Independent Auditor's Report

**To the Plan Administrator
Beam, Longest & Neff, Inc.
Profit Sharing Plan
Indianapolis, Indiana**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Beam, Longest & Neff, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles; and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes, at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEAM, LONGEST & NEFF, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Beam, Longest & Neff, Inc. Profit Sharing Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the participating employer who are age 21 and older and have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Restatement

Effective January 1, 2022, the Plan was restated in its entirety to incorporate recent law changes in accordance with the IRS Cycle 3 Restatement period.

Entrance Date

An employee is eligible to enter the Plan on the first day of the month immediately following completion of the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax and after-tax contributions up to the allowable limits established by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute ("rollover") amounts representing distributions to them from other qualified plans.

Company contributions consist of a required safe harbor matching contribution and a discretionary profit sharing contribution. The matching contributions are based upon a percentage of each participant's salary deferral, as defined in the Plan. For the year ended December 31, 2022, the Company matched 100% of the first 4% of compensation contributed by each participant, and 25% of the next 2% of compensation contributed by each participant. No discretionary profit sharing contributions were made for the year ended December 31, 2022.

Forfeitures attributable to matching and profit sharing contributions can be used to reduce future Company contributions. For 2022, \$0 forfeitures were used to reduce employer matching contributions. There were no forfeitures available for future use as of December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-safe harbor matching and profit sharing contributions plus actual earnings is based on years of service. A participant is 100% vested after five years of credited service.

Participant Loans

Participants may borrow under the hardship provisions from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. The loans are collateralized by the participant's vested account and bear interest at a reasonable rate for loans of a similar nature made from financial institutions. Principal and interest are paid ratably through payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable and the participant's vested account will be used to pay the outstanding loan. A participant may have no more than one loan outstanding at any time. Loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Benefit Payments

Upon retirement, death, disability, termination of service, participants may elect to receive vested benefits in a lump-sum payment or in a series of installments. Withdrawals, other than for termination, are permitted under certain circumstances as provided by the Plan. Benefits are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

Recently Issued Accounting Pronouncements

Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") (including technical corrections to the FASB's Accounting Standards Codification), and the American Institute of Certified Public Accountants did not, or are not, expected to have a material effect on the Plan's net assets for benefits or changes in net assets available for benefits.

BEAM, LONGEST & NEFF, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented using the modified cash basis method of accounting. Under this method, certain asset additions are recognized and recorded when received rather than when earned and certain deductions are recorded when paid rather than when an obligation is incurred. The modified cash basis of accounting is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

BEAM, LONGEST & NEFF, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Subsequent Events

The Company has evaluated subsequent events through the date on which the financial statements were available to be issued.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had an investment in a fully benefit-responsive Group Annuity contract with One America which was reported at contract value in the statements of net assets available for benefits. Under the terms of the contract, the contributions are maintained in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Effective July 2022, no additional contributions were allowed into the fixed account and all the investment was liquidated and funds transferred to the AUL Stable Value fund.

Prior to investment fund termination, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

BEAM, LONGEST & NEFF, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

In the event that the Plan sponsor terminates the contract and requests an immediate payout, the contract payout would be subject to a termination fee. The Plan administrator does not believe that the occurrence of any other such contract value events, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - PARTICIPANT DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 - TAX STATUS

The Plan has adopted a prototype plan and received a determination letter dated August 19, 2020, stating that the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code. The prototype plan has been amended since receiving the determination letter. The Beam, Longest & Neff, Inc. Profit Sharing Plan has not requested a separate determination letter. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

BEAM, LONGEST & NEFF, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 6 - TAX STATUS (CONTINUED)

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits - modified cash basis, which totaled \$0 for the year ended December 31, 2022.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of pooled separate accounts and a guaranteed interest account managed by American United Life Insurance Company (AUL). AUL is the custodian, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 - ADMINISTRATIVE EXPENSES

Significant administrative expenses are paid by the Company.

NOTE 9 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2022.

Pooled separate accounts: The value of the units in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the net asset value (NAV) as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 9 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022

Investment measured at NAV	
Pooled separate accounts *	\$ 27,624,653
Stable value	<u>813,358</u>
Total assets at fair value	<u><u>\$ 28,438,011</u></u>

Investment measured at NAV	
Pooled separate accounts *	<u>\$ 29,536,820</u>
Total assets at fair value	<u><u>\$ 29,536,820</u></u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
