Independent Auditor's Report

To the Board of Trustees of
Maxim Group, LLC 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the accompanying financial statements of Maxim Group, LLC 401(K) Plan ("the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Maxim Group, LLC 401(K) Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Note 1 - Description of Plan

The following description of the Maxim Group, LLC (the "Company or "Employer") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 2002. The Plan adopted a Volume Submitter Defined Contribution Plan effective March 30, 2018. Effective January 1, 2021, the Plan adopted a Non-Standardized Pre-Approved 401(k) Profit Sharing Plan ("Non-Standardized Plan"). The Plan includes all employees who are age 21 years and older and have completed a minimum of 250 hours within three consecutive months of employment, as defined in the Plan document. The Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees are responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and report to the Plan's Board of Trustees. The Plan covers employees of the Company as well as MJR Holdings, Inc.

Contributions

Participants may contribute any amount of their pre-tax annual eligible compensation (as defined by the Plan) up to the legal limit allowed, of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. The Plan accepts Roth elective deferrals made on behalf of the participants. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Company did make a matching contribution equal to 50% on the first 6% of a participant's annual compensation for administrative employees with a maximum of \$1,000 per year. For the years ended December 31, 2022 and 2021, the Plan paid an employer match of \$67,582 and \$72,682, respectively. Additional profit sharing amounts may be contributed at the option of the Company. Any non-elective contributions made by the Company will be allocated to all eligible participants. For the years ended December 31, 2022 and 2021, the Plan paid an additional profit sharing contribution of \$138,000 and \$402,202, respectively. Additionally, during the year ended December 31, 2022 the Company funded \$56,150 which will be applied towards 2023 employer contributions. Participants direct the investment of their contributions, as well as any employer contributions, into various investment options offered by the Plan. If the Plan does not meet certain discrimination tests, a portion of highly compensated employees' contributions may be returned to them as corrective distributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions as well as an allocation of (a) the Company's discretionary profit sharing contribution, if any, (b) Plan earnings and losses, and (c) an allocation of Plan administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Allocation of the employer's profit sharing contribution is based on the ratio of participant's compensation to total eligible compensation, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The vesting in the Company's matching and profit sharing contribution portion of the participants' accounts is based on a graded vesting schedule and years of continuous service. However, if an active participant dies, or becomes disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

A participant's vested interest in their Company contributions shall be determined in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Forfeitures of non-vested balances may be used to reduce Plan expenses and employer contributions. As of December 31, 2022 and 2021, the forfeited non-vested accounts totaled \$420 and \$3, respectively. For the years ended December 31, 2022 and 2021 \$6,228 and \$22,873 of forfeited amounts, were used to reduce Company contributions, respectively.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their respective vested account balances. The loans are secured by the balance in the participant's account and commensurate with local prevailing rates as determined at the time of the loan by the Plan administrator that ranged from 4.25% to 7.25% during the year ended December 31, 2022. The loans must be repaid over a period not to exceed five years or fifteen years for the purchase of a primary residence. Principal and interest are paid at least quarterly, through payroll deductions. The Plan allows for no more than two loans outstanding at any time. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested interest over \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the vested interest is less than \$5,000, or for termination of services for other reasons, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Note 1 - Description of Plan (continued)

Coronavirus Aid, Relief and Economic Security Act

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was enacted on March 27, 2020. The CARES Act includes a number of relief provisions available to tax-qualified retirement plans. The provisions of the CARES Act were effective and operationalized immediately (i.e., prior to amending the Plan document). The Plan has adopted certain measures included in the CARES Act as follows:

- Permitted qualified individuals (as defined under the CARES Act) to request Coronavirus-Related Distributions up to \$25,000 from their vested portion of the Plan between January 1, 2020 and December 31, 2020.
- For loans taken within 180 days after the enactment of the CARES Act (i.e., March 27, 2020), permitted qualified CARES Act individuals to take loans from their account up to the lesser of 100% of their vested account balance or \$100,000. In addition, permitted any Plan loan repayment that came due during the period March 27, 2020 through December 31, 2020 to be delayed for up to one year.
- Permitted the delay of Required Minimum Distributions ("RMD") for a period of one year, with the delay applying to both 2019 distributions that were required to begin no later than April 1, 2020, and 2020 distributions, unless an employee elected to receive an RMD in 2020. Participants that elected to receive a 2020 RMD amount were able to use the 60-day rollover option.

The extended timing and manner for formal plan amendments, as determined by the CARES Act, is for the Plan year ending December 31, 2025.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Defaulted loans recorded as benefit payments amounted to \$0 and \$59,243 for the years ended December 31, 2022 and 2021, respectively.

Payments of Benefits

Benefits are recorded when paid by the Plan.

Note 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the Morley Stable Value Fund which is reported at NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Company determine the Plan's valuation policies utilizing information provided by the Plan's investment adviser and custodian.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charges directly to the participant's account are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments..

Note 3 - Information Prepared and Certified by Principal Trust Company

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Bank & Trust F.S.B. ("PB&T"), the trustee of the plan, except for the stable value fund, which was certified at its contract value at December 31, 2022 and 2021 of \$7,478,597 and \$9,636,402, respectively, and for which the NAV adjustments of \$538,915 and \$127,558, respectively, are not certified.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB Accounting Standards Codification are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Note 4 - Fair Value Measurements (continued)

- *Mutual Funds:* The fair value of mutual funds is based on quoted prices as listed in the active market in which the mutual funds are traded.
- *Common Collective Trusts:* Valued at the net asset value ("NAV"). Underlying investments are based upon the latest market quotations when available. When not available fair value is determined by fund manager by referenced to quoted market values on other financial data pertaining to investments of similar nature, quality and yield. The investments are measured at fair value using NAV (or its equivalent) and in accordance with the provisions of ASU No. 2015-12 as a practical expedient they are not classified in the fair value hierarchy by the Plan.
- *Pooled Separate Accounts:* Valued at NAV. Underlying investments are based upon the latest market quotations when available. When not available fair value is determined by fund manager by referenced to quoted market values on other financial data pertaining to investments of similar nature, quality and yield. The investments are measured at fair value using NAV (or its equivalent) and in accordance with the provisions of ASU No. 2015-07 as practical expedient they are not classified in the fair value hierarchy by the Plan.
- *Stable Value Fund:* The Morley Stable Value Fund ("MSVF"), a common collective trust, invests directly or indirectly in fully benefit-responsive investment contracts. The MSVF is valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the MSVF, the issuer reserves the right to temporarily delay withdrawal from the MSVF in order to ensure that securities liquidations will be carried out in an orderly business manner. The MSVF, included in the fair value hierarchy table below, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under ASU 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022 and 2021:

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investment whereas the redemption notice period is applicable to the Plan.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their total employer contributions.

Note 6 - Tax Status

The Non-Standardized Plan received a favorable determination letter dated November 23, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt. Prior to the adoption of the Non-Standardized Plan, the Plan previously had obtained its latest determination letter on March 30, 2018, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 or 2021, no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party Transactions

Investments owned by the Plan are managed by Principal Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid by revenue sharing, rather than direct payments. The Plan made direct payments of \$107,714 and \$121,376 for the years ended December 31, 2022 and 2021, respectively; which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 8 - Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

High inflation and interest rates, as well as other changes in economic and political events, resulted in increased volatility in financial markets. Accordingly, the Plan's investment portfolio, has incurred a decline and then a partial recovery in aggregate fair value. It is not known if values will continue to decline or how long a recovery, if any, of these values will take to recapture their peak values. The impact of this situation on the Plan (and the Company) and its future results and financial position is not presently determinable.

Note 9 – Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 2, 2023 the date the financial statements were available to be issued.
