REPORT OF INDEPENDENT AUDITORS

Administrative Committee
Compliance 401(k) Multiple Employer Plan FBO Vanguard Resources, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Compliance 401(k) Multiple Employer Plan FBO Vanguard Resources, Inc. (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) Audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (“GAAP”); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with U.S. generally accepted auditing standards (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Information Required by ERISA

The Supplementary Information is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplementary Information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Supplementary Information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplementary Information, we evaluated whether the Supplementary Information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the Supplementary Information, other than the information in the Supplementary Information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the Supplementary Information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Compliance 401(k) Multiple Employer Plan FBO Vanguard Resources, Inc. (the “Plan”) provides general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – Effective February 1, 2021, the Plan Sponsor established the Plan as a multiemployer plan hosted by Compliance 401K. The Plan is a defined contribution plan covering certain classifications of employees of Vanguard Resources, Inc. (the “Company” or “Employer”) who have completed at least six months of service within the first year of employment and are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Plan assets are held in trust and administered by Ameritas Life Insurance Corp. (the “Trustee”).

Contributions – An eligible Participant may authorize the Company to withhold from one percent up to 100% of their eligible compensation not to exceed the annual limit established by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant.

Employer Contributions – The Plan Sponsor has adopted the safe harbor provisions as promulgated by the Internal Revenue Service and the Department of Labor. Participants are matched 100% on all participant contributions up to 4% and 50% of all participant contributions up to 6% of eligible compensation. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contribution and (b) Plan earnings, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon and employer contributions made under the basic safe harbor matching.

Notes Receivable from Participants – Participant’s may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant’s account and a participant may only have one receivable outstanding at any point in time. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits – Upon retirement age, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Upon termination, a Participant’s vested balance may be rolled into a qualified plan or distributed in a lump sum payment. If a terminated participant has less than a \$5,000 vested interest and does not elect a distribution method for the termination benefit, the participant’s balance will be distributed in accordance with Plan provisions.

COMPLIANCE 401(K) MULTIPLE EMPLOYER PLAN FBO VANGUARD RESOURCES, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A hardship withdrawal is available under limited circumstances, which the participant must document. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved.

Forfeited Accounts – Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions or to pay Plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled **\$603** and \$532, respectively. During 2022, **\$64** was forfeited by participants who withdrew from the Plan and earnings were **\$7**.

Administrative Expenses – Each participant is charged a pro-rata amount of the monthly variable asset charge which is based on investment balance. Fees associated with specific transactions (loans, distributions, etc.) are also charged to the participant as incurred. All fees are deducted from the participants account as the fees are assessed.

Plan Administrator – Vanguard Resources, Inc. is the Plan Sponsor and Plan Administrator and incurs Plan operating costs other than Trustee related fees of the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions and actual earnings therein.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of Benefits – Benefits are recorded when paid.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit responsive contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 8 for discussion of fair value measurements.

COMPLIANCE 401(K) MULTIPLE EMPLOYER PLAN FBO VANGUARD RESOURCES, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Funding Policy – It is the policy of the Plan's employer to deposit the participants' withheld contributions within the ERISA required time limit which is the earliest date they can be segregated from general assets.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2022.

3. PARTY-IN- INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Accordingly, transactions conducted by Ameritas Life Insurance Corp., the record-keeper and trustee, and the Plan Sponsor, qualify as party-in-interest transactions. These transactions are considered party-in-interest transactions due to the nature of the relationship between the Plan and the trustee. Notes receivable from participants also qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transactions rules under ERISA.

Ameritas Life Insurance Corp. performs recordkeeping services for the Plan and fees paid by the Plan for the services amounted to **\$18,152** for the year ended December 31, 2022. Various indirect investment expenses were paid from the participant investment earnings as described in Form 5500 Schedule C. In 2022, all other plan administrative fees were paid directly by the Plan Sponsor.

4. INFORMATION CERTIFIED BY THE TRUSTEE – UNAUDITED

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified to the Plan Administrator that the listing of investments (stated at fair value), together with all other transactions related to those investments (including notes receivable from participants), are complete and accurate as of December 31, 2022 and 2021, and for the year ended December 31, 2022. No auditing procedures were performed with respect to this information, except for comparing such information certified by the trustee with the related information included in the financial statements and supplemental schedule.

The following presents the fair values of investments at December 31:

	<u>2022</u>	<u>2021</u>
Stable value fund - investment contracts	\$ 233,651	\$ 228,339
Money market funds	603	532
Pooled separate accounts	<u>2,099,041</u>	<u>2,097,643</u>
Total investments	<u>\$ 2,333,295</u>	<u>\$ 2,326,514</u>

The following presents the investment activity for the year ended December 31, 2022:

Interest and dividends	\$ 4,056
Net change in fair value of investments	<u>(364,764)</u>
Total investment loss	<u>\$ (360,708)</u>

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The net assets available for benefits per the financial statements agree to the Form 5500 as of December 31, 2022 and 2021.

The changes in net assets available for benefits per the financial statements agree to the Form 5500 for the year ended December 31, 2022.

6. INCOME TAX STATUS

The IRS has determined and informed the Plan Administrator by a letter dated June 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

COMPLIANCE 401(K) MULTIPLE EMPLOYER PLAN FBO VANGUARD RESOURCES, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

6. INCOME TAX STATUS (continued)

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. FIDELITY BOND

The Plan was covered by a fidelity bond for the years ended December 31, 2022 and 2021, which was within the prescribed limits as set forth by the ERISA.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

COMPLIANCE 401(K) MULTIPLE EMPLOYER PLAN FBO VANGUARD RESOURCES, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Administrator determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Administrator uses unobservable inputs when observable inputs are not available.

Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Money Market Funds – The carrying amounts reported in the financial statements approximate their fair values because of the short-term maturities of those investments.

Pooled Separate Accounts – The fair values of pooled separate accounts reported by the insurance company are measured based upon data provided by outside valuation service providers who in turn generally use the mean of bid and asked prices but may also use alternative observable pricing inputs for certain securities less a separate account charge.

The following table presents information about the Plan's assets measured at fair value on a recurring basis and indicates the fair value hierarchy of the inputs utilized to determine those fair values:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
December 31, 2022				
Money market funds	\$ 603	\$ -	\$ -	\$ 603
Pooled separate accounts	-	2,099,041	-	2,099,041
Total investments at fair value	<u>\$ 603</u>	<u>\$ 2,099,041</u>	<u>\$ -</u>	<u>\$ 2,099,644</u>
December 31, 2021				
Money market funds	\$ 532	\$ -	\$ -	\$ 532
Pooled separate accounts	-	2,097,643	-	2,097,643
Total investments at fair value	<u>\$ 532</u>	<u>\$ 2,097,643</u>	<u>\$ -</u>	<u>\$ 2,098,175</u>

9. STABLE VALUE FUND – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan offers as an investment option a benefit-responsive stable value fund with Ameritas Life Insurance Corp. ("Ameritas"). Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund ("SVF") issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The SVF contract seeks to provide safeguarding of principal value.

COMPLIANCE 401(K) MULTIPLE EMPLOYER PLAN FBO VANGUARD RESOURCES, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

9. STABLE VALUE FUND – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (continued)

The SVF guarantees a minimum rate of interest and may credit interest that exceeds the guaranteed minimum rate. Daily credited interest becomes part of principal and the investment increases through compound interest. Contract charges may reduce the return. The SVF is not guaranteed by the FDIC or any other government agency. Contract value, as reported by Ameritas, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value for the stable value fund – investment contracts at December 31, 2022 and 2021 totaled **\$233,651** and \$228,339, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Although plan participants generally may withdraw assets from the SVF without restrictions, a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance may be imposed. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable. The SVF does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

10. SECURE 2.0 ACT OF 2022

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0 Act") was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates. Significant provisions include the following:

- increase the required minimum distribution ("RMD") age from 72 to 73, effective January 1, 2023, and to age 75, effective January 1, 2033;
- reduce the excise tax for failure to take RMDs from 50% to 25% of the RMD amount that was not taken, beginning January 1, 2023; and
- require all catch-up contributions for participants with compensation of more than \$145,000 (indexed for inflation) to be designated as Roth 401(k) contributions beginning after December 31, 2025.

The Plan will incorporate changes in its Plan document and administration to the extent required by the SECURE 2.0 Act.

COMPLIANCE 401(K) MULTIPLE EMPLOYER PLAN FBO VANGUARD RESOURCES, INC.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

11. SUBSEQUENT EVENTS

The Plan Sponsor has performed a review of subsequent events through October 3, 2023 which is the date the financial statements were available for issuance, and concludes there were no events or transactions occurring during this period that required recognition or disclosure in the financial statements. Any events occurring after this date have not been factored into the financial statements being presented.
