INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
STAAR Surgical Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of STAAR Surgical Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of STAAR Surgical Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of STAAR Surgical Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about STAAR Surgical Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of STAAR Surgical Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about STAAR Surgical Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of STAAR Surgical Company 401(k) Plan were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C) and pursuant to 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency. Their report dated October 31, 2022, indicated that (a) The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STAAR SURGICAL COMPANY 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of the STAAR Surgical Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing all eligible employees of STAAR Surgical Company (the "Company") who have completed 1 hour of service during the first month of employment and are at least 21 years of age, with the opportunity to defer a portion of their eligible compensation on a pretax basis and receive Company matching contributions. An employee may enter the Plan on the date the employee satisfies all eligibility requirements. Excluded employees consist of union employees, nonresident aliens, residents of Puerto Rico, and all employees of any employer acquired as part of Code 410(b)(6)(c). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to the maximum limits established annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company makes discretionary matching contribution to the Plan to an amount equal to 80 percent of the salary reduction contribution up to the first 6 percent of the employee's compensation. The Company may also contribute nonelective contributions.

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers plus actual earnings thereon. Vesting in the Company contributions is based upon years of credited service using the hours of service method. Participants vest in the discretionary Company matching contributions as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

For vesting purposes, one year of service is a year in which a participant has worked at least 1,000 hours during a plan year. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming disabled.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest. Principal and interest is paid ratably through bi-weekly payroll deductions. The notes receivable are secured by the balance in the participant's account and bear interest commensurate with the prime rate of interest charged by banks as published in The Wall Street Journal as of the last day of the preceding month plus 2 percent. As of December 31, 2022, interest rates range from 5.25% - 9.00%. The notes are repaid ratably through payroll deductions over a period of five years or less, or up to 25 years if used to purchase a principal residence. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account as a lump-sum distribution. If a terminated participant has an account balance of less than \$5,000 and does not request that the account balance be rolled into another qualifying plan, the participant will receive a cash lump-sum payment. Terminated participants with account balances greater than \$5,000 may elect to leave their account in the Plan or roll their account balance into another qualified plan. Participants may also receive in-service distributions on account of hardship or after reaching normal retirement age (age 65). As of December 31, 2022 and 2021 there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the employer contributions for the plan year. During the year ended December 31, 2022, forfeitures in the amount of \$119,543 were used to reduce employer contributions. The balance in the forfeiture account as of December 31, 2022 and 2021 totaled \$3,853 and \$5,733, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid for by the Company are excluded from these financial statements. Participant-related transactions fees are paid by the participants and are included in the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

For the year ended December 31, 2022, the Plan was charged third-party administration fees of \$9,440 and investment advisory and management fees of \$144,780. These fees are deducted from individual participant accounts, which are calculated at the end of each month and deducted on a quarterly basis. Included within these fees are asset maintenance fees, loan fees, redemption fees and distribution fees. The Company has absorbed the remaining administrative costs of the Plan for the year ended December 31, 2022. Investment related expenses, including plan advisor fees, are included in net appreciation of fair value of investments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments, other than fully benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. See Note 4 for discussion of fair value measurements and a description of the method(s) and significant assumptions used to determine the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on ex-dividend dates. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results may differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 2, 2023, the date on which the financial statements were available to be issued.

Future Accounting Pronouncements

In 2022, The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2022-03, *Fair Value Measurement* (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions.

The amendments in this ASU clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. The amendments also clarify that an entity cannot, as a separate unit of account, recognize and measure a contractual sale restriction. The amendments in this ASU also require the following disclosures for equity securities subject to contractual sale restrictions: 1. The fair value of equity securities subject to contractual sale restrictions reflected in the balance sheet 2. The nature and remaining duration of the restriction(s) 3. The circumstances that could cause a lapse in the restriction(s).

The new requirements are effective for the Plan's December 31, 2025 year end. Management has not yet determined the impact of this accounting standard on the Plan's financial statements.

**STAAR SURGICAL COMPANY 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 3: UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest income from notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company. This information has not been audited by independent accountants.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the assets or liability;• Inputs that are derived principally from or corroborated by observable market data correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 or 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Pooled Separate Accounts: Valued at Unit Value per share that is based on the net asset value (NAV) of shares held by plan at year end after the deduction of applicable investment management, fund administration, and financial accounting charges. The Unit Value is not publicly-quoted in price in an active market.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>Assets at Fair Value as of December 31, 2022</i>			
	Level 1	Level 2	Level 3
Pooled Separate Accounts*	\$ -	\$ -	\$ -
Total assets at fair value	\$ -	\$ -	\$ -

<i>Assets at Fair Value as of December 31, 2021</i>			
	Level 1	Level 2	Level 3
Pooled Separate Accounts*	\$ -	\$ -	\$ -
Total assets at fair value	\$ -	\$ -	\$ -

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5: GUARANTEED INTEREST ACCOUNT

The Plan offers as an investment option the guaranteed interest account (the "GIA") investment contract with John Hancock. The repayments of principal and interest credited to the Plan participants is a financial obligation of John Hancock. Accordingly, the GIA is considered to be a fully benefit-responsive contract and is presented on the face of the Statements of Net Assets Available for Benefits at contract value.

This GIA is a group annuity product, with interest rates that are adjusted monthly to reflect prevailing market rates. The GIA is valued by deposits made to the contract, plus earnings guaranteed at crediting rate, less withdrawals and fees. The Plan owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Guarantees are based on the claims-paying ability of the issuing company. There are not any events that could limit the ability of the Plan to transact at contract value, paid within 90 days, or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and that require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contributions to the GIA are invested in the general funds of, and are guaranteed by, John Hancock. The GIA guarantees the return of principal plus compound interest earned over the defined term of 3, 5 or 10 years, provided all contributions remain in the account until the end of the guarantee period. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the Plan's GIA as of December 31, 2022 and 2021 is presented below:

	<u>2022</u>	<u>2021</u>
JH 3 Year Guaranteed Interest Account	\$ 40,967	\$ 30,948
JH 10 Year Guaranteed Interest Account	<u>26,083</u>	<u>11,060</u>
Total Guaranteed Interest Account	<u>\$ 67,050</u>	<u>\$ 42,008</u>

NOTE 6: INCOME TAX STATUS

The Plan has adopted the Ascensus LLC pre-approved defined contribution plan, which received a favorable opinion letter from the IRS dated June 30, 2020, stating that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**STAAR SURGICAL COMPANY 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 7: TRANSACTIONS WITH PARTIES-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and a person who owns fifty percent or more of such an employer. Substantially all administrative expenses of the Plan are paid by the Plan Sponsor. The Plan holds investments issued by the custodian. The Plan issues notes receivable to participants, which are secured by the balance in the participant's accounts. These transactions qualify as party-in-interest transactions.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, and the IRC. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balance.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
