Independent Auditors' Report

To the Plan Participants and Plan Administrator
CW Financial Services LLC Investment Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CW Financial Services LLC Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CW FINANCIAL SERVICES LLC INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following brief description of the CW Financial Services LLC Investment Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan document for more complete information.

(a) General

CW Financial Services LLC sponsors the Plan, which is a defined contribution plan established to provide a savings and investment vehicle to substantially all employees of CW Financial Services LLC and its affiliates (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. John Hancock Trust Company LLC (John Hancock) serves as trustee and custodian for the Plan. John Hancock Retirement Plan Services LLC (JHRS) serves as the recordkeeper for the Plan.

(b) Contributions

Any employee who has attained the age of 21 shall be eligible to participate in the Plan. A participant contributes under a salary deferral agreement. The minimum contribution that may be specified by a participant for any payroll period is 1% of eligible compensation, and the maximum contribution is 100% of eligible compensation for pretax compensation deferral agreements. Participants who have attained age 50 may also be eligible to make catch-up contributions in accordance with the Internal Revenue Code (the Code). Participant contributions are limited under the Code. Participants may also contribute amounts representing rollovers from other qualified defined contribution plans.

The Company matched 50% of the first 6% of eligible compensation deferred by each participant for the years ended December 31, 2022 and 2021. The Plan allows the Company to make a discretionary profit-sharing contribution to participants with at least 1,000 hours of service in the Plan year. The Company did not make any profit-sharing contributions related to the 2022 and 2021 plan years.

The Plan includes an auto-enrollment provision, whereby all newly hired employees who become eligible for the plan are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have the deferral rate set at 6% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

(c) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching and profit-sharing contributions, and allocations of Plan earnings or losses, and charged with participant withdrawals, and an allocation of fees and revenue sharing related to each mutual fund. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Investments

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan offers its participants a variety of investment options including several mutual funds as well as a fully benefit responsive investment contract (FBRIC), which

CW FINANCIAL SERVICES LLC INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

is a group annuity contract issued by New York Life Insurance Company (known as the Anchor Account).

(e) Vesting

Participants vest immediately in the value of their accounts attributable to their contributions. Participants become vested in the value of their accounts attributable to Company matching and profit-sharing contributions ratably over four years of service to the Company or upon disability or death while employed by the Company.

(f) Forfeitures

Forfeited nonvested accounts of \$20,534 and \$172,184 were utilized to reduce Company contributions and pay administrative expenses for the year ended December 31, 2022, and 2021, respectively. Unallocated forfeited balances at December 31, 2022 and 2021 were \$1 and \$13,976, respectively.

(g) Payment of Benefits

Plan provisions allow participants to receive distributions of their vested account balance upon termination or upon meeting Plan requirements for in-service withdrawals. All withdrawals are prorated from each participant's investment funds. The amount available for withdrawal is determined by the previous day's market value. Certain other provisions, as described more fully in the Plan document, address withdrawals.

(h) Notes Receivable from Participants

The trustee has the authority to make loans from participants' respective accounts to participants with vested account balances of at least \$2,000 to the extent that no more than one loan is outstanding with respect to any participant at any given time. The minimum loan available is \$1,000, and the maximum loan available is 50% of the participant's vested account balance, up to a limit of \$50,000. The interest rate on any loan is prime plus 1%, as determined as of the date the loan is initiated. The term of the loan is normally not to exceed five years. Loans for the purchase of a primary residence may be extended to 15 years. All loans are secured by the participant's interest in benefits accumulated under the Plan. Principal and interest are paid through payroll deductions or through direct payments by the participant.

(2) Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

CW FINANCIAL SERVICES LLC INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(c) *Risks and Uncertainties*

The Plan invests in mutual funds, which hold various securities, including U.S. government securities, corporate debt instruments, and corporate stocks. The Plan also invests in the Anchor Account (see note 3), which invests primarily in government securities, private and public mortgage-backed securities, asset backed securities and investment grade corporate obligations. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(d) *Investments Valuation and Income Recognition*

The Plan's investments are stated at fair value with the exception of the Anchor Account, which is reflected at contract value (see note 3). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments.

(e) *Benefits Paid*

Benefits paid are recorded upon distribution.

(f) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

(g) *Expenses*

The Plan's fee agreement with John Hancock is a levelization program whereby fees paid to John Hancock are fixed in terms of a target basis point amount. In addition, individual participants are charged for the direct costs related to mutual funds they selected and John Hancock also passes through a portion of revenue sharing amounts it receives from certain mutual funds directly to participants selecting those funds as fee credits. Therefore, these amounts are reflected directly in participant accounts. All other amounts paid to service providers are included in administrative expenses.

(3) *Fully Benefit Responsive Investment Contract*

The Plan invests in a fully benefit responsive investment contract (the Anchor Account) that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value as reported represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract is in a group annuity contract issued by New York Life Insurance, which participates in the investment returns of New York Life's Pooled Separate Account No. 25.

Interest on the Plan's investment is accrued daily and credited to the Plan's account monthly. The credited amount is calculated based upon many factors, including current economic and market conditions, the

CW FINANCIAL SERVICES LLC INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

general interest rate environment, and purchases and redemptions by unit holders, but is guaranteed by New York Life Insurance Company to be no less than zero before any deduction for expenses. Participants will receive the principal and accrued interest upon withdrawal for events such as transfers to other Plan investment options or payments for retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan.

The investment contracts specify certain conditions under which distributions from each contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contracts limit the circumstances under which the Plan may terminate the contract. Examples of circumstances which would allow the Plan to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Plan could terminate the contract at an amount less than contract value. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable or has not occurred.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I – Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

Level II – Inputs (other than quoted prices included in Level I) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CW FINANCIAL SERVICES LLC INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. A summary of the Plan's investments measured at fair value on a recurring basis, as of December 31, 2022 and 2021, are as follows:

Fair Value Measurements

Quoted Prices in Active Markets for Identical Assets (Level 1)

	<u>2022</u>	<u>2021</u>
Mutual Funds	\$ 25,347,497	32,171,780

Shares of mutual funds are valued at closing daily prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(5) Information Certified by the Trustee

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan has obtained certification from the trustee as to the investments and notes receivable on the statements of net assets available for benefits as of December 31, 2022 and 2021, and related financial statement disclosures, the investment income (loss) reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the investment information included in the supplemental schedules as of December 31, 2022. As permitted under such election, the Plan instructed the Plan's independent auditors not to perform any auditing procedures with respect to all such information, which was certified as complete and accurate by the Plan's trustee.

(6) Income Tax Status

The Plan's management received a favorable determination letter from the IRS, dated September 9, 2019. The Plan's management believes that the Plan is currently designed and being operated substantially in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

CW FINANCIAL SERVICES LLC INVESTMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(7) Plan Termination

The Plan was established with the intention that it will continue indefinitely. However, the Company reserves the right to suspend its contribution or to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event the Plan is terminated, all individual participants will become fully vested in their accounts and any funds held by the trustee, which are not in individual participant accounts, will be distributed to participants proportionately according to their account balances.

(8) Party-In-Interest Transactions

Fees paid by the Plan to John Hancock for various administrative fees totaled \$64,342 and \$74,364 for the year ended December 31, 2022 and 2021, respectively. These fees and fees paid to other service providers qualify as exempt party-in-interest transactions. The Plan holds a John Hancock mutual fund and notes receivable from participants, both are also considered exempt party-in-interest transactions.

(9) Nonexempt Transactions

During 2022, the Company did not make a timely remittance of participant contributions to the trustee for one pay period during the year in the amount of \$42,377. The Company will reimburse the Plan for lost earnings in the amount of \$445 in 2023.

(10) Subsequent Event

The Plan evaluated subsequent events and transactions that occurred after December 31, 2022 through October 6, 2023, which is the date the financial statements were available to be issued.
