INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
M. G. Newell Corporation Employee Profit Sharing and Retirement Plan
High Point, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of M.G. Newell Corporation Employee Profit Sharing and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of M.G. Newell Corporation Employee Profit Sharing and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about M.G. Newell Corporation Employee Profit Sharing and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of M.G. Newell Corporation Employee Profit Sharing and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about M.G. Newell Corporation Employee Profit Sharing and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, as shown in the Table of Contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the M.G. Newell Corporation Employee Profit Sharing And Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan covers substantially all employees of M.G. Newell Corporation (the “Employer”), who have completed three months of service and are 21 years of age or older. Excluded employees are leased employees and reclassified employees, as defined in the plan.

Contributions

Employees may defer up to 100% of their compensation, as defined by the Plan, up to limited amounts prescribed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer makes a discretionary contribution, and it is allocated to participants based on their Plan year deferrals. Employer contributions for the years ended December 31, 2022 and 2021, were 25% of up to 6% of a participant’s salary. In 2022, the Company made an additional discretionary contribution of 35% up to 6% of a participant’s salary, totaling \$218,433. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled employees have their deferral rate set at 3% of eligible compensation and auto increases, annually, by 1% up to 10%.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Employer’s contributions, as well as the Plan’s earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their voluntary contributions and the Employer’s contribution plus actual earnings thereon. Vesting in the Company’s matching portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Benefit payments from the Plan may be made upon proper application by a participant for retirement, disability, death (in which case the payment is made to the beneficiary), employment termination, hardship, or attained the age of 59 and one half, as specified in the Plan document.

On termination of service due to death, disability, retirement or other reasons, a participant with an account balance of \$5,000 or less will receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. There are several payment options for participants with account balances in excess of \$5,000.

1. DESCRIPTION OF PLAN, CONCLUDED

Forfeitures

Benefit payments to terminated employees partially vested in the Plan include their vested portion of the Employer's discretionary contributions. The nonvested portion of terminated participants' account balances is used to reduce the Employer's future contributions or to pay the Plan's administrative expenses, as determined by the Employer at its sole discretion. As of December 31, 2022 and 2021, there were \$2,711 and \$13,387 of nonvested accounts available for future use. For the year ended December 31, 2022, \$15,688 of forfeited nonvested accounts were used to decrease employer contributions.

Investment Options

All investments are participant directed. Participants can choose from various investment options which consist of registered investment companies (mutual funds) held by Great West Trust Company. Participants may allocate their contributions across these funds in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

Participant Notes Receivable

No loans are permitted under the plan document.

Administrative Expenses

The Employer may elect to pay the administrative expenses of the Plan. If not paid by the Employer, administrative expenses are required to be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of distributions and investment advisory service expenses are charged directly to the participant's account and are included in administrative expenses. All such costs and expenses will, unless allocable to the accounts of particular participants, be charged against the accounts of all participants on a pro-rata basis. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Contributions

Contributions from participants are recorded as they are withheld from the participants' wages. Contributions from the Employer are recorded in the period in which the related participant contributions are due.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONCLUDED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In preparing the financial statements, the Plan administrator has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued.

3. INVESTMENTS (UNAUDITED)

Great-West Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information for the years ended December 31, 2022 and 2021. All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian.

The following table presents the items certified by the trustee of the Plan at December 31:

	2022	2021

4. TAX STATUS

The IRS has determined and informed the Employer by a letter dated June 30, 2020, that the volume submitter plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Generally accepted accounting principles in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices: in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles in the United States of America are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

6. FAIR VALUE MEASUREMENTS, CONCLUDED

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value on a recurring basis. There have been no changes in the methodology used as of December 31, 2022.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. All investments held by the Plan are mutual funds and are deemed to be actively traded and are classified as level 1.

Common collective trust

Common collective trusts (CCT) are valued at fair value by the banking company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The CCT is considered an indirect investment in FBRICs which is carried at fair value using net asset value practical expedient. Therefore, it is not carried at contract value in the statements of net assets and is not categorized within the fair value hierarchy.

The following table presents the fair value hierarchy for the balances of the assets and liabilities of the Plan measured at fair value on a recurring basis as of December 31:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

7. COMMON COLLECTIVE TRUST/STABLE VALUE FUND

The Wells Fargo Stable Value Fund C is invested in instruments having fixed income characteristics, including, but not limited to, guaranteed investment contracts, security backed contracts, certificates of deposit, obligations fully guaranteed by the United States as to principal and interest, and money market funds.

Certain events limit the ability of the Plan to transact at net asset value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which could limit the Plan's ability to transact at net asset value with participants are probable of occurring.

The funds had no unfunded commitments at December 31, 2022 and 2021. Participant level transactions take place daily; typically the liquidation would be processed one business day after requested. Plan level liquidations require notice to Great-West Trust Company and could result in the Plan's investment in the stable value fund being placed into an investment only account for up to 12 months.

8. RELATED PARTY TRANSACTIONS AND TRANSACTIONS WITH PARTIES-IN-INTEREST

Great-West Life & Annuity Insurance Company is the third-party administrator for the Plan and as such is a party-in interest. Recordkeeping fees of \$18,740 were paid to Great-West Life & Annuity Company in 2022.

The Plan sponsor provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan sponsor also pays for some administrative expenses for the Plan for which no reimbursement is received from the Plan.

The Plan paid CAPFinancial Partners, LLC, \$62,621 for investment advisory services.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for Plan benefits per financial statements to the Form 5500:

	2022	2021
