The Plan Administrator
MooreCo, Inc. 401(k) Plan
Temple, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of MooreCo, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") and executed investment transactions by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a-Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its/their form and content, is/are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MooreCo, Inc. 401(k) Plan

Summary of Significant Accounting Policies

Description of Plan

The following brief description of the MooreCo, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of MooreCo, Inc. (the “Company”). Employees who have attained the age of 18 are eligible to participate in the Plan and are eligible to commence salary reductions on the entry date coincident with or next following the date the employee has completed one year of service of at least 1,000 hours. Until April 14, 2019, the entry dates for this Plan were January 1 and July 1. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is intended to provide retirement benefits for eligible employees. The Federal Government Pension Benefit Guaranty Corporation does not insure the Plan because the insurance provisions under ERISA are not applicable to this type of Plan.

Effective April 15, 2019, there is no longer a waiting period for employees to be able to make salary deferral contributions to the Plan. Employees may begin contributions as soon as they are hired, beginning on the payroll date following the date of hire. Employees must still be age 18 or older to join the Plan and leased employees are not eligible to participate in the Plan.

During the Plan year ended December 31, 2018, and through March 31, 2019, the funds were held by Capital Bank and Trust. Effective April 1, 2019, the funds were transferred to a new trustee, Charles Schwab Bank, and TCG Administrators became the new record keeper.

During the Plan year ended December 31, 2022, the name of the Plan was changed from MooreCo, Inc. 401(k) Plan B.A.L.T. to MooreCo, Inc. 401(k) Plan.

Investments and Investment Options

The Company selects and makes available various mutual funds as investment options. The contributions related to these accounts are invested in accordance with directives from the individual participants in shares in registered investment companies available through the administrator as approved by the trustee. These investments are reported at the quoted market price for such mutual funds.

The Plan provides for investments in numerous mutual funds, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain mutual funds, it is reasonably possible that changes in the values of mutual funds will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

MooreCo, Inc. 401(k) Plan

Summary of Significant Accounting Policies

Contributions

Participants may contribute a percentage of their annual compensation, up to the maximum allowable under the Internal Revenue Code, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary employer matching contribution to each eligible participant's account equal to a uniform percentage of the participant's salary deferrals, as determined each year by the Company. Participants not employed at the end of the plan year will not share in the allocation, regardless of service. The Company matched 20% of the Participant's contributions for the years ended December 31, 2022. Total employer matching contributions, net of forfeitures, were \$47,949 and \$42,408 for the years ended December 31, 2022 and 2021, respectively.

The Plan also allows for an additional discretionary profit-sharing contribution as determined by the Company. Participants must be employed on the last day of the Plan year or be terminated and have had worked more than 500 hours in order to be eligible to receive a profit-sharing contribution (unless employment was terminated due to death, normal or early retirement or total and permanent disability in which the employee is automatically eligible). The Company did not declare any profit-sharing contributions during the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited annually with the participant's contributions and allocation of the Company's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers 24 mutual funds and 1 money market fund as investment options for participants.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions portion of their accounts is based on continuous years of service. Participants are 20% vested after two years of credited service, increasing 20% per year until fully vested after six years of credited service.

Notes Receivable from Plan Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of one loan equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4% to 7.5%. Loan repayments of principal and interest are made ratably through payroll deductions over a period not to exceed 5 years, unless the loans were used to purchase a primary residence in which case the loan terms may exceed 5 years.

MooreCo, Inc. 401(k) Plan

Summary of Significant Accounting Policies

Payment of Benefits

Upon separation of service, due to death, disability, or retirement, a participant or his or her beneficiary will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest. Participants can request a distribution from the Plan of their vested interest in the Plan before termination if they satisfy financial hardship criteria.

Participants will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest, in periodic installments over a period of years, or in a rollover to another eligible retirement plan.

Forfeitures

Forfeitures are used to pay administrative expenses and to reduce future employer contributions. As of December 31, 2022 and 2021, net forfeitures totaled \$0, which are included in investments in the Statements of Net Assets Available for Benefits. For the years ended December 31, 2022 and 2021, \$2,755 and \$1,885 of forfeitures were added to the employer match.

Administrative Expenses

Generally, the Company pays the expenses associated with the administration of the Plan, except for certain investment management fees, and loan fees which are deducted directly from the participant's account. For the years ended December 31, 2022 and 2021, no forfeitures were used to pay administrative expenses of the plan. The Company absorbed the majority of the administrative costs, with the exception of the loan and distributions fees.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

MooreCo, Inc. 401(k) Plan

Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

MooreCo, Inc. 401(k) Plan

Notes to Financial Statements

1. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

<i>December 31,</i>	2022	2021
Noninterest-bearing cash	\$ 13,860	\$ 3,286
Mutual funds	2,645,408	2,856,286
Money market deposit account	72	3,162
Notes receivable from participants	121,232	126,260

<i>Years ended December 31,</i>	2022	2021
Net investment (loss) gain from mutual funds	\$ (538,017)	\$ 228,023
Dividend income from mutual funds	68,117	88,520
Interest income from participant loans	6,474	4,660

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

2. Party-In Interest Transactions

Certain Plan investments are shares of a money market deposit account managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is an affiliate of the custodian of the Plan and, therefore, these transactions qualify as party-in-interest.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

4. Fair Value Measurements

The Plan follows the provisions of FASB ASC 820 *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

MooreCo, Inc. 401(k) Plan

Notes to Financial Statements

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market deposit account: Valued at the net asset value of shares held by the Plan at year-end.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Money market deposit account	72	-	-	72
	\$ 2,659,340	\$ -	\$ -	\$ 2,659,340

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Noninterest-bearing cash	\$ 3,286	\$ -	\$ -	\$ 3,286
Mutual funds	2,856,286	-	-	2,856,286
Money market deposit account	3,162	-	-	3,162
	\$ 2,862,734	\$ -	\$ -	\$ 2,862,734

5. Tax Status

The Internal Revenue Service ruled on September 30, 2014, that the Volume Submitter Profit Sharing Plan with cash or deferred arrangements ("CODA") of FIS Business Systems LLC. Used by TCG, the Third Party administrator of the Plan (the prototype plan of Trust Company upon which the Plan is based) qualifies under section 401(a) of the Internal Revenue Code ("IRC") and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress. As of December 31, 2022, the Plan's tax years that are subject to income tax examination are 2020 through 2022.

Notes to Financial Statements

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Subsequent Events

Plan management has evaluated subsequent events occurring after December 31, 2022, the date of the most recent statement of net assets available for benefits, through September 26, 2023, the date the financial statements were issued.

The Plan does not believe any other subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
