Independent Auditors' Report

Plan Committee
Fastener Industries, Inc.
Employee Stock Ownership Plan and Trust
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Fastener Industries, Inc. Employee Stock Ownership Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Accounting Policies

Basis of Accounting

The accounting records of the Fastener Industries, Inc. Employee Stock Ownership Plan and Trust (the "ESOP" or the "Plan") are maintained on the accrual basis.

Fastener Industries, Inc. (the "Company" and "Plan Sponsor") has evaluated subsequent events through September 29, 2023, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of mutual funds are valued daily at quoted market prices in active markets for identical investments. The shares of the money market fund consist of a short-term investment fund that maintains daily liquidity and has a constant value of $1.00. The investment in the Company's common stock is valued at fair value as determined annually by an independent appraisal from Apple Growth Partners as of the last business day of the year. This appraisal was based upon a combination of the market and income techniques consistent with prior years. GreatBanc Trust Company (the "Trustee") has concluded that an ESOP participant would recognize a discount for lack of marketability.

The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which the Trustee reviews in detail, discusses, and approves. Plan management reviews the report for accuracy. The Board of Directors of the Company (the "Board") and, separately, the ESOP Committee are presented with the report for discussion with the appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when earned. Net appreciation or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. S-Corporation distributions are recorded when declared.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds investments in various investment securities including the Company's common stock. Investment securities are exposed to various risks such as interest rate, market, and credit risks as well as valuation assumptions based on earnings, cash flows, and other techniques. Due to the level of risk associated with certain investment securities and uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts recorded in the statement of net assets available for benefits.

Note 1. Summary of Accounting Policies (Continued)

Benefit Payments

Benefit payments are recorded when paid.

Note 2. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The ESOP is a defined contribution plan covering all employees of the Plan Sponsor who have completed one month of uninterrupted full-time service (excluding employees of Ohio Nut & Bolt of Canada). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

During 1980, the Fastener Industries, Inc. Employees' Retirement Plan: Profit-Sharing ("Profit-Sharing Plan") was amended, restated, and renamed the Fastener Industries, Inc. Employee Stock Ownership Plan and Trust. Participants having an interest in amounts held by the Trustee under the Profit-Sharing Plan prior to these changes were offered a one-time irrevocable election to have a portion or all of their interest under the Profit-Sharing Plan reinvested in the Employer Stock Fund maintained under the ESOP. Participants who did not elect to have any portion of their interest reinvested in the Employer Stock Fund could direct that such portion of their interest be invested in participant directed accounts. In 1987, the Fastener Industries, Inc. Tax Credit Employee Stock Ownership Plan was merged into the Plan. The merged Plan now includes the Tax Credit Employer Stock Fund which is included in the Employer Stock Fund in the financial statements but is a separate fund of the Plan for record keeping purposes.

Employer Contribution

Each year, the Company makes a contribution to the ESOP in such amount, if any, as determined by the Board at its discretion. The contribution may be made in cash, in shares of the Company's common stock, or both. The Company's contribution is immediately allocated among participants in accordance with Plan provisions.

The ESOP is designed to invest primarily in shares of Company common stock. The ESOP contains no limitation on the number of shares of the Company that may be contributed to or purchased by or from the ESOP. The Trustee may purchase shares from the Company or from individual shareholders, including former participants in the ESOP.

The Company regulations, as recommended by its Board and approved by a majority vote of its shareholders, limit ownership of the Company to employees of the Company or a trust qualified under Section 401(a) of the Internal Revenue Code.

Note 2. Description of Plan (Continued)

Employee Contributions

The Plan allows participants the ability to make tax deferred contributions to the Plan, subject to certain limitations. Participants may also elect to make voluntary after-tax contributions of compensation upon becoming eligible, also subject to certain limitations. All eligible employees who have attained age 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with the applicable provisions of the Internal Revenue Code. In addition, participants can make Roth contributions to the Plan.

Participants making such voluntary contributions may direct that such amounts be invested in any combination of the Participant Directed Investment Funds with Newport Trust Company (the "Custodian"); but such amounts may not be invested in the Employer Stock Fund or the Tax Credit Employer Stock Fund (collectively, the "Employer Stock Funds"). Participants may change their investment direction without limitations.

Diversification

Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. Participants may diversify up to 25% of their account during the first five years and up to 50% in the sixth year, less any previous shares diversified. Participants who elect to diversify may invest the value of their shares in the other investment options within the Plan, directly rollover to another qualified plan, or take a cash distribution. For the year ended December 31, 2022, the plan had diversifications of $793,940.

Participant Accounts

Separate accounts are maintained for each participant representing his or her interest in each of the Participant Directed Investment Funds and the Employer Stock Funds (collectively, the "Funds"). A participant's interest in the Funds is represented by the balance credited to his or her account maintained with respect to such Funds as of the most recent applicable valuation date.

Any dividends, interest, or other income received by the Trustee from any of the Funds are reinvested by the Trustee and Custodians in the Fund from which such income was received, except that dividends or S-Corporation distributions paid on shares held in the Employer Stock Funds may be paid directly to participants at the participants' election, subject to certain limitations.

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and plan earnings. Participants may also be charged with an allocation of any administrative expenses not paid directly by the Company.

Vesting

All funds in a participant's account are fully vested and nonforfeitable at all times.

Note 2. Description of Plan (Continued)

Payment of Benefits

Upon termination of employment, a participant may elect to receive payment in a lump sum or in a series of payments. If a participant does not provide direction during the year of termination, then the stock is converted to cash as soon as practicable following the last day of the plan year. The value of the shares of the Company in the participant's account, which is based on the most recent stock valuation at the time of the distribution, will be paid in cash or in stock at his or her election. In addition, participants have the ability to receive payments prior to retirement, subject to certain limitations.

Under the provisions of the Plan, distributions of stock will only be made if the participant agrees prior to the distribution to sell the shares back to the Company immediately after the distribution. During 2022, the Company repurchased from participants 231,829.763 shares for $8,790,289 at a price determined from the independent appraisal.

Distributions from a participant's Employer Stock account will be made either in the form of Employer shares or in a series of cash installments, at the discretion of the participant, provided that the total of all cash installment payments in any plan year shall not exceed an amount as established, annually, for the plan year by the Board. If the distribution requested is more than the established amount, the Company will repurchase the shares with a note payable directly to the participant for the balance greater than the established amount, the term of which will not exceed five years. For 2020, the Board implemented a limitation of $300,000 on distributions. From January 1, 2021 through May 30, 2021 the Board implemented a limitation of $300,000 on distributions. As of June 1, 2021 and all of 2022, the Board removed the cash limit on stock fund distributions.

Voting Rights

Participants are entitled to exercise voting rights attributable to the shares allocated to their account. Participants are notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

Notes Receivable From Participants

Notes receivable from participants are not permitted in the Plan.

Plan Termination

The Company reserves the right, by action of its Board, to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination of the Plan, the assets of the Plan would be distributed to the participants based upon their respective interests.

Administrative Expenses

The costs of Plan administration are paid by the Company or the Plan at the option of the Company.

Note 3. Administration of Plan Assets

The Plan's assets, which consist principally of Fastener Industries, Inc. common stock and mutual funds, are held by the Trustee and Custodians of the Plan.

Note 3. Administration of Plan Assets (Continued)

Company and employee contributions are held and managed by the Trustee and Custodians, who invest cash received, interest, and dividend income and make distributions to participants. Certain fees of the Trustee, Custodians, legal counsel, and auditors of the Plan are not reflected in the financial statements as they are paid by the Company. Certain Plan administrative responsibilities are performed by Company employees for no compensation.

Note 4. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the participant directed investments has certified to the completeness and accuracy of all participant directed investments reflected in the statements of net assets available for benefits at December 31, 2022 and 2021, the supplemental schedule of assets (held at end of year) at December 31, 2022, the related participant directed investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and such investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Non-Participant Directed Investments

Information about the net assets related to non-participant directed investments is as follows:

	December 31,	
	2022	2021
Fastener Industries, Inc. common stock	$60,168,038	$65,924,063
Employer contribution receivable	1,581,409	1,507,792
Money market fund	60	1,711
	$60,168,098	$65,925,774

The Fastener Industries, Inc. common stock was valued by Apple Growth Partners at $38.904 and $37.917 per share at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, the net appreciation and S-Corp distributions received by the Plan are $1,526,472 and $1,666,238, respectively.

Note 6. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

Note 6. Fair Value Measurements (Continued)

Reference Note 1 for a description of the valuation methodologies used for plan assets measured at fair value.

The methods described in Note 1 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2021 to 2022. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Fastener Industries, Inc. common stock	$ -	$ -	$60,168,038	$60,168,038

	Fastener Industries, Inc. Common Stock
Balance, beginning of year	$65,924,063
Unrealized gains relating to instruments still held at the reporting date	1,526,472
Employer contributions	1,507,792
Distributions and diversifications	(8,790,289)
Balance, end of year	$60,168,038

Note 7. Federal Income Tax Status

The Plan received a determination letter from the Internal Revenue Service dated May 9, 2016, stating that the Plan was qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust was exempt from taxation. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable sections of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Independent Auditors' Report

Plan Committee
Fastener Industries, Inc.
Employee Stock Ownership Plan and Trust
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Fastener Industries, Inc. Employee Stock Ownership Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Accounting Policies

Basis of Accounting

The accounting records of the Fastener Industries, Inc. Employee Stock Ownership Plan and Trust (the "ESOP" or the "Plan") are maintained on the accrual basis.

Fastener Industries, Inc. (the "Company" and "Plan Sponsor") has evaluated subsequent events through September 29, 2023, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of mutual funds are valued daily at quoted market prices in active markets for identical investments. The shares of the money market fund consist of a short-term investment fund that maintains daily liquidity and has a constant value of $1.00. The investment in the Company's common stock is valued at fair value as determined annually by an independent appraisal from Apple Growth Partners as of the last business day of the year. This appraisal was based upon a combination of the market and income techniques consistent with prior years. GreatBanc Trust Company (the "Trustee") has concluded that an ESOP participant would recognize a discount for lack of marketability.

The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which the Trustee reviews in detail, discusses, and approves. Plan management reviews the report for accuracy. The Board of Directors of the Company (the "Board") and, separately, the ESOP Committee are presented with the report for discussion with the appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when earned. Net appreciation or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. S-Corporation distributions are recorded when declared.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds investments in various investment securities including the Company's common stock. Investment securities are exposed to various risks such as interest rate, market, and credit risks as well as valuation assumptions based on earnings, cash flows, and other techniques. Due to the level of risk associated with certain investment securities and uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts recorded in the statement of net assets available for benefits.

Note 1. Summary of Accounting Policies (Continued)

Benefit Payments

Benefit payments are recorded when paid.

Note 2. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The ESOP is a defined contribution plan covering all employees of the Plan Sponsor who have completed one month of uninterrupted full-time service (excluding employees of Ohio Nut & Bolt of Canada). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

During 1980, the Fastener Industries, Inc. Employees' Retirement Plan: Profit-Sharing ("Profit-Sharing Plan") was amended, restated, and renamed the Fastener Industries, Inc. Employee Stock Ownership Plan and Trust. Participants having an interest in amounts held by the Trustee under the Profit-Sharing Plan prior to these changes were offered a one-time irrevocable election to have a portion or all of their interest under the Profit-Sharing Plan reinvested in the Employer Stock Fund maintained under the ESOP. Participants who did not elect to have any portion of their interest reinvested in the Employer Stock Fund could direct that such portion of their interest be invested in participant directed accounts. In 1987, the Fastener Industries, Inc. Tax Credit Employee Stock Ownership Plan was merged into the Plan. The merged Plan now includes the Tax Credit Employer Stock Fund which is included in the Employer Stock Fund in the financial statements but is a separate fund of the Plan for record keeping purposes.

Employer Contribution

Each year, the Company makes a contribution to the ESOP in such amount, if any, as determined by the Board at its discretion. The contribution may be made in cash, in shares of the Company's common stock, or both. The Company's contribution is immediately allocated among participants in accordance with Plan provisions.

The ESOP is designed to invest primarily in shares of Company common stock. The ESOP contains no limitation on the number of shares of the Company that may be contributed to or purchased by or from the ESOP. The Trustee may purchase shares from the Company or from individual shareholders, including former participants in the ESOP.

The Company regulations, as recommended by its Board and approved by a majority vote of its shareholders, limit ownership of the Company to employees of the Company or a trust qualified under Section 401(a) of the Internal Revenue Code.

Note 2. Description of Plan (Continued)

Employee Contributions

The Plan allows participants the ability to make tax deferred contributions to the Plan, subject to certain limitations. Participants may also elect to make voluntary after-tax contributions of compensation upon becoming eligible, also subject to certain limitations. All eligible employees who have attained age 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with the applicable provisions of the Internal Revenue Code. In addition, participants can make Roth contributions to the Plan.

Participants making such voluntary contributions may direct that such amounts be invested in any combination of the Participant Directed Investment Funds with Newport Trust Company (the "Custodian"); but such amounts may not be invested in the Employer Stock Fund or the Tax Credit Employer Stock Fund (collectively, the "Employer Stock Funds"). Participants may change their investment direction without limitations.

Diversification

Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. Participants may diversify up to 25% of their account during the first five years and up to 50% in the sixth year, less any previous shares diversified. Participants who elect to diversify may invest the value of their shares in the other investment options within the Plan, directly rollover to another qualified plan, or take a cash distribution. For the year ended December 31, 2022, the plan had diversifications of $793,940.

Participant Accounts

Separate accounts are maintained for each participant representing his or her interest in each of the Participant Directed Investment Funds and the Employer Stock Funds (collectively, the "Funds"). A participant's interest in the Funds is represented by the balance credited to his or her account maintained with respect to such Funds as of the most recent applicable valuation date.

Any dividends, interest, or other income received by the Trustee from any of the Funds are reinvested by the Trustee and Custodians in the Fund from which such income was received, except that dividends or S-Corporation distributions paid on shares held in the Employer Stock Funds may be paid directly to participants at the participants' election, subject to certain limitations.

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and plan earnings. Participants may also be charged with an allocation of any administrative expenses not paid directly by the Company.

Vesting

All funds in a participant's account are fully vested and nonforfeitable at all times.

Note 2. Description of Plan (Continued)

Payment of Benefits

Upon termination of employment, a participant may elect to receive payment in a lump sum or in a series of payments. If a participant does not provide direction during the year of termination, then the stock is converted to cash as soon as practicable following the last day of the plan year. The value of the shares of the Company in the participant's account, which is based on the most recent stock valuation at the time of the distribution, will be paid in cash or in stock at his or her election. In addition, participants have the ability to receive payments prior to retirement, subject to certain limitations.

Under the provisions of the Plan, distributions of stock will only be made if the participant agrees prior to the distribution to sell the shares back to the Company immediately after the distribution. During 2022, the Company repurchased from participants 231,829.763 shares for $8,790,289 at a price determined from the independent appraisal.

Distributions from a participant's Employer Stock account will be made either in the form of Employer shares or in a series of cash installments, at the discretion of the participant, provided that the total of all cash installment payments in any plan year shall not exceed an amount as established, annually, for the plan year by the Board. If the distribution requested is more than the established amount, the Company will repurchase the shares with a note payable directly to the participant for the balance greater than the established amount, the term of which will not exceed five years. For 2020, the Board implemented a limitation of $300,000 on distributions. From January 1, 2021 through May 30, 2021 the Board implemented a limitation of $300,000 on distributions. As of June 1, 2021 and all of 2022, the Board removed the cash limit on stock fund distributions.

Voting Rights

Participants are entitled to exercise voting rights attributable to the shares allocated to their account. Participants are notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

Notes Receivable From Participants

Notes receivable from participants are not permitted in the Plan.

Plan Termination

The Company reserves the right, by action of its Board, to terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination of the Plan, the assets of the Plan would be distributed to the participants based upon their respective interests.

Administrative Expenses

The costs of Plan administration are paid by the Company or the Plan at the option of the Company.

Note 3. Administration of Plan Assets

The Plan's assets, which consist principally of Fastener Industries, Inc. common stock and mutual funds, are held by the Trustee and Custodians of the Plan.

Note 3. Administration of Plan Assets (Continued)

Company and employee contributions are held and managed by the Trustee and Custodians, who invest cash received, interest, and dividend income and make distributions to participants. Certain fees of the Trustee, Custodians, legal counsel, and auditors of the Plan are not reflected in the financial statements as they are paid by the Company. Certain Plan administrative responsibilities are performed by Company employees for no compensation.

Note 4. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the participant directed investments has certified to the completeness and accuracy of all participant directed investments reflected in the statements of net assets available for benefits at December 31, 2022 and 2021, the supplemental schedule of assets (held at end of year) at December 31, 2022, the related participant directed investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and such investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 6. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

Note 6. Fair Value Measurements (Continued)

Reference Note 1 for a description of the valuation methodologies used for plan assets measured at fair value.

The methods described in Note 1 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2021 to 2022. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022
