Guardian Dentistry Practice Management 401k Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Guardian Dentistry Practice Management 401k Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Mid Atlantic Trust Company (MATC), a qualified institution, as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Guardian Dentistry Practice Management 401k Profit Sharing Plan

Notes to Financial Statements

Note 1 Description of Plan

The following description of Guardian Dentistry Practice Management 401k Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan providing participants the option of deferring a portion of their current compensation and a related employer contribution to their deferred balances. The Plan is available to all employees of Guardian Dentistry Practice Management LLC (Plan Sponsor). Employees age twenty-one and older become eligible for employer profit sharing contributions on the first month after three consecutive months of employment. There are no eligibility service requirements for elective deferrals and matching contributions.

The Plan commenced on January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan's recordkeeper (Paychex, Inc.), appointed by the Plan Administrator, is responsible for providing reporting services and compliance services, including reporting to participants. Additionally, the custodian is responsible for the management, sale, redemptions, and repurchase of the investments. Assets of the Plan are held by Mid Atlantic Trust Company (MATC) as Plan Trustee (“Trustee”).

Contributions

Employee

Participant contributions to the Plan are made through payroll deductions. The contributions are tax deferred and represent a reduction in federal taxable wages to the participant. Participants are able to contribute up to 100% of their eligible gross pay, as defined, with a total dollar limitation of \$20,500 for 2022 (employees may contribute an additional \$6,500 if over 50 years old). Employer matching contributions are on a discretionary basis as determined by the Plan Sponsor and applied to all participants on a uniform basis.

Employer

Employer matches 100% of participant contributions up to 4% with a cap of \$1,000 of elective deferral percentages and applied to all participants on a uniform basis. Matching contributions for the year ended December 31, 2022 totaled \$1,350,713.

Participant Accounts

Each participants’ account is credited with their own contributions and allocations of (a) the Plan Sponsor’s discretionary matching and/or employer discretionary contributions, (b) Plan earnings or (losses) and charged an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. All investments are participant directed. The benefits to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Guardian Dentistry Practice Management 401k Profit Sharing Plan

Notes to Financial Statements

Note 1 Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's discretionary matching and employer discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the Plan document. A participant becomes 100% vested automatically in their contributions, while still employed, upon attainment of normal retirement age, death, or disability.

Forfeitures

Forfeited non-vested balances may be used to offset plan expenses or may be used to reduce future employer contributions. As of December 31, 2022, forfeitures totaled \$91,516.

Notes Receivable from Participants

Participants may borrow from their vested account balances an amount up to the lesser of \$50,000 or 50 percent of their account balance. Participants cannot have more than one loan outstanding at any time, and no loan may be for an amount less than \$1,000. The maximum loan term is five years unless the loan is for the purchase of a primary residence for which the maximum loan term is thirty years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined from time to time by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or other methods as approved by the Plan Administrator. Interest rates on the loans vary from 4% - 8% recorded as of December 31, 2022, and 2021. No allowance for credit losses has been recorded as of December 31, 2022, and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Guardian Dentistry Practice Management 401k Profit Sharing Plan

Notes to Financial Statements

Note 1 Description of Plan (continued)

Payment of Benefits

Benefit payments are recorded when paid. On termination of service due to retirement, resignation, dismissal or death, a participant's account balance is distributed to the participant or designated beneficiary by payment in a lump sum for accounts valued at less than \$5,000. If the total vested account balance under the Plan is \$5,000 or less as of the distribution date and the participant does not consent to a distribution of the vested account balance, the vested benefit automatically will be rolled over to an IRA selected by the Plan Administrator. For accounts valued in excess of \$5,000, the participant may elect to remain in the Plan, withdraw a lump sum payment, or withdraw equal monthly payments over a fixed period.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Administrative Expenses

All operating expenses of the Plan including expenses for recordkeeping, insurance and auditing are paid by the Plan Sponsor and do not appear as liabilities or deductions of the Plan. The expenses are allocated among the accounts of all participants in the Plan.

Investment Valuation and Income Recognition

The Plan invests in a Mid Atlantic Trust Company (MATC) Contract (the "Contract"), which offers pooled separate accounts that invest in various investment options. The Contract is not fully benefit responsive and therefore the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as a distribution based on the terms of the Plan Document.

Guardian Dentistry Practice Management 401k Profit Sharing Plan

Notes to Financial Statements

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds and Money Market Funds: are valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Note 5 Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA (cash or deferred arrangement) of the recordkeeper of the Plan, which received an opinion letter from the IRS dated August 31, 2020 stating that the volume submitter plan was designed in accordance with provisions of the IRC. The Plan has not yet filed for its own determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes due from the Plan has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. In the event the Plan is subject to interest and/or penalties, interest would be included with interest expense and penalties would be included as a component of administrative expenses. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2019.

Note 6 Plan Termination

Although the Plan Sponsor has not expressed any intent to do so, it may terminate the Plan upon notice in writing to the Trustee or it may discontinue its contributions to the Plan. In the event of termination, the Plan provides that the amounts in each participant's account will be fully vested and distributed in accordance with the provisions of the Plan and in compliance with all applicable regulations.

Note 7 Related-Party Transactions and Party-In-Interest Transactions

Pooled separate accounts invest in underlying investment vehicles or are portfolios of investments managed by MATC. MATC is the Trustee and the recordkeeper, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to \$78,131 during the year ended December 31, 2022, and are recorded as administrative expenses on the statement of changes in net assets available for benefits. Participant loans are also party-in-interest transactions.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
