Robinson Mechanical Contractors 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Robinson Mechanical Contractors 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Robinson Mechanical Contractors 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robinson Mechanical Contractors 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robinson Mechanical Contractors 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robinson Mechanical Contractors 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robinson Mechanical Contractors 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2022 and for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information,

including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Robinson Mechanical Contractors 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A | DESCRIPTION OF PLAN

The following description of the Robinson Mechanical Contractors, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

1. General

The Robinson Mechanical Contractors 401(k) Plan, which became effective on January 1, 1994, and most recently amended and restated on January 1, 2022, is a qualified retirement plan commonly referred to as a 401(k) plan. Employees are eligible to participate in the plan after reaching age 18 and following six months of service. Employees enter the Plan on the first of the month coinciding with or next following meeting eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions and Investment Options

Each year, participants may contribute up to the maximum amount determined by law, as defined in the Plan. Participants who do not otherwise elect a deferral are enrolled upon reaching eligibility based on 3% of compensation. This automatic deferral option increases annually by 1% per year up to 6%. Participants may also contribute amounts representing distributions from other qualified plans. Discretionary amounts may be contributed to the Plan at the option of the Company’s board of directors which include an employer match and profit-sharing contribution. To share in any employer contribution, employees that are terminated prior to year end must be credited with more than 500 hours of service or 3 months of service during the year. During 2021 and 2022, the Company made a matching contribution of 20 percent of the first six (6) percent of compensation (excluding bonuses) that a participant contributed to the Plan. The matching contribution was \$336,042 and \$119,427 for 2022 and 2021, respectively.

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan offers various mutual funds and other risk based investment funds as investment options for participants. Contributions are subject to certain Internal Revenue Code limitations.

NOTE A | DESCRIPTION OF PLAN

3. Participant Accounts and Allocations

Each participant's account is credited with the participant's contribution, the employer's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are 100% vested in their deferral contributions. Employees become fully vested in all discretionary employer contributions and earnings thereon after completing 3 years of service under the Plan.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding note balance the participant had under the Plan during the previous 12-month period. Participants can have a maximum of three (3) loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at prime plus 3%. Principal and interest are paid ratably through payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability, retirement or termination, the participant can receive a distribution of their vested account balance. If a participant's account balance is greater than \$1,000, the participant may elect to defer payment until a later date. The Plan also allows for in service distributions at age 59½ and hardship distributions from certain accounts. The distribution may be paid in a lump sum payment or rolled over to an IRA or another retirement plan.

7. Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$8,603 and \$783, respectively. These accounts may be used to reduce plan expenses or future employer contributions. In 2022 and 2021, forfeitures in the amount of \$12,000 and \$16,500 were used to reduce employer contributions to the Plan, respectively.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan deems all participant notes receivable to be fully collectable; therefore, no allowance for uncollectable accounts is required. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

5. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6. *Administrative Expenses*

Expenses of maintaining the Plan are paid by the Plan and the participants.

7. *Subsequent Events*

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Newport Trust Company (custodian) except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

The following is a summary of the unaudited information regarding the Plan at December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedules that was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

NOTE D | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments in the Statements of Changes in Net Assets Available for Benefits.

NOTE D | FAIR VALUE MEASUREMENTS

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,344,014	\$ -	\$ -	\$ 7,344,014
Investments valued at NAV as a practical expedient				6,416,807
Investments at fair value				\$ 13,760,821

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,399,131	\$ -	\$ -	\$ 9,399,131
Investments valued at NAV as a practical expedient				6,967,420
Investments at fair value				\$ 16,366,551

Other investment funds- Participants have the option to invest in various Bank of Missouri funds (BOM funds) which are valued at NAV as a practical expedient and not measured within the fair value hierarchy levels.

BOM Aggressive Fund seeks to maximize long-term capital appreciation; invests mainly in US and international equities with small allocations to fixed income and alternate strategies. Due to high equity exposure expect similar volatility to broad global equity markets subject to substantial principal variation.

BOM Conservative Fund seeks to provide income with some price appreciation. The model uses mostly fixed income investments, with a lesser equity allocation. Due to equity exposure, investors should expect a moderate level of principal volatility.

NOTE D | FAIR VALUE MEASUREMENTS

BOM Growth Fund utilizes equity and fixed income mutual funds to achieve the objective of growth. Equity mutual funds include both US and international exposure. Equity diversification is achieved by equity style, size, and both active and passive management strategies. Fixed income is included in portfolio mainly to achieve diversification. Alternative assets can also be included in the portfolio.

BOM Moderate Fund seeks capital appreciation and current income utilizing equity and fixed income mutual funds.

NOTE E | RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST

The Plan incurs expenses related to the general administration of the Plan and record keeping. Some expenses are charged to participants while certain accounting and auditing fees may be paid by the Company. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Bank of Missouri is the Plan's trustee and also manages certain investments held by the Plan. These transactions and related fees paid to the trustee qualify as exempt party in interest transactions and are reported in the Schedule of Assets (Held at End of Year).

NOTE F | PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G | PLAN TAX STATUS

The Plan sponsor adopted a prototype non-standardized 401(k) profit sharing plan document which obtained a favorable opinion letter dated November 30, 2020 in which the Internal Revenue Service stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable.

The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE H | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

Investments included the following mutual fund representing approximately 57% of the total investments at December 31, 2022 and 58% at December 31, 2021. A significant decline in the market value of this investment could significantly affect the Plan's net assets available for benefits:

	<u>2022</u>		<u>2021</u>	
Vanguard Balanced Index Admiral Class	\$ 4,783,544	35%	\$ 6,536,628	40%
Bank of Missouri Aggressive Fund	3,094,290	22%	2,972,378	18%
	<u>\$ 7,877,834</u>	<u>57%</u>	<u>\$ 9,509,006</u>	<u>58%</u>

NOTE I | PROHIBITED OR NON-EXEMPT TRANSACTIONS

The Plan Sponsor failed to remit participant contributions on a timely basis in the amount of \$312 for 2022. As of December 31, 2022, the Plan Sponsor was in the process of self-correcting late remittances by remitting lost earnings into the plan in 2023.
