INDEPENDENT AUDITOR'S REPORT

October 5, 2023

To the Participants and Administrator of
The House of the Good Shepherd 403(b) Thrift Plan:

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the financial statements of The House of the Good Shepherd 403(b) Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The House of the Good Shepherd 403(b) Thrift Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The House of the Good Shepherd 403(b) Thrift Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The House of the Good Shepherd 403(b) Thrift Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditors Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditors Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The House of the Good Shepherd 403(b) Thrift Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The House of the Good Shepherd 403(b) Thrift Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE HOUSE OF THE GOOD SHEPHERD 403(b) THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of The House of the Good Shepherd 403(b) Thrift Plan (the "Plan") sponsored by The House of the Good Shepherd (the "Organization") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Organization established the Plan to provide employees with a systematic means of saving and investing for the future. All permissible employees of the Organization, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. All eligible employees are automatically enrolled in the Plan 60 days following their hire date at a contribution rate of 3% of their compensation unless they choose to have employee elective deferrals other than 3% by completing a salary reduction agreement or opt out of the automatic contribution. Employees whose maximum elective deferral would not exceed \$200 annually are considered to be non-eligible employees.

Employees, except those part-time who normally work less than 20 hours per week, are eligible for employer matching contributions and employer discretionary profit-sharing contributions once they have completed an eligibility year of service (12 consecutive month period). Once the employee has completed an eligibility year of service, they will enter the Plan on the first day of the next calendar month for employer matching and discretionary profit-sharing contribution purposes.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pretax eligible pay through direct payroll withholding subject to maximum allowable contributions under the Internal Revenue Code of \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants with 15 years of service with a public school, hospital, home health service agency, health and welfare service agency, church, or convention or association of churches may increase their contributions by an additional amount up to \$3,000 annually (\$15,000 lifetime maximum).

The Organization matches 50% of employee elective deferrals up to 5% of eligible wages.

The Organization's profit-sharing contribution is discretionary. The Organization did not make profit sharing contributions in 2022 or 2021.

1. DESCRIPTION OF PLAN (Continued)

Investment Allocation

The Plan allows participants to select from a variety of investment options. Participant contributions may be directed to any of these options, in multiples of 1%. Participants can change the future direction of contributions or move existing account balances between various investment options on a daily basis by using the online service. All investment choices are directed by the participant and each participant bears the respective investment risk of their election. All investments are considered mutual funds, except for the Prudential Guaranteed Income Fund and Mutual of America Interest Accumulation Fund, which are considered unallocated insurance contracts. All employees eligible to participate in the Plan and who do not make an investment election for their contributions, shall have all contributions invested in the qualified default investment alternative as defined by the Plan, which was the Vanguard Target Date Funds for 2022 and 2021.

Participant Accounts

Each participant's account is credited with their contributions, employer matching contributions, employer discretionary profit-sharing contributions, Plan gains or losses, and administrative expenses.

Vesting

Participants are immediately fully vested in their elective and rollover contributions. Employer matching and discretionary profit-sharing contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5	100 %

Employees who terminate employment before becoming 100% vested in their account balance will forfeit the portion of their account that is not vested.

Forfeitures

Forfeitures are the amount the Organization contributed to a participant's account that was not vested upon termination. Forfeitures are applied toward the payment of employer contributions or administrative expenses. Forfeitures used to reduce employer contributions in 2022 and 2021 were \$21,458 and \$8,338, respectively. Amounts in the forfeiture account were \$3,574 and \$8,643 at December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the one-year period prior to the new loan or 50% of their vested account balance. Participants are allowed to have up to 3 loans outstanding. The interest rate on loans is determined by the U.S. prime rate plus 1.0%. Interest rates ranged from 4.00% to 7.25% at December 31, 2022. The maximum repayment term is five years, but this may be extended for the purchase or construction of a principal residence. Upon termination from the Organization, the loan must be fully repaid by the participant.

1. DESCRIPTION OF PLAN (Continued)

Participant Investment Rollovers

Participants are allowed to rollover funds into the Plan from other qualified or 403(b) plans.

Payment of Benefits

Distributions resulting from retirement, death, disability, or termination are made in the form of a lump sum distribution, a life annuity, a joint and survivor annuity or periodic installments for a limited time. Upon termination of employment, if the account balance is \$1,000 or less and the participant has not elected to receive the benefit pursuant to an optional form of benefit payment, the participant will receive a single lump sum amount equal to the value of his or her account. If the account balance is greater than \$1,000 but not more than \$5,000 and the participant has not elected to receive the benefit pursuant to an optional form of benefit payment, the account balance will be automatically rolled into an Automatic Rollover IRA. Hardship withdrawals are available of up to 100% of the vested portion of the participant's account. Distributions, without penalty, may be made upon attainment of age 59½.

Plan Expenses

All costs and expenses with regard to the purchase or sale of investments are paid by the Plan. Administrative expenses of the Plan, such as loan processing fees and distribution fees, are paid by plan participants. Personnel and facilities of The House of the Good Shepherd have been used by the Plan for its accounting and other activities at no charge to the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated in the accompanying financial statements at fair value except for the funds held in insurance company general accounts, which are stated at contract value. The fair value is equal to quoted market value on a national exchange for mutual funds. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains (losses) on investment transactions throughout the period and net unrealized gains (losses) on investments at the end of the period.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

In accordance with Department of Labor Regulation 29 CFR 2520.103-8, certain information was furnished and certified by Hand Benefits & Trust Company and Mutual of America Life Insurance Company, the investment custodians, to the plan administrator as of and for the years ended December 31, 2022 and 2021. This included the following:

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 9,521,323	\$ 10,905,814
Funds held in insurance company general accounts	<u>94,335</u>	<u>96,918</u>
	<u>\$ 9,615,658</u>	<u>\$ 11,002,732</u>
Notes receivable from participants	<u>\$ 155,463</u>	<u>\$ 200,790</u>
Dividend and interest income	<u>\$ 247,363</u>	<u>\$ 768,211</u>
Net appreciation in fair value of investments	<u>\$ (2,137,864)</u>	<u>\$ 493,973</u>
Interest income on notes receivable from participants	<u>\$ 8,210</u>	<u>\$ 8,202</u>
Schedule H, Line 4i – Schedule of Assets (Held at End of Year)	Schedule I	

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has a benefit-responsive investment contract with Prudential, the Prudential Guaranteed Income Fund. Prudential maintains the contributions in a group annuity (general account). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the Statements of Net Assets Available for Benefits at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (Continued)

The contract value of the investment contract at December 31, 2022 and 2021, was \$93,977 and \$96,552, respectively. The crediting interest rate is established by Prudential considering many factors, including current economic and market conditions and the general interest rate environment. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial Plan termination or merger with another plan; (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan has a benefit-responsive investment contract with Mutual of America Life Insurance Company (Mutual of America), the Mutual of America Interest Accumulation Fund. Mutual of America maintains the contributions in a group annuity (general account). Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally, there are not any events that could limit the ability of the Plan to transact at contract value. There are not any events that allow Mutual of America to terminate the contract and which require the Plan to settle at an amount different than contract value.

The contract value of the investment contract at December 31, 2022 and 2021, was \$358 and \$366, respectively. The crediting interest rate is established by Mutual considering many factors, including current economic and market conditions and the general interest rate environment. The minimum crediting rate under the contract is 1.0%. Such interest rates are reviewed on a periodic basis for resetting.

5. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy under these standards are described below:

Level 1: Quoted prices in active markets that are accessible at the measurement date for identical assets and liabilities.

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly and fair value is determined through the use of models or other valuation methodologies.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

5. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: valued at the closing price on the active market which the funds are traded.

The plan administrator assesses and approves the fair value measurement policies and procedures on a continuing basis. Periodically, the plan administrator determines if the current valuation techniques used in the fair value measurements are still appropriate. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments that were accounted for at fair value at December 31, 2022 and 2021. Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurements:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022:				
Mutual funds	<u>\$ 9,521,323</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,521,323</u>
December 31, 2021:				
Mutual funds	<u>\$ 10,905,814</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,905,814</u>

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are 100% vested in their accounts.

7. TAX STATUS

The Plan is exempt from federal and state income tax under Section 403(b) of the Internal Revenue Code. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its tax exemption. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Hand Benefits & Trust Company and Mutual of America Life Insurance Company are custodians of the Plan's assets. As such, transactions between the custodians and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 5, 2023, which is the date the financial statements were available to be issued.
