Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Redding Rancheria Enterprise 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of fiduciary net position as of December 31, 2022 and 2021, and the related statements of changes in fiduciary net position for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Redding Rancheria Enterprise 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Redding Rancheria Enterprise 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Redding Rancheria Enterprise 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Redding Rancheria Enterprise 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Redding Rancheria Enterprise 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit

Supplemental Schedule Required by ERISA

The supplemental schedule of assets is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General

The Plan is a defined contribution plan covering all employees of the Casino, the Mini-Mart, and Hilton Garden Inn (collectively "Employer") who have completed one month of continuous service and meet the minimum age requirement of eighteen. The Plan is sponsored by Redding Rancheria.

Effective in 2023, the Plan was amended and the employees of RREDCO who previously participated in the Redding Rancheria Governmental 401(k) Plan will be participating in the Redding Rancheria Enterprise 401(k) Plan.

Effective January 1, 2007, the Plan was spun-off from the Redding Rancheria Governmental 401(k) Plan, in connection with the Sponsor's reasonable and good faith efforts to comply with Section 906 of the Pension Protection Act of 2006 (PPA). Although the Sponsor maintains that the Plan is entitled to governmental status following the passage of the PPA, the Plan is documented, operated and maintained as a non-governmental plan compliant with the Employee Retirement Income Security Act of 1974 (ERISA). The Sponsor reserves its right to assert governmental status for the Plan, pending further guidance under the PPA from the U.S. Departments of Treasury and Labor. The Sponsor has not waived its sovereign immunity in connection with the Plan, and neither any provision of the Plan nor the Sponsor's operation of the Plan shall be construed as waiver of sovereign immunity.

Contributions

Participants may contribute up to 100% of qualified compensation, as defined in the Plan, up to a maximum amount allowed by the Internal Revenue Code (IRC). The elective deferral contributions can be on a pre-tax (traditional 401(k)) or an after-tax basis (Roth 401(k)). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Employer makes matching contributions in an amount equal to 100% of the first 7% of the participant's eligible compensation. The Employer may elect to make a discretionary contribution in an amount to be determined at the end of the Plan year. There were no discretionary contributions made to the Plan during 2022.

Contributions are subject to regulatory limitations.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Employer contribution, the participant's portion of earnings (losses), and charged with an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective investment trust as investment options for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through each payroll period deduction. As of December 31, 2022, the rates of interest range from 4.25 percent to 8.0 percent with various maturities through 2027.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in employer matching contributions and related earnings is based on years of service as follows:

Service	Vested Percentage
Less than 3 years	0.00%
More than 3 years	100.00%

Forfeitures

Forfeitures of employer matching contributions may be used for Plan expenses or used to reduce future employer contributions. At December 31, 2022 and 2021, there was \$0 and \$6,123, respectively, in forfeitures available to offset employer contributions or pay Plan expenses. During the year ended December 31, 2022, \$6,123 of forfeitures were used to offset employer contributions.

Payment of Benefits

Upon termination of employment, participants may elect to keep accounts invested in the Plan for retirement (with certain exceptions), roll accounts into an IRA or other employer tax qualified plan, or receive a lump sum cash distribution (subject to tax and withholding requirements) equal to the value of the participants vested interest in his or her account.

Retirement

Normal retirement age under the Plan is 59½ years of age.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Measurement Focus

The financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles (US. GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The Plan utilizes the basis of accounting applicable financial reporting framework used by tribal entities which meet the definition of a government.

The Plan financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

See accompanying independent auditors' report

Notes to Financial Statements

Investment Valuation

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments consists of both realized gains or losses and unrealized appreciation or depreciation of the investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans that are not expected to be collected are reclassified as distributions based upon the terms of the Plan document. The allowance for loan loss is \$-0- at December 31, 2022 and 2021.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan procedures require excess contributions to be distributed prior to March 15 subsequent to year-end. There were no material excess contributions payable as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when approved or deemed a distribution.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Terminated participants pay \$16 per quarter.

Subsequent Events

Subsequent events have been evaluated through the date of the auditor's report. This is the date the financial statements were available to be issued.

Fair Value Measurements

GASB provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The mutual funds are classified within Level 1 of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 14,957,326	\$ -	\$ -	\$ 14,957,326

Total Assets at Fair Value	\$ 17,550,985	\$ -	\$ -	\$ 17,550,985

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In 2013, the Plan entered into a benefit-responsive guaranteed investment contract with Union Bond and Trust Company, an Oregon banking corporation ("UBT"). The guaranteed investment contract governs the Plan's investment in the Morley Stable Value Fund ("Fund"). UBT maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The following represents the contract value of the investment contract held by the Plan:

	2022	2021
Stable Value Investment Contract	\$ 309,133	\$ 1,045,016
Total Assets at Contract Value	<u>\$ 309,133</u>	<u>\$ 1,045,016</u>

Certain withdrawals from the Fund limit the Plan's ability to transact at contract value with UBT. Withdrawals to which this restriction applies include, but are not limited to, any whole or partial withdrawal of the assets of a participating trust investor (such as the Plan) that is initiated by the employer or sponsor of the participating trust, including without limitation, the termination of the participating trust or the withdrawal of its assets from the Fund. The Plan administrator does not believe that any withdrawals that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and cash and cash equivalents managed by Charles Schwab. Charles Schwab Bank is the plan custodian, as defined by the Plan, and is an affiliate of Charles Schwab. Therefore, transactions with Charles Schwab are considered to be party-in-interest transactions. Effective January 1, 2023, the plan Trustee was changed to BOK Financial.

The Plan also has notes receivable from participants, which also qualify as party-in-interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to its reasonable and good faith compliance with ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of fiduciary net position.

NOTE 10 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated August 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. In general, the Plan's returns are subject to examination by federal tax authorities for a period of three years beginning with the later of the due date of the return or the date they are filed. There are currently no examinations in progress.

Re: Redding Rancheria Enterprise 401(k) Plan
EIN: 68-0076688
PN: 003

Enclosed is a Form 5500 Annual Report for the above referenced Plan. Please note that the plan sponsor is the Redding Rancheria, a federally recognized Indian tribal government (the "Tribe"). The Tribe is filing the enclosed Form 5500 and related Plan audit in connection with the Tribe's operational good faith compliance with Section 906 of the Pension Protection Act of 2006 (the "PPA"), as required pursuant to Internal Revenue Service ("IRS") Notice 2006-89.

The only federal guidance on essential government functions or commercial activities under the PPA as of the date of this filing is set forth in IRS Notice 2006-89. That Notice lists five activities presumed to be "commercial" in nature for purposes of the IRS good faith transition relief pending further guidance, and requests comments prior to the issuance of formal guidance under the PPA. The Tribe, along with other tribes and tribal organizations across the country, submitted timely comments in opposition to the approach taken in Notice 2006-89. No formal guidance or regulations have been issued in response to the comments as of this date. Rather, the IRS extended its good faith relief until a date that is six months after formal guidance is issued, pursuant to IRS Notice 2007-67.

The Enterprise Plan includes employees engaged in activities identified as "commercial" in Notice 2006-89 and therefore the Tribe is making the enclosed Form 5500 filing. However, the Tribe reserves its right to assert government status under the PPA for the Enterprise Plan and has requested consultation and participation in the pending regulatory efforts to define commercial activities under the PPA. The enclosed filing is not to be construed as a waiver of sovereignty or government status by the Tribe or any of its enterprises or employee benefit plans. It is the Tribe's intent to preserve its right to treat the above-referenced plan as a governmental plan under Internal Revenue Code Section 414(d) and Section 3(32) of the Employee Retirement Income Security Act of 1974 ("ERISA") in accordance with final PPA guidance. The Tribe reserves its right to consultation under Executive Order 13175 with regard to all matters arising under or out of the PPA.
