INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust:

Opinion

We have audited the financial statements of Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Diamond Landscaping, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 2003 and is a defined contribution plan covering substantially all employees of Diamond Landscaping, Inc. (the “Company”) who are age 21 or older. Employees are eligible to participate in the Plan after completion of 3 months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Administrator is responsible for oversight of the Plan. Mid Atlantic Trust Company (“MATC” or the “Custodian”) provides asset custodian services. Paychex Retirement Services, LLC (“Paychex” or the “Recordkeeper”), provides recordkeeping services. All investments are participant-directed.

Contributions

Each year, participants may contribute from 0% to 96% of their Plan compensation, as defined, subject to certain Internal Revenue Code (“IRC”) Limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Company has adopted a safe harbor provision to eliminate the need for certain non-discrimination tests required by the Internal Revenue Service (“IRS”). The Company’s contributions under the safe harbor provision is equal to 100% of each participant's deferral amount up to 3% of compensation and 50% of each participant's deferral amount that exceeds 3% up to a maximum of 5% of compensation. To be eligible for the Company's safe harbor contributions, an employee must be age 21 or older, have completed 3 months of employment and be making elective deferrals to the Plan. The Company may also elect each plan year, by resolution of its Board of Directors, to make discretionary profit sharing contributions to the Plan. To be eligible for the profit sharing contribution, an employee must have completed 500 hours during the plan year and be employed on the last day of the plan year. The Company did not make discretionary profit sharing contributions during the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Company’s contributions and allocations of the Plan’s earnings, and charged with the participant’s withdrawals and allocations of the Plan’s losses. Allocations are based on participants compensation, accounts balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately 100% vested in their voluntary contributions, Company safe harbor contributions and discretionary profit sharing contributions plus actual earnings thereon.

Investment Options

Participants direct both employee deferrals and employer contributions to be invested in various investment options offered by the Plan. Plan management determines funds to be included in the Plan’s investment portfolio and monitors its investment performance.

Notes Receivable from Participants
Participants may borrow a minimum of $1,000, up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. Notes must be repaid over a period not to extend beyond five years unless the loan proceeds are used for the purchase of a primary residence. The notes are secured by the balance in the respective participant's account and bear interest at rates that are commensurate with local prevailing rates for similar notes at the time funds are borrowed. The notes bear interest at rates ranging from 4.25% to 8.00% with maturity dates through July 2027. Principal and interest are repaid ratably through payroll deductions. Participant notes are recorded at their unpaid principal balance plus accrued interest.

Payment of Benefits
Participants may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a portion of the total vested balance at the participant's discretion. If a participant makes no distribution election upon termination of employment, and the value of their account is less than $5,000, the vested balance of their account may be automatically paid in a single lump-sum amount.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires that Plan management make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits
Benefit payments are recorded when paid.

Administrative Expenses
Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and fees related to processing of distributions are charged directly to the participant accounts and are included in administrative expenses. Administrative expenses also include certain investment management fees. Other investment related expenses are included in net depreciation of fair value of investments and are not readily determinable.

Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued, and determined that there have been no subsequent events that would require recognition in, or disclosure in the notes to, the financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual Funds - Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021:

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments, at fair value				
Mutual funds	$ 1,506,520	-	-	$ 1,506,520
	$ 1,506,520	$ -	$ -	$ 1,506,520

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments, at fair value				
Mutual funds	$ 1,703,986	-	-	$ 1,703,986
	$ 1,703,986	$ -	$ -	$ 1,703,986

4. TRANSACTIONS WITH PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2022, the Plan's transactions with parties-in-interest were as follows:

Investments
The Plan's investments are managed by the Plan's custodian, MATC. Fees paid by the Plan to MATC for certain investment management fees were deducted from the net asset values of the funds held by the Plan. Fees paid by the Plan for investment management services amounted to $3,923 for the year ended December 31, 2022.

Expenses
All administrative expenses are to be paid by the Plan unless paid by the Plan sponsor. Also, certain employees of the Company, who are also Plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. Paychex provides recordkeeping and other administrative services. Fees paid to Paychex by the Plan amounted to $4,006 for the year ended December 31, 2022. Fees related to the administration of notes receivable from participants or to processing of distributions are charged directly to the participant accounts and are included in administrative expenses.

Notes Receivable from Participants
Notes receivable from participants are also party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. TAX STATUS

The IRS has determined and informed the sponsor of the non-standardized pre-approved plan adopted by the Company, by a letter dated August 31, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the IRC. Per Revenue Procedure 2005 -16, a Company adopting such a plan may rely on the prototype plan's letter if the terms of the Plan are followed in operation. Accordingly, this reliance on the favorable opinion letter is equivalent to a favorable determination letter issued to the Company. The Plan has been amended since receiving the prototype plan's letter. However, the plan administrator believes that the Plan is being operated in compliance with the applicable requirements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
