Independent Auditor's Report

Plan Administrator
MAN Capital Corporation & Affiliated Companies
401(k) Deferred Income Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MAN Capital Corporation & Affiliated Companies 401(k) Deferred Income Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, and the separate schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAN Capital Corporation & Affiliated Companies 401(k) Deferred Income Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of MAN Capital Corporation & Affiliated Companies 401(k) Deferred Income Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution multiple employer plan covering all full-time employees of MAN Capital Corporation (the Company or Employer), RENK Corporation, RENK Labeco Test Systems Corporation, MAN Engines & Components, Inc., MAN Roland Inc., ppi Media US Inc. and TAKRAF USA Inc. (collectively, the adopting employers), who are not part of a collective bargaining agreement. Pre-tax elective deferrals, employer matching contributions, and discretionary employer contributions are available for all employees as of the semi-annual entry date coinciding with the later of the date the employee attains age 18 years or their hire date. The Retirement and Investment Committee is responsible for oversight of the Plan. The Retirement and Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may make contributions to the Plan up to limits defined by the Internal Revenue Service (IRS). Participants who are age 50 before the end of the plan year are eligible to make catch-up contributions. Upon reaching the eligibility requirements, each participant is automatically enrolled in the Plan at a deferral rate of 1%. Participants may opt out of this automatic enrollment at any time prior to the first payroll they become eligible. Participants are immediately vested in their contributions plus actual earnings thereon. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable. The Company and all adopting employers make a 100% matching contribution to each participant, in an amount not to exceed \$500 for the plan year. Participants are eligible to receive the employer match after completing six months of service and are enrolled to start receiving the match semi-annually on January 1 and July 1. The Company and certain adopting employers each may also make a discretionary employer contribution. Each installment of the discretionary employer contribution will be allocated to the account of each participant who is employed by the Company as of the last day of the six-month period for which the contribution is made (June 30 or December 31) and has completed at least 500 hours of service, as defined, during such six-month period. The employer contribution may be any amount designated by the Employer not greater than 4.5% of a participant's compensation, as defined, for the six-month period and an additional amount not greater than 2.5% of the participant's excess compensation, as defined, for the six-month period. Excess compensation for a six-month period is based on 50% of the annual taxable wage base, as defined, in effect for the plan year. For the year ended December 31, 2022, the Company and the adopting employers made matching and discretionary employer contributions to the Plan of \$628,711, net of forfeitures. Contributions are subject to certain IRS statutory limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution and Sponsor's matching contribution, as well as allocations of any profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their balances into any of the various investment options offered by the Plan.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's contributions, plus actual earnings, based on years of service as follows:

Years of Vesting Service	Percent Vested
Less than one year of service	0%
One year of service	20%
Two years of service	40%
Three years of service	60%
Four years of service	80%
Five or more years of service	100%

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are up to five years or over a reasonable period of time for the purchase of a participant's primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 7.25% on notes outstanding at December 31, 2022, and mature through 2029. Principal and interest are paid ratably through regular payroll deductions.

Payments of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows for mandatory distributions for account balances less than \$1,000, without the participant's consent.

Forfeitures: Forfeitures are used to reduce future employer contributions. Forfeited nonvested accounts totaled \$25,394 and \$14,567 at December 31, 2022 and 2021, respectively. During 2022, employer contributions were reduced by \$20,187 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement and Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced, and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account, certain recordkeeping fees paid by the Plan, and amounts paid to the Plan's auditor. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2022) through September 21, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Charles Schwab Trust Bank (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule of assets (held at end of year), obtained by management and agreed to or derived from information certified by Charles Schwab Trust Bank, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information that appears throughout the financial statements and ERISA-required supplemental schedule of assets (held at end of year) related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Registered investment companies (mutual funds)	\$ 27,586,355	\$ 37,852,554
Common collective trust funds	17,935,538	22,858,293
	<u>\$ 45,521,893</u>	<u>\$ 60,710,847</u>
Notes from participants	<u>\$ 232,452</u>	<u>\$ 300,766</u>

The trustee has also certified to the completeness and accuracy of \$10,246,768 of net depreciation in fair value of investments, \$703,815 of interest and dividends and \$11,929 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Input other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

**MAN Capital Corporation & Affiliated Companies 401(k)
Deferred Income Savings Plan**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Common collective trust stable value fund: A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 27,586,355	\$ -	\$ -	\$ 27,586,355
Investments measured at NAV (a)				17,935,538
Investments at fair value				<u>\$ 45,521,893</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 37,852,554	\$ -	\$ -	\$ 37,852,554
Investments measured at NAV (a)				22,858,293
Investments at fair value				<u>\$ 60,710,847</u>

- (a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively.

	Fair Value December 31		Unfunded	Redemptions Frequency (if Currently Eligible)	Redemption Notice Period
	2022	2021	Commitments		
Common collective trusts:					
Morley Stable Value Fund	\$ 7,798,752	\$ 7,710,557	None	Daily	None
Schwab Institutional Value Trust Fund	3,395,271	3,961,837	None	Daily	None
Schwab Managed Retirement 2010 Fund	92,331	628,728	None	Daily	None
Schwab Managed Retirement 2020 Fund	1,719,340	2,637,776	None	Daily	None
Schwab Managed Retirement 2030 Fund	1,859,148	4,096,334	None	Daily	None
Schwab Managed Retirement 2040 Fund	2,177,460	2,449,397	None	Daily	None
Schwab Managed Retirement 2050 Fund	726,153	760,465	None	Daily	None
Schwab Managed Retirement 2060 Fund	39,646	27,765	None	Daily	None
Schwab Managed Retirement Income Fund	127,437	585,434	None	Daily	None
Total	<u>\$ 17,935,538</u>	<u>\$ 22,858,293</u>			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The IRS has determined and informed the Company by a letter dated December 2, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 7. Related-Party and Party-in-Interest Transactions

Charles Schwab Trust Bank is the current trustee of the Plan's investments and therefore certain transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$4,626 for the year ended December 31, 2022. The Plan also paid \$29,400 to the Plan's auditor. The Company paid certain administrative expenses of the Plan.

Note 8. Prohibited Transactions

During the 2019 plan year, certain employers within the multiple employer plan failed to deposit \$29,613 of participant deferrals within the required timeframe as stated by the DOL regulations. These are considered to be prohibited transactions. The delinquent participant deferrals, including lost earnings, were corrected during the 2022 plan year, using one of the DOL's prescribed methods. The reimbursement was made from the Company's assets and not from assets of the Plan.

During the 2022 plan year, one employer within the multiple employer plan failed to deposit \$1,056 of participant deferrals within the required timeframe as stated by the DOL regulations. These are considered to be prohibited transactions. The delinquent participant deferrals, including lost earnings, are expected be corrected during the 2023 plan year, using one of the DOL's prescribed methods. The reimbursement will be made from the Company's assets and not from assets of the Plan.

Note 9. Merger/Transfer Out

Effective January 1, 2023, participant balances related to RENK Labeco Test Systems Corporation, an adopting employer, merged into the RENK America Retirement Savings Plan. As of this date, contributions and loan repayments for impacted participants were directed to the RENK America Retirement Savings Plan. The transfer out of assets occurred on February 1, 2023, in the amount of \$2,109,990.
