The Pittsburgh Trust for Cultural Resources Tax Sheltered Annuity Retirement Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pittsburgh Trust for Cultural Resources Tax Sheltered Annuity Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained a certification from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION

The following description of The Pittsburgh Trust for Cultural Resources Tax Sheltered Annuity Retirement Plan (Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all salaried full-time and certain hourly employees who are expected to work approximately 1,000 hours for The Pittsburgh Trust for Cultural Resources (Trust) and who have reached the age of 18. Employees excluded from the Plan are part-time hourly employees who work less than 1,000 hours for the Trust and all collective bargaining (union) employees except for Local 863 IATSE Ticketsellers, who will be excluded from the allocation of employer matching and safe harbor contributions.

Each year, participants may contribute a portion of pretax annual compensation, subject to certain limitations under the Internal Revenue Code (IRC). Plan participants who are age 50 or older are permitted to make catch-up contributions to the Plan in accordance with the IRC subject to a \$6,500 limitation. Contributions are applied to either various investment options offered by the Plan or group retirement annuity certificates issued to each participant under group retirement trusts established by the Teachers Insurance and Annuity Association of America (TIAA) and/or the College Retirement Equities Fund (CREF). The funds are held, invested and disbursed by TIAA and CREF. Participants have the option of transferring fund balances among CREF accounts or to a TIAA annuity prior to retirement. The Trust's contributions to the Plan include both basic and matching. Basic contributions equal 4% of eligible participants' compensation. Matching contributions equal 50% of participants' contributions up to 6%. The Trust will contribute 3% of eligible participants' compensation when participants contribute greater than 6% of compensation.

The Plan maintains an individual account for each participant, which is adjusted to reflect contributions, gains, losses and other activity.

Elective deferrals, basic contributions, Trust matching contributions and the earnings thereon are subject to immediate vesting and are nonforfeitable.

Benefits provided by the Plan are paid at retirement, disability, death or termination of employment from net assets available for benefits. Payment may be in the form of a lump-sum payout of the participant's account balance, purchase of an annuity or periodic cash payments, or may be rolled over to another qualified plan. The Plan allows for hardship withdrawals and in-service distributions in accordance with guidelines of the Employee Retirement Income Security Act of 1974 (ERISA) and the Plan document.

All benefits under the Plan are fully funded and are provided solely through group retirement annuity certificates as selected by the participants; therefore, benefits are not subject to, or covered by, federally funded termination insurance. (See Note 5.)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION (Continued)

Effective July 1, 2016, the Plan was amended to permit notes receivable from participants; as such, plan loans are no longer issued. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of a participant's vested account balance for a term not to exceed five years, with the exception of a loan for the purchase of a principal residence. Loans bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. The Plan allows participants to have three outstanding loans at any time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statement of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. No allocated insurance contracts exist within the Plan. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when incurred. No allowance for credit loss has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan payments, and the Plan administrator deems the participant's loan balance to be in default, the participant loan is reduced and a benefit payment is recorded.

Payment of Benefits - Benefit payments are recorded upon distribution.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Trust and are excluded from these financial statements. Fees related to the processing of distributions and other fees paid to service providers are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net depreciation in fair value of investments and totaled approximately \$94,000 for the year ended December 31, 2022.

TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties - The Plan utilizes various investment instruments that are, in general, exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS

Plan participants have entered into a fully benefit-responsive annuity contract with TIAA, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

TIAA Traditional Benefit Responsive Annuity (TIAA Traditional) is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

TIAA Stable Value is a fixed-rate group annuity contract issued by TIAA. The contract provides a guaranteed minimum rate of interest of between 1% and 3% before deductions for contract fees, with the potential for crediting of additional interest above the guaranteed minimum. Additional interest can be declared by the TIAA Board of Trustees, remains in effect for six-month periods and is not guaranteed for future periods.

These fully benefit-responsive annuity contracts are presented on the face of the statements of net assets available for benefits at contract value in accordance with the Financial Accounting Standards Board Accounting Standards Update (ASU) 2015-12. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the contract, except that immediate transfers from TIAA Stable Value cannot be made to competing investment options pursuant to the contract's "equity wash" provisions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of these contracts at December 31, 2022 and 2021 was \$794,971 and \$752,144, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed at least on an annual basis by the TIAA board of trustees for changes.

THE PITTSBURGH TRUST FOR CULTURAL RESOURCES
TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer, including: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan); (2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or (3) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The fully benefit-responsive contract does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Fair value measurements are assigned a level within the hierarchy based on the lowest significant input level. The three levels of the fair value hierarchy under the Fair Value Measurement topic are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; or (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

CREF Accounts and TIAA Real Estate - Valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing.

THE PITTSBURGH TRUST FOR CULTURAL RESOURCES
TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

TIAA Traditional Non-Benefit-Responsive Annuity - Valued at the respective contract value, which approximates fair value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals.

Mutual Funds - Includes TIAA-CREF funds and other mutual funds. Valued at the daily closing price as reported by the funds. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets at fair value, set forth by level, within the fair value hierarchy as of December 31 are as follows:

		2022			
		Level 1	Level 2	Level 3	Total
CREF Accounts	\$	4,166,820	-	-	\$ 4,166,820
TIAA Traditional Non-Benefit-Responsive Annuity		-	-	\$ 1,374,355	1,374,355
TIAA Real Estate		226,905	-	-	226,905
Mutual Funds		11,823,883	-	-	11,823,883
Total assets at fair value	\$	<u>16,217,608</u>	<u>-</u>	<u>\$ 1,374,355</u>	<u>\$ 17,591,963</u>
		2021			
		Level 1	Level 2	Level 3	Total
CREF Accounts	\$	5,790,511	-	-	\$ 5,790,511
TIAA Traditional Non-Benefit-Responsive Annuity		-	-	\$ 1,438,235	1,438,235
TIAA Real Estate		272,099	-	-	272,099
Mutual Funds		13,670,050	-	-	13,670,050
Total assets at fair value	\$	<u>19,732,660</u>	<u>-</u>	<u>\$ 1,438,235</u>	<u>\$ 21,170,895</u>

The valuation of the Plan's investments in TIAA Traditional Non-Benefit-Responsive Annuity Accounts requires significant judgment due to the absence of quoted market prices and heavy reliance on Level 3 inputs. There is, however, a liquidity guarantee by the TIAA General Account. The TIAA Traditional Non-Benefit-Responsive Annuity Accounts are equal to the cumulative contributions invested plus a guaranteed rate of interest credited over the term based upon the rate declared when the contribution is made. When the accumulated value is converted to an annuity, it is converted to a present value annuity based on the participant's life expectancy.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments at December 31, 2022 and 2021, significant unobservable inputs and the ranges of values for those inputs.

Instrument	2022 Fair Value	2021 Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	2022 Range (Weighted Average)	2021 Range (Weighted Average)
TIAA Traditional Non-Benefit- Responsive Annuity	\$ 1,374,355	\$1,438,235	Discounted cash flow	Risk-adjusted discount rate applied *	3.70% - 6.25%	3.00% - 3.80%
* Unobservable inputs include discount rate applied.						

Sales removed from the Plan's Level 3 assets were approximately \$120,000 for the year ended December 2022.

For TIAA Traditional Non-Benefit-Responsive Annuity Account balances, crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. The discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Traditional Non-Benefit-Responsive Annuity Accounts' historical crediting rates.

NOTE 5 - BENEFIT ANNUITIES

Upon retirement, a participant's accumulation units can be converted to annuity units based on the participant's age, his or her elected income option and the current value of the annuity units. The dollar value of the annuity, and therefore the amount of each payment, is adjusted annually based on investment performance, mortality and expense provisions.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by TIAA and CREF (the trustees of the Plan).

THE PITTSBURGH TRUST FOR CULTURAL RESOURCES
TAX SHELTERED ANNUITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Trust has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part, subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Internal Revenue Service (IRS) does not currently require 403(b) plans to submit plans for determination of tax status; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 9 - RELATED-PARTY TRANSACTIONS

The Plan invests in shares of funds managed by TIAA and CREF, which are the Plan trustees and recordkeepers; therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 6, 2023, the date that the financial statements were issued, and determined that there have been no events that have occurred that would require adjustments to the disclosures in the financial statements.
