Independent Auditor's Report

To the Administrative Committee of
The Whalen Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Whalen Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Whalen Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Whalen Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Whalen Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Whalen Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Whalen Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE WHALEN COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan

The following description of The Whalen Company 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan established by the Whalen Company under a prototype plan sponsored through Ascensus Trust Company (Ascensus Trust). The Plan generally covers all employees of the Whalen Company and its subsidiary, Cold Point Corporation (the Company), who completed at least one year of service and attained age 21 during the Plan year. Eligible employees may participate in elective deferrals with monthly Plan entry dates and will qualify for the employer contribution provisions of the Plan. Eligible employees will also participate in the employer discretionary contributions after having completed at least one year of service and attained age 21 during the Plan year and who are employed on the last day of the Plan year. The Plan qualifies under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows eligible participants to contribute an amount not to exceed the lesser of 100% of their compensation or an amount which, when added to other additions (exclusive of earnings) to the participant's account in any plan year, does not exceed the maximum limitation on annual additions to a participant's account under applicable provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are made through payroll deductions. Each participant designates the percentage of their contributions which are to be invested in one or more of the available investment fund options. Participants have the opportunity to change their investment options daily. The Plan had an automatic enrollment feature whereby a participant who met the eligibility requirements of the Plan had an initial percentage of their pay withheld, unless the participant elected to decline enrollment. Under the provisions of automatic enrollment, a participant's initial contribution level was 3% of their salary. The Plan was amended on October 8, 2021 to remove the automatic enrollment provision effective January 1, 2022. Participants are also allowed to make contributions to a Roth account and to make rollover contributions to their account balances from other qualified retirement plans.

Employer Contributions: The Plan has a safe-harbor nondiscretionary contribution where the Company is required to contribute 3% of the employee's eligible compensation. For the years ended December 31, 2022 and 2021, the Company made a safe-harbor contribution of \$242,393 and \$237,689, respectively. The Plan also allows the Company to make discretionary contributions. For the years ended December 31, 2022 and 2021, the Company made a discretionary contribution of \$177,735 and \$174,382, respectively, in the form of a profit sharing contribution.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of Company's contributions, and Plan earnings and losses. Plan earnings and losses are allocated based on the account balances of the participants. Allocation of Company's contributions are based on the compensation of the eligible employees. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All Plan assets as of December 31, 2022 and 2021 have been allocated to participant's accounts, except for employer contributions receivable.

THE WHALEN COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Vesting: Participants are immediately vested in all of their contributions and investment earnings, thereon. A participant is 100% vested in the employer safe-harbor contributions. Vesting in the Company's discretionary contributions plus earnings thereon is based on years of continuous service. A participant becomes fully vested in his account after six years of service. A participant also becomes fully vested upon retirement, death, or disability. The Plan provides for alternative vesting in the event it is ever determined to be top-heavy.

Notes Receivable from Participants: Prior to June 2018, participants were allowed to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Subsequent to June 2018, the Plan was amended to no longer permit participant loans. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate (as specified in the Wall Street Journal). Principal and interest are paid through payroll deductions.

Payment of Benefits: In-service withdrawals are permitted for participants who have attained at least 59.5 years of age. Hardship withdrawals are also permitted under the plan for participants who have experienced a qualified hardship under IRS rules. Participants are generally required to take minimum distributions upon reaching the age of 72.

Upon termination of employment, a participant may elect to have vested Plan benefits distributed as a lump-sum or in installment payments. Balances less than \$5,000 will be distributed in a lump sum amount.

Forfeitures: The non-vested portion of a participant's account balance is forfeited upon termination of employment. Forfeitures can be used to pay administrative expenses or reduce future employer contributions at the discretion of the plan administrators. During the years ended December 31, 2022 and 2021, the Plan allocated forfeitures to pay contributions amounting to \$5,653 and \$14,355, respectively. The forfeiture balances as of December 31, 2022 and 2021 were \$5,684 and \$12,184, respectively.

Note 2: Summary of Significant Accounting Policies

Following is a description of significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

THE WHALEN COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 2: Summary of Significant Accounting Policies (Continued)

The investment in registered investment companies and common collective trusts unit values are recorded to reflect charges, such as investment management and administrative charges, as set forth in the group annuity contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions: Contributions from participants are recorded in the period the employer withholds payroll deductions from Plan participants. Safe Harbor contributions are recorded as part of the weekly payroll process and are subject to a true up once a year based on analysis of the year end census. Profit sharing contributions from the employer are recorded in the period the contribution rate was authorized by the Board of Directors.

Payment of Benefits: Benefits are recorded when paid to participants.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 3, 2023, the date the financial statements were available to be issued. During the period from January 1, 2023 through October 3, 2023, the Plan did not have any material recognizable subsequent events.

Note 3: Fair Value Measurements

Generally Accepted Accounting Principles (GAAP) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the assets or liabilities.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

THE WHALEN COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 3: Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan investments measured at fair value:

Investments in Registered Investment Companies: Investments in registered investment companies are comprised of mutual funds which are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Investments in Collective Investment Trust: The Plan has collective investment trust investments with The Wilmington Trust Company and BlackRock. These funds are pooled vehicles which are valued daily at net asset value, which is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

Note 3: Fair Value Measurements (Continued)

In determining the appropriate levels, the Plan performs a detailed analysis of the assets that are to be reported at fair value. The table below presents the assets at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022

THE WHALEN COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 4: Information Certified by the Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Ascensus Trust Company, trustee of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedule.

Certain information reported in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends, and interest income for the years then ended, was derived from information certified as complete and accurate by Ascensus Trust Company.

Note 5: Notes Receivable from Participants

As of December 31, 2022 and 2021, 1 and 3 participants were indebted to the Plan in the total amount of \$646 and \$9,393, respectively, as the result of loans made to them by the Plan. The remaining outstanding loan in 2022 is evidenced by a promissory note bearing interest at rate 6.75% interest per annum, and is payable in installments, the latest of which was due in May 2023. The note is fully secured by the participant's vested account balance.

Note 6: Plan Termination

The Company has the right under the Plan agreement to discontinue their contributions and to terminate the Plan, subject to applicable statutory provisions of ERISA. In the event of termination, all Plan participants will become fully vested. The Company has not indicated any intention to terminate the Plan.

Note 7: Income Tax Status

The Internal Revenue Service has ruled, in a letter dated January 1, 2018, that the Prototype Non-standardized Profit Sharing Plan with CODA, as amended, established by Ascensus LLC, qualifies under applicable sections of the Internal Revenue Code (the Code). An employer who adopts this plan is generally considered to have a plan that is also qualified. The plan's administrator and the plan's sponsor believe that the Plan is designed and operating in compliance with the applicable requirements of the Code. The Plan's federal exempt tax returns are subject to examination by the Internal Revenue Service generally for a period of three years after the returns are filed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

THE WHALEN COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 8: Parties-in-Interest

The Plan offers various investment options to the participants which are products of Vanguard Investments, who utilizes Ascensus' services, the record-keeper of the Plan, and Wilmington Trust Company provides investment services to flexPATH Strategies, one of the investment options for participants; therefore, these transactions qualify as party-in-interest transactions. The Plan is responsible for all of the costs of administration which include custodial, recordkeeping, audit, and investment management fees. All administrative fees are charged to individual participants' accounts and are reported separately on the statement of changes in net assets available for benefits. During the year ended December 31, 2022 and 2021, the Plan incurred administrative expenses of \$37,132 and \$42,930, respectively. In addition, the Company incurred \$15,400 and \$14,700 of Plan expenses in the years ended December 31, 2022 and 2021, respectively, which are not reflected in the Plan's financial statements. Certain officers and employees of the Plan sponsor are administrators of the plan acting as fiduciaries and as trustees and are also participants in the Plan.

Note 9: Reconciliation of Financial Statements to Form 5500

The financial statements of the Plan for the years ended December 31, 2022 and 2021 differ from the amounts reported on Schedule H (Financial Information) of Form 5500 (Annual Return/Report of Employee Benefit Plan) filed with the Internal Revenue Service.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
