Independent Auditors' Report

Plan Administrator and Participants
Republic Title 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Republic Title 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (collectively referred to as the "Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the Financial Statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of Financial Statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the Financial Statements.

In preparing the Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the Financial Statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the Financial Statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Financial Statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Financial Statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the Financial Statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Financial Statements or to the Financial Statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Republic Title 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Republic Title 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Republic Title of Texas, Inc. (the “Company”) under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company who have completed three months of service, as defined, are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

The Plan is administered by the Company (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Reliance Trust Company (“Reliance”) was the Plan’s trustee from the period from January 1, 2022 to March 31, 2022, and was responsible for the safekeeping and custody of the Plan’s assets. On April 1, 2022, the plan transferred those duties to Empower Trust Company, LLC (the “Trustee”). Empower Retirement, LLC (the “Record-Keeper”) is the Plan’s third-party administrator and record keeper of the related participant accounts.

Plan Restatement

Effective April 1, 2022, the Plan adopted the Empower Retirement, LLC Defined Contribution Pre-Approved Plan Document – Basis Plan Document #02. The main purpose of the restatement was to adopt the pre-approved plan with the Plan’s new trustee.

Additionally, certain administrative defaults related to compliance with the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019 and the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) were formalized into the plan document. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70 ½ applies. If a participant reaches the age of 70 ½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72.

Contributions

Each year, participants may contribute up to 100 percent of compensation as defined in the Plan, subject to the dollar limitation under Section 402(g) of the IRC. At the participant’s election, these may be either “traditional” before-tax or “Roth” after-tax 401(k) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby the Company automatically deducts a predetermined percentage (5%) from eligible employees’ pay on a pre-tax basis. Employees and participants can elect to stop or change the contribution amount at any time through the Record Keeper’s online portal.

The Company may make qualified matching, qualified non-elective, and discretionary contributions to the Plan to be determined at the discretion of the Company’s board of directors. Contributions are subject to certain limitations. Generally, participants must make elective deferral contributions and be actively employed on the last day of the Plan year to share in employer matching contributions. Contributions are subject to certain limitations.

Republic Title 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the available investments. Allocations are based on the Plan's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their employee contributions and rollovers plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 50 percent vested after two years of credited service and 100 percent vested after three years of credited service. Participants who leave the Company before they are fully vested in the Company's contributions forfeit the non-vested portion of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined by the Plan Administrator, in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, less the balance of any outstanding loans. The loans are secured by the balance in the participant's account. Currently, the loan interest rate is determined by the Trustee using the U.S. Prime Rate in effect at the time of the loan plus two percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to leave their account in the Plan, to receive a lump-sum distribution, or to effect a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance. However, a participant with an account balance of \$5,000 or less may select from only the latter two options. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$17,226 and \$16,064, respectively. Forfeited balances of terminated participant's non-vested accounts may be used to pay administrative expenses of the Plan or to offset employer contributions under the Plan. During the years ended December 31, 2022 and 2021, forfeitures of \$1,619 and \$-, respectively, were used to reduce the employer discretionary matching contribution.

Republic Title 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying Financial Statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan has no obligation to reimburse the Company for the expenses paid by the Company on the Plan's behalf. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Investment Valuation and Income Recognition

Investments stated at fair value include mutual funds with various investment managers. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities with the investment managers specifying the source(s) to use for underlying investment asset prices. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. The net asset value is based on the market value of the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the Trustee. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

Investments in the guaranteed interest contract are stated at contract value and are fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the Plan's interest in the general account fund is based on information reported by the issuer at year end.

The guaranteed interest contract is credited with contributions and earnings on the underlying investments and charged for participant withdrawals. All contributions and transfers to the guaranteed interest contract earn interest at the guaranteed rate and that guaranteed rate is reset either quarterly or semi-annually. The rate reset process is structured to provide a current market rate and an ongoing alignment between the balance and the underlying performance of the bond portfolio. The guaranteed interest contract is invested in a conservatively managed, well diversified portfolio of fixed income securities, including public and private bonds, mortgage and asset backed issues, and Treasury securities.

Republic Title 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options; payments because of retirement, termination of employment, disability, or death; and in-service withdrawals as permitted by the Plan. Participants may make withdrawals for other purposes generally only upon 12 months' advance written notice. Certain events, such as Plan termination or a Plan merger initiated by the Plan Administrator, may limit the ability of the Plan to transact at contract value. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Reclassifications

Certain amounts have been reclassified in the prior year financial statements to be consistent with the current year financial statement presentation. These reclassifications did not have any effect on the previously reported net assets available for benefits or change in net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value ("NAV") of shares being held by the Plan at year end.

Republic Title 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 55,813,660	\$ -	\$ -	\$ 55,813,660
Total investments at fair value	<u>\$ 55,813,660</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 55,813,660</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 66,294,851	\$ -	\$ -	\$ 66,294,851
Total investments at fair value	<u>\$ 66,294,851</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 66,294,851</u>

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company ("Mass Mutual"). Mass Mutual is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Mass Mutual. The contract is included in the financial statements at contract value as reported by Mass Mutual. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The investment provides a guarantee of principal and a guaranteed interest rate that is reset quarterly. The average interest rate yield was 3.15 percent and 2.71 percent for 2022 and 2021, respectively. Interest rates are determined quarterly by Mass Mutual.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. The investment contracts impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contracts, lay-offs, plan termination, etc.) that impact the ability to transact at contract value. Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that also limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee and Reliance have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2022	2021
Investments:		
Mutual funds	\$ 55,813,660	\$ 66,294,851

	<u>2022</u>	<u>2021</u>
Investment income:		
Dividend income	\$ 2,953,074	\$ 5,003,267
Net appreciation (depreciation) in fair value of investments	(15,132,089)	2,770,087
Interest income	<u>452,579</u>	<u>399,904</u>
Total investment income (loss)	<u>\$ (11,726,436)</u>	<u>\$ 8,173,258</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

6. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivables from participants are due at various dates through October 2035. Payments include interest at a reasonable and fair rate based on the prevailing rates charges by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan.

Participant loans earned interest of \$50,156 and \$59,427 for the years ending December 31, 2022 and 2021, respectively.

7. REPORTABLE TRANSACTIONS

During the years ended December 31, 2022 and 2021, there were no reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan issues and collects interest income from loans to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and may terminate the Plan at any time by notifying the Plan Administrator and Trustee, subject to the provisions of ERISA and the IRC. Upon termination of the Plan, all amounts allocated to participants' accounts become fully vested and are distributed in accordance with the provisions of ERISA and the IRC.

10. TAX STATUS

The Company adopted the Empower Retirement, LLC Defined Contribution Pre-Approved Plan, with the related adoption agreement. The IRS has issued an opinion letter dated June 30, 2020, stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Republic Title 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

11. RISK AND UNCERTAINTIES

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.
