To the Trustees of the U.S. News & World Report, L.P. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of U.S. News & World Report, L.P. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of U.S. News & World Report, L.P. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about U.S. News & World Report, L.P. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of U.S. News & World Report, L.P. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about U.S. News & World Report, L.P. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of U.S. News & World Report, L.P. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

U.S. News & World Report, LP 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

1. Description of Plan

The following is a brief description of U.S. News & World Report, L.P. 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on September 4, 2017. The Plan is a defined contribution plan, for the benefit of the employees of U.S. News & World Report, L.P. (the "Employer" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 20, 2022, the Plan executed a new adoption agreement for the amended and restated prototype plan approved effective June 30, 2020.

Eligibility

Covered employees, as defined in the plan document, who are not classified by the Employer as part-time become eligible to participate in the Plan on the first of the month after which he or she has attained the age of 21. Participants may elect to contribute up to 50% of his or her eligible compensation, as defined by the Plan, as Pre-tax or Roth contributions and up to 60% as after-tax contributions.

Participants who do not enroll or opt out of enrolling within 30 days are automatically enrolled in the Plan in an amount of 3% of their pre-tax income. Contributions for auto-enrolled participants are invested in target funds based on their age. Participants who are automatically enrolled will also have an automatic increase of 1% to their deferral percentage annually up to a maximum of 10%, unless the participant elects otherwise.

Employer contributions consist of discretionary matching contributions made for eligible employees. A covered employee who is not classified by the Employer as part-time becomes eligible to receive an employer matching contribution after he or she has both attained the age of 21 and completes six months of service.

For the period from April 1, 2021 through December 31, 2021, Company made discretionary matching contributions equal to 50% of a participant's pretax and Roth contributions, provided that the maximum Company matching contribution with respect to any participant does not exceed the first 6% of the participant's eligible compensation. Total discretionary matching contributions were \$512,432 for the year ended December 31, 2021.

Effective January 1, 2020, the Plan was amended to allow discretionary profit-sharing contributions. To become eligible for employer discretionary profit-sharing contributions, an employee must earn at least 1,000 hours of service during the Plan year and must be an eligible employee on the last business day of the Plan year to receive a discretionary profit-sharing contributions. The Company did not make discretionary profit-sharing contributions to the plan for the year ended December 31, 2021.

Vesting

Participants are always fully vested in their own contributions plus earnings thereon. Participants become fully vested in the plan sponsor's matching contributions plus earnings thereon after three years of service.

U.S. News & World Report, LP 401(k) Plan

Forfeitures

The portion of a participant's account balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. Forfeitures were approximately \$60,000 for the year ended December 31, 2021. Administrative expenses paid from the forfeiture account were approximately \$37,000 (See Note 5). Amounts remaining in the forfeiture account as of December 31, 2021 and 2020 approximated \$163,000 and \$140,000, respectively. Remaining forfeitures can be used by the plan sponsor to reduce future employer contributions and to subsidize certain administrative expenses.

Benefit Payments

Upon attaining the age of 59½, a participant is entitled to receive a distribution of all or any portion of his or her vested balance in the plan. In addition, participants may withdraw funds from the Plan upon termination of employment or, in certain other cases participants may request a withdrawal of a portion of their balances in the case of financial hardship.

The Plan allowed for a coronavirus related distribution from March 27, 2020 to December 31, 2020, up to an aggregate limit of \$100,000. A coronavirus related distribution may be repaid in one or more contributions over a three-year period beginning on the date the distribution was received.

Notes Receivable from Participants

Loans may be available to the participants subject to the approval of the Plan Administrator. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Their vested account balances also serve as collateral for the loan. A participant can have no more than 2 loans outstanding at any time, except where the third loan is used to purchase a principal residence. The principal portion of the loan is repayable in equal payments at least on a quarterly basis at an interest rate of 1% plus the prime rate. Interest rates ranged from 4.25% to 6.50% at December 31, 2021. Loans that are in default are accounted for as a distribution in the year the default occurs. As of December 31, 2021 and 2020, the balance of defaulted loans approximated \$10,000 and \$10,000, respectively.

A participant who satisfies the eligibility requirements for a coronavirus related loan may delay repayments of a new or existing loan for a period of one year for loan repayments outstanding on March 27, 2020, through December 31, 2020. Once repayments commence, the loan will be adjusted to reflect the delay, including accrued interest.

Participant Accounts

Contributions are invested by Fidelity Management Trust Company ("Fidelity") according to the options elected by the participants. The investment options include various mutual funds and a common collective trust fund, as well as an option to invest in various equity securities and mutual funds through National Financial Services LLC, which provides participants the opportunity to select from various investment alternatives.

Plan Expenses

All administrative expenses are paid by the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Benefits Paid to Participants

Benefits paid to participants are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 4 for discussion of fair value measurements).

U.S. News & World Report, LP 401(k) Plan

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Plan's Custodian

The following is a summary of the investments and notes receivable from participants of the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Fidelity, the Plan's custodian. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate. The following was certified by the custodian as of December 31:

	2021	2020
Common collective trust fund	\$ 1,043,674	\$ 2,253,372
Mutual funds	59,415,859	53,258,864
Brokerage options	3,479,853	2,806,197
Notes receivable from participants	209,385	210,329
	<u>\$ 64,148,771</u>	<u>\$ 58,528,762</u>

The following was also certified by the custodian for the year ended December 31, 2021:

Net appreciation in fair value of investments	<u>\$ 5,571,511</u>
Interest and dividend income	<u>\$ 3,112,048</u>
Interest income on notes receivable from participants	<u>\$ 10,924</u>

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

U.S. News & World Report, LP 401(k) Plan

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 **and 2020**:

- Common collective trust fund: The fair value of the common collective trust fund is determined by the custodian of the fund based on the underlying assets, which represent the net asset value, a practical expedient to fair value, of units held by the Plan. The Plan does not have any unfunded commitments relating to its investment in the common collective trust fund, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.
- Mutual funds: Valued at unadjusted quoted market prices in an active market.
- Brokerage options: Valued at the closing price reported on the active market in which the individual investments are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value as of December 31, 2021 and 2020 are as follows:

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 59,415,859	\$ -	\$ -	\$ 59,415,859
Brokerage options	3,479,853	-	-	3,479,853
Total investments in fair value hierarchy	<u>\$ 62,895,712</u>	<u>\$ -</u>	<u>\$ -</u>	62,895,712
Common collective trust measured at net asset value (a)				1,043,674
Total investments at fair value				<u>\$ 63,939,386</u>

	December 31, 2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 53,258,864	\$ -	\$ -	\$ 53,258,864
Brokerage options	2,806,197	-	-	2,806,197
Total investments in fair value hierarchy	<u>\$ 56,065,061</u>	<u>\$ -</u>	<u>\$ -</u>	56,065,061
Common collective trust measured at net asset value (a)				2,253,372
Total investments at fair value				<u>\$ 58,318,433</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

U.S. News & World Report, LP 401(k) Plan

5. Related Party Transactions

Certain Plan investments are mutual funds or a common collective trust fund managed by Fidelity. Fidelity is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for management services amounted to approximately \$18,466 for the year ended December 31, 2021. Services rendered by the investment advisors and target date funds also qualify as party-in-interest transactions and amounted to approximately \$20,625 for the year ended December 31, 2021.

6. Plan Termination

Although it has not expressed any intention to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested.

7. Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2018.

8. Risks and Uncertainties

The Plan provides for various investment options to the participants in any combination of money market funds, mutual funds, and a common collective trust. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
