended, effective April 1, 2022, to change the name of the Plan from Petroleum Service Group 401(k) Plan to PSC Group 401(k) Plan. On April 1, 2022, the operating entity name of the plan sponsor changed from Petroleum Service Group, LLC to PSC Group, LLC.

A. General

The Plan is a defined contribution plan covering certain employees of PSC Group, LLC ("Company") who have three months of service or more. When employees meet the time of service requirements, they become eligible to participate in the Plan on the first day of the month coinciding with or immediately following the three month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established to provide employees with an opportunity to accumulate funds for retirement. The Plan's trustee, T. Rowe Price Trust Company, holds the Plan's investment assets, executes investment transactions, and provides record-keeping services for the Plan.

B. Contributions

Participant Contributions

A participant may elect to contribute up to 60% of pre-tax annual compensation, limited to \$20,500 in 2022 and \$19,500 in 2021. The Plan also allows rollover contributions which represent distributions from other qualified plans. For participants age 50 or older, an election can be made to defer additional amounts (called "catch up" contributions) to the Plan. The maximum catch-up contribution was \$6,500 for 2022 and 2021.

Company Contributions

The Company contributes 100% of the first 4% and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

Profit Sharing Contributions

The Company may make annual discretionary profit-sharing contributions to the Plan. Annual discretionary profit-sharing contributions will be allocated based upon an equal percentage of participants' eligible compensation. The Company did not make any discretionary profit-sharing contributions in 2022.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, including elective deferrals and company matching of elective deferrals, and an allocation of (a) the company's contributions, net of forfeitures of terminated participants' non-vested accounts, (b) net plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All funds are participant-directed.

Upon enrollment in the Plan, participants may direct employee contributions and match in any of the Plan's investment options. Participants may change their investment elections at any time.

Note 1-Description of Plan (Continued)

D. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as follows:

<u>Years of Service Credit</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Early retirement is permitted for employees hired prior to February 1, 2011. The Plan's Early Retirement Date is age 60, provided the participant is also credited with at least five (5) years of service. A participant will have a 100% vested interest upon his or her retirement at Early Retirement Date.

Participants are 100% vested if employed by the Company or a related employer upon death or disability.

E. Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance in the participant's account during the twelve-month period or fifty percent (50%) of the participant's vested balance. Participants may only apply for one loan each Plan year and may only have one loan outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the Plan administrator. Loan repayments are amortized in level payments, not less frequently than quarterly, over a period not to exceed five (5) years from the loan date, unless the loan is used to purchase a primary residence.

F. Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants may elect to receive a distribution equal to the value of the vested interest in his or her account. Written consent is required for distributions before age 65 if the participant's vested account balance exceeds \$5,000.

G. Forfeitures

The portion of a participant's account balance, which is not vested upon termination of employment, is forfeited and remains in the plan. The forfeited portion of the account balance will be applied to reduce future Company contributions. Forfeitures utilized to offset Employer contributions totaled \$2,868,937 during 2022. The forfeiture balance was \$17,664 and \$14,643 at December 31, 2022 and 2021, respectively.

Note 2-Summary of Significant Accounting Policies

A. Basis of Accounting

The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from plan net assets during the reporting period. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

As reported by T. Rowe Price Trust Company, Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

The Plan accounts for its investments in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*. As required by ASC 962, the accompanying statements of net assets available for benefits present the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, including interest earned on notes receivable from participants, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

E. Payment of Benefits

Benefits are recorded when paid.

F. Operating Expenses

Administrative expenses of the Plan are paid directly from the Plan; however, the Company may elect to pay some expenses. Fees related to the participant's investment selections and accounts, such as loan fees and managed account fees, are charged directly to the participant's account and are included in administrative expenses.

Note 3-Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: These investments are publicly traded investment vehicles, which are valued daily at the closing price reported on the active market on which the individual securities are traded. These investments are classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds: These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The fair market value of the Common Collective Trust Funds have been established using the NAV under the practical expedient approach and therefore are not assigned to a level in the hierarchy table.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4-Common Collective Trust Funds

The Plan has an investment in a common collective trust referred to as the T. Rowe Price Stable Value Common Trust Fund, which holds fully benefit-responsive investment contracts. The Plan uses NAV (or equivalent) as a practical expedient to determine the fair value of the common trust fund.

The objective of the T. Rowe Price Stable Value Common Trust Fund is to maximize current income and maintain principal stability by investing primarily in a diversified portfolio of guaranteed investment contracts, bank investment contracts, and separate account contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the T. Rowe Price Stable Value Common Trust Fund's constant NAV of \$1 per unit.

Distributions to the T. Rowe Price Stable Value Common Trust Fund unit holders are declared daily from the net investment income and automatically reinvested in the fund on a monthly basis, when paid. It is the policy of the fund to use its best efforts to maintain a stable value of \$1 per unit.

The Plan also has investments in T. Rowe Price Retirement Trusts ("Retirement Trusts"), which are common collective trust funds operated by the Trustee. Each investor's beneficial interest in the net assets of the trusts is represented by units, an unlimited number of which are authorized. Unit transactions are subject to terms, conditions, and limitations defined in the Declaration of Trust. Trust units are issued and redeemed only on a valuation date and at the net asset value ("NAV") per unit computed on that date. Each Retirement Trust's financial instruments are valued and their NAV is computed at the close of the New York Stock Exchange each day it is open for business. The investment objective of each Retirement Fund is to seek the highest total return over time consistent with an emphasis on both capital growth and income. The Retirement Trusts pursue these objectives by investing primarily in a diversified portfolio of other T. Rowe Price common trust funds that represent various asset classes and sectors. The Retirement Trusts' allocations between stock and bond trusts will change over time in relation to each trust's target retirement date. The Retirement 2005-2065 Trusts are managed based on the specific retirement year (target date) included in the name and assume a retirement age of 65. The target date refers to the approximate year an investor in a trust would plan to retire and likely stop making new investments in that trust. Each trust is designed for an investor who anticipates retiring at or around the target date and who plans to withdraw the value of the account in the trust gradually after retirement.

Note 5-Tax Status

The Internal Revenue Service has determined that the Plan qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 6-Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company may also amend the Plan at any time and in any respect. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7-Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by T. Rowe Price Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the trustee that information provided to the Plan Administrator by the trustee is related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears in the financial statements and supplemental schedule related to the following:

- Investments and notes receivable from participants in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, net investment loss from common/collective trusts, dividends, and other income in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of assets (held at end of year) as of December 31, 2022.

Note 8-Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by T. Rowe Price which acts as a trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Note 9-Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of notes receivable from participants per the financial statements at December 31, 2022 to Form 5500:

Notes receivable from participants per financial statements	\$ 6,317,837

Note 10-Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. It is not possible at this time to reasonably estimate the possible loss or range of loss, if any. Management further cautions that it is not possible to see all such factors, and financial statement users should not consider the identified factors as a complete list of all risks and uncertainties.

Note 11-Subsequent Events

Management of the Plan evaluated all subsequent events through September 19, 2023, the date the financial statements were available to be issued. As a result, management noted no subsequent events which required adjustment to or disclosure in, these financial statements.
