INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Trustees
Dakota Community Bank & Trust 401(k) Retirement Plan
Hebron, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dakota Community Bank & Trust 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT

(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Other Matter - Supplementary Schedule Required by ERISA

The supplementary Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dakota Community Bank & Trust 401(k) Retirement Plan

NOTES TO THE FINANCIAL STATEMENTS

1. PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Dakota Community Bank & Trust 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all employees of Dakota Community Bank & Trust (the Plan sponsor) who are age 21 or older and have completed 3 months of service. Employees are eligible to receive matching contributions from the Plan sponsor if they have completed one year of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. Employees are eligible to receive discretionary contributions from the Plan sponsor if they have completed one year of service, are 21 years of age, and are employed by the Plan sponsor on the last day of the Plan year. Enrollment in Plan participation and employer contributions is quarterly, on the first day of the quarter coinciding with or following the date on which the employee meets the respective eligibility requirements. The Plan is a single employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Basis of Accounting The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

Accounting Estimates The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions Participants may contribute up to 100% of their annual qualified compensation, as defined in the Plan, subject to the maximum limits set by the Internal Revenue Service (IRS). For calendar years 2022 and 2021, the IRS limit of elective deferrals a participant can contribute to the Plan is \$20,500 and \$19,500, respectively. Individuals who will be age 50 by the end of the calendar year may make additional catch-up contributions to the Plan. For calendar years 2022 and 2021, the catch-up contribution is limited to \$6,500. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan sponsor contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The Plan sponsor may also make a discretionary profit-sharing contribution that is determined annually by the Board of Directors. The Plan sponsor did not make discretionary profit-sharing contributions in 2022 or 2021.

Notes Receivable From Participants Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the excess, if any, of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made over the outstanding balance of the Plan loans on the date the loan is made. Loans are secured by the balance in the participant's account. A participant may not have more than two loans outstanding.

Dakota Community Bank & Trust 401(k) Retirement Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

The term of the loan shall not exceed five years, except in the case of a loan for the purpose of acquiring a primary residence. The loans bear interest at prime rate at the time the funds are borrowed plus one percent. Interest income is recorded on the accrual basis. Loan repayments are made by payroll deduction.

No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Participant Accounts Each participant's account is credited with the participant's contributions, the Plan sponsor's matching contribution, allocations of the Plan sponsor's discretionary profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Valuation and Income Recognition The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and any resulting investment fees.

Investment Options A participant may direct their elective deferral contributions and Plan sponsor contributions in any of the offered investment options. Participants may change their investment options at any time.

Vesting The following represents the Plan's vesting schedule for Plan sponsor matching and discretionary contributions:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 + years	100%

Payment of Benefits On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their vested account or annual installments over their life expectancy. On attainment of normal retirement age, a participant may withdraw all or any portion of his or her vested account balance.

Dakota Community Bank & Trust 401(k) Retirement Plan

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

At the discretion of the Plan administrator, terminated participants with vested account balances of less than \$5,000 may be automatically paid out by the Plan. Terminated participants with a vested balance between \$1,000 and \$5,000, may have their account rolled over without participant request into an Individual Retirement Account designated by the Plan administrator. Participants with vested account balances over \$5,000 may choose to leave vested benefits in the Plan until the April 1 of the year succeeding the year in which age 72 is attained, at which time participants are required to take annual minimum distributions.

Benefits are recorded when paid.

There were no amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2022 and 2021, but not yet paid as of that date.

Forfeited Accounts A forfeiture occurs when a participant terminates employment and all or part of the participant's Plan sponsor matching and discretionary profit-sharing contributions are not vested. The non-vested portion is forfeited immediately, if the participant either has no vested interest or receives a distribution of the entire vested interest. As of December 31, 2022 and 2021, forfeited nonvested account balances totaled \$2,563 and \$146, respectively.

Forfeitures may be used to reduce Plan sponsor contributions or to pay reasonable Plan expenses. During the Plan years ended December 31, 2022 and 2021, forfeitures of \$3,675 and \$7,934 were used to reduce Plan sponsor matching contributions, respectively.

Plan Expenses Plan expenses chargeable to Plan assets include individual transactions fees for loan origination and distributions, as well as a quarterly loan maintenance fee. These costs are deducted from the individual participant's account. The Plan custodian also assesses an asset-based fee for investment advisory services to the Plan, which is deducted on a pro-rata basis from participants' accounts. All other fees associated with the Plan are paid by the Plan sponsor and are not reimbursed by the Plan.

Evaluation of Subsequent Events Management has evaluated subsequent events through October 6, 2023, the date which the financial statements were available to be issued.

2. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the value of their accounts.

3. FAIR VALUE MEASUREMENTS OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Valued at the NAV of units held by the Plan as provided through secondary providers. Self-directed brokerage accounts are allowed to invest in stocks, third-party and Schwab exchange traded funds, mutual funds, options, CDs, treasuries, and corporate, municipal and government agency bonds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value.

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share as a practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by Hand Benefits & Trust Company, except for comparing such information certified by Hand Benefits & Trust Company to information included in the Plan's financial statements and supplementary schedule. Hand Benefits & Trust Company is a qualified institution that prepared and certified the information in accordance with 29 CFR 2520.103-5.

The Plan custodian has certified its statement of accounts. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of all transactions during the period, including interest income on notes receivable from participants and investment earnings. The following information included in the accompanying financial statements and supplementary schedule of assets (held at end of year) was obtained from data prepared and certified as complete and accurate by the custodian.

Net appreciation (depreciation) in fair value of investments	\$ (4,943,885)	\$ 2,923,399
Interest and dividends	448,031	730,660
Total Certified Investment Income (Loss)	\$ (4,495,854)	\$ 3,654,059

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan administrator is an employee of the Plan sponsor. There are no transactions between these parties other than contributions to the Plan and normal benefit payments. Certain Plan investments are in shares of investment funds managed by Hand Benefits & Trust Company, the custodian, and therefore, these transactions qualify as party-in-interest transactions.

The Plan paid investment, custodial, loan and distribution fees to Hand Benefits & Trust Company of \$89,577 and \$96,888 during the years ended December 31, 2022 and 2021, respectively. All other fees were paid by the Plan sponsor and are not reimbursed by the Plan.

6. INCOME TAX STATUS

The volume submitter profit sharing prototype plan document adopted by the Plan received a favorable determination letter from the IRS dated June 30, 2020, indicating that the Plan and related trust, as then designed, are in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
