Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Syntha Group, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Syntha Group, Inc. Profit Sharing and 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Syntha Group, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Syntha Group, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Syntha Group, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Syntha Group, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H line 4i-Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYNTHA GROUP, INC. PROFIT SHARING and 401(k) PLAN

Notes to Financial Statements

NOTE 1 - Description of the Plan

Effective January 26, 2021, the Plan was amended to change its name from Piedmont Chemical Industries, Inc. Profit Sharing and 401(k) Plan to Syntha Group, Inc. Profit Sharing and 401(k) Plan in order to align with the plan sponsor's name change.

The following description of the Syntha Group Inc. (the "Company") Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees with the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions - Each year participants may contribute up to 100% of pretax annual compensation as defined in the Plan, subject to maximum amounts specified by the Secretary of the Treasury. The Company may make a discretionary matching contribution, if any, as a percentage of any compensation deferral. The Company matched 50% of the first 8% of participant contributions for the years ended December 31, 2022 and 2021, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

New hires are automatically enrolled in the Plan upon meeting eligibility requirements unless an election is made to opt-out. The initial automatic enrollment deferral rate is 4% of the participant's salary. The rate increases by 2% annually up to a maximum of 10%. Participants may elect to contribute at higher percentage rates subject to the maximum amounts specified by the Secretary of the Treasury. Effective January 1, 2022, the initial automatic enrollment deferral rate for new participants increased to 5% and the maximum increased to 15% from 10%.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are reallocated among participants in the ratio that the compensation of each participant bears to the total compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan does not permit participant loans.

Participants may change their investment options daily by Empower Retirement or by accessing their account on-line.

PROFIT SHARING and 401(k) PLAN

Notes to Financial Statements

NOTE 1 - Description of the Plan (Continued)

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Forfeited Accounts - Forfeitures of non-vested Company contributions are allocated to active participants. Forfeiture accounts totaled \$11,864 and \$26,050 for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited, non-vested accounts totaled \$43,658 and \$40,672, respectively and will be used to reduce future employer matching contributions and expenses.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic life-annuity payments. If no such election is made, a married participant shall receive the value of his or her benefits in the form of a joint and survivor annuity and an unmarried participant shall receive the value of his or her benefits in the form of an immediate life annuity. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PROFIT SHARING and 401(k) PLAN

Notes to Financial Statements

NOTE 2 - Summary of Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability when material and reported as a corresponding distribution for the year in which the distribution occurs. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and 2021, respectively.

Payment of Benefits – Benefits are recorded when paid. At December 31, 2022 and 2021, there were no benefit payments requested for distribution but not yet paid.

Administrative Expenses - Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan Sponsor and are not included in the accompanying financial statements.

Subsequent Events – The Plan has evaluated subsequent events through September 25, 2023, the date the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access.

(Continued)

SYNTHA GROUP, INC.
PROFIT SHARING and 401(k) PLAN

Notes to Financial Statements

NOTE 3 - Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Collective Trust Funds: Reported at fair value using net asset value per share (or its equivalent) as a practical expedient and not classified in the fair value hierarchy in accordance with ASC Subtopic 820-10. The fair values presented in the hierarchy tables are intended to permit reconciliation of the fair value hierarchy to the investments at fair value as presented in the Statements of Net Assets Available for Benefits.

Mutual Funds: Valued at the net asset value (NAV) of the shares held by the Plan at year end.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

NOTE 4 – Guaranteed Investment Contract with Insurance Company

The plan has a fully benefit-responsive guaranteed interest account with MassMutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(Continued)

SYNTHA GROUP, INC.
PROFIT SHARING and 401(k) PLAN

Notes to Financial Statements

NOTE 4 – Guaranteed Investment Contract with Insurance Company (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5- Information Certified by the Plan's Trustee – (unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the trustee has certified that the investments and related income reflected in the accompanying financial statements and supplemental schedule are complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

SYNTHA GROUP, INC.
PROFIT SHARING and 401(k) PLAN

Notes to Financial Statements

NOTE 7 - Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 8 – Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Mass Mutual Financial Group. Mass Mutual Financial Group was the third party administrator of the Plan for the period of January 1, 2021 to December 31, 2021. Therefore, these transactions qualify as party-in-interest transactions.

All of the party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.
