INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Fireclay Tile, Inc. 401(k) P/S Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fireclay Tile, Inc. 401(k) P/S Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fireclay Tile, Inc. 401(k) P/S Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fireclay Tile, Inc. 401(k) P/S Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fireclay Tile, Inc. 401(k) P/S Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fireclay Tile, Inc. 401(k) P/S Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fireclay Tile, Inc. 401(k) P/S Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Fireclay Tile, Inc. 401(k) P/S Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) defined contribution plan covering eligible employees of Fireclay Tile, Inc. (the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of the Employer and their beneficiaries funds for retirement.

Eligibility

Employees of the Employer, other than nonresident aliens and union employees, are eligible to make deferral contributions to the Plan. There is no age requirement and no minimum service requirement for Plan participation. Employees may enter the Plan immediately.

Contributions

Participants

Each year, eligible employees may contribute up to 100% of eligible compensation limited to the maximum contribution limit (in dollars) permitted by law. Roth elective deferrals and voluntary after-tax contributions are not permitted. Participants direct the investment of their contributions among various investment options offered by the Plan.

Employer

Each Plan year, the Employer will make a safe harbor contribution equal to 100% of participants’ eligible contributions up to the first 4% of eligible compensation deferred. The Employer may also elect to make an additional matching Employer contribution of a discretionary percentage on behalf of each eligible participant. The Employer may also elect to make a discretionary nonelective contribution. A participant must be employed on the last day of the Plan year and work 1,000 hours in the Plan year to be eligible for the discretionary nonelective contribution. For the year ended December 31, 2022, the Employer elected not to make any additional Employer contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, an allocation of the Employer’s contribution, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant’s account is reduced by withdrawals, losses on investments, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

A participant’s interest in his or her contribution, under the Plan, is at all times fully vested and nonforfeitable. A participant is vested in all Employer contribution types at 100%.

Notes Receivable from Participants

A participant may request a loan in the amount of \$1,000 to \$50,000, limited to 50% of the participant’s vested account balance. These loans have interest rates ranging from 4.25% to 7.25% with maturities through 2047. Principal and interest are paid ratably through payroll deductions.

Fireclay Tile, Inc. 401(k) P/S Plan
Notes to Financial Statements
December 31, 2022 and 2021

Payment of Benefits

Upon normal retirement, death, or termination of employment, a participant (or designated beneficiary) will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. In-service distributions are allowed when a participant reaches age 59½ or due to financial hardship. In the event of termination of employment, a participant with an account balance under \$5,000 shall receive, as a lump-sum distribution, his or her participant contributions and earnings thereon and vested Employer contributions and earnings thereon.

Forfeitures

Forfeited nonvested accounts are used to reduce Employer contributions and to pay Plan expenses. During the year ended December 31, 2022, forfeitures of approximately \$7,103 were used to pay Plan expenses. Forfeited nonvested accounts available at December 31, 2022 and 2021 were \$0 and \$1,731, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management, as principal and interest are repaid through payroll deductions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold, as well as held during year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fireclay Tile, Inc. 401(k) P/S Plan
Notes to Financial Statements
December 31, 2022 and 2021

Administrative Expenses

The expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Employer. All expenses except for transaction fees and investment fund expenses have been paid by the Employer. Participants are charged service fees for any loan transactions they request. In addition, certain investment-related expenses have been included with net depreciation in fair value of investments and are not readily determinable. For the year ended December 31, 2022, \$17,954 of administrative fees was charged to the Plan.

3. FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan's investments in registered investment companies are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which establishes a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date).

The accounting pronouncement on fair value measurements establishes a three-tier fair value hierarchy, which classifies the inputs used in measuring fair value. These tiers include:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities (interest rates, prepayment speeds, credit risk, etc.).

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose value is determined using pricing models, discounted cash flows, or similar methodologies, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in the methodologies used at December 31, 2022 and 2021 and there were no transfers between any of the fair value measurement levels for the years ended December 31, 2022 and 2021. The following is a description of the valuation methodology used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at quoted market prices in active markets at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 3,271,014	\$ -	\$ -	\$ 3,271,014

4. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, PAi Trust Company, the Custodian of the Plan, has certified the completeness and accuracy of investments at fair value and the related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplement schedule of assets (held at end of year) as of December 31, 2022.

As a result of the aforementioned election, no auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements.

The following information as of and for the years ended December 31, was prepared by the Custodian:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 3,500,880	\$ 3,271,014
Net depreciation in fair value of investments	\$ (686,987)	
Interest and dividends	\$ 71,715	

5. PLAN TERMINATION

Although it has not expressed an intention to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their remaining Employer contribution balances, as applicable.

6. INCOME TAX STATUS

The Plan adopted a preapproved profit-sharing plan which has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service ("IRS") stating that the Plan is acceptable under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has subsequently been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there has been no tax-related interest or penalties for the periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan assets are held by PAi Trust Company. The Plan paid fees for administrative services of \$17,954 to PAi Trust Company, Inc. during the year ended December 31, 2022. Further, certain expenses related to the Plan's investments have been offset with net investment income (loss). These transactions qualify as party-in-interest transactions. Notes receivable from participants qualify as exempt party-in-interest transactions.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of September 21, 2023, the date for which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred that require disclosure in or adjustment to the financial statements.

SUPPLEMENTARY INFORMATION

The Trustees of the Fireclay Tile, Inc. 401(k) P/S Plan
Fireclay Tile, Inc.

Dear Trustees:

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statements of Fireclay Tile, Inc. 401(k) P/S Plan (the "Plan") as of and for the year ended December 31, 2022 and have issued our report thereon dated September 21, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 8, 2023, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding material weaknesses and other matters noted during our audit – See section Other Significant Matters, Findings, or Issues.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

During our audit planning, we identified the following potentially significant risks:

Management override of internal control has been identified as a significant and fraud risk of material misstatement to the financial statements as a whole, as required by professional standards. While the Plan's operations are record kept by PAi Trust Company, we reviewed the detail of the Plan's activity for unusual transactions and non-standard journal entries. We performed analytical procedures to identify financial relationships inconsistent with our understanding of the Plan's operations, and we also selected random samples for our Plan level and participant level testing to incorporate an element of unpredictability in our audit procedures.

The definition of compensation has been identified as a significant risk with regards to the value of each participant's compensation utilized in the calculation of the related employee's deferral contributions as well as the employer contributions. Our procedures included analyzing the various components to compensation and determining how those compensation items were considered with regards to contribution calculations and adherence to the definition of compensation as identified in the Plan document.

Proper calculation of employer contributions in accordance with Plan document has been identified as a significant risk. Our procedures include the recalculation of a sample of participants to verify employer contributions are in accordance with the Plan document.

Proper calculation and allocation of employee contributions in accordance with Plan document has been identified as a significant risk. Our procedures include the recalculation of a sample of participants withholdings per payroll report to the elected deferral amount.

Lastly, the risk that employees are not enrolled in accordance with the eligibility provisions within the Plan document has been identified as a significant risk. Our procedures include the testing of newly eligible employees and the corresponding eligibility provisions to ensure employees are properly enrolled at the time of satisfaction of eligibility requirements.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended December 31, 2022.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are the fair value of the Plan's investments at December 31, 2022.

Management's estimate of the fair value of each of the Plan's investments is based on quoted market prices for identical assets in active markets as provided by the qualified institution that certified the investment information as of December 31, 2022. We evaluated the key factors and assumptions used to develop the fair value estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to fair value estimates and the relevant risks with regards to the fair value of the Plan's investments.

The presentation of the fair value estimates includes identification of the leveling inputs utilized in the valuation techniques as well as the relevant descriptions of the valuation methodologies used for those fair value measurements. The financial statement disclosures also note the relevant interest rates, market, foreign exchange, and credit risks associated with investment securities and the reasonable possibility that changes in the fair value estimates will occur in the near term, affecting participant account balances. We evaluated the presentation of the fair value measurements and the related investment risks and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. There were no significant unusual transactions noted during our audit.

Identified or Suspected Fraud

We have not identified any instances of fraud or obtained information indicating any suspected fraud.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

Management has corrected all identified misstatements.

None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor's report.

Representations Requested from Management

We have requested certain written representations from management, and that letter was signed prior to the issuance of our audit report.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Our consideration of internal control was for the limited purpose previously described and was not designed to identify all deficiencies in internal control that might be material weaknesses and, therefore, material weaknesses may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- Reasonably possible. The chance of the future event or events occurring is more than remote but less than likely.
- Probable. The future event or events are likely to occur.

We consider the following deficiencies in the Plan's internal control to be material weaknesses:

- Withum noted instances where certain pay codes were being incorrectly excluded from the definition of compensation.
 - There were 8 instances of our sample where "group term life imputed income" was incorrectly excluded from definition of compensation in the employee deferral and employer match calculations. The 8 individuals had group term life imputed income of \$674 out of \$4,409 for the Company as a whole which resulted in \$63 and \$35 of missed employee and employer contributions, respectively.
 - There were 2 instances of our sample group where "PTO" was incorrectly excluded from definition of compensation in the employee deferral and employer match calculations. The 2 individuals had PTO of \$7,752 out of \$204,247 for the Company as a whole which resulted in \$121 each of missed employee and employer contributions.
 - Withum noted "Misc Bonus" was incorrectly excluded from definition of compensation in the employee deferral calculation for 8 participants and in the employer match calculation for 11 participants. The individuals had miscellaneous bonus of \$882 out of \$15,361 for the Company as a whole which resulted in \$42 and \$35 of missed employee and employer contributions, respectively.
 - There was 1 instance in our sample where "Performance Bonus" was incorrectly excluded from definition of compensation in the employer match calculation. This individual was the only employee in the Company who had performance bonus of \$8,250 which resulted in \$330 of missed employer contributions.

Withum recommends the Plan Sponsor work with the payroll provider to properly map the pay codes that should be contributed on or amend the Plan Document to exclude certain pay code from the definition of compensation. Withum also recommends the Company determine the impact of this issue on other individuals outside of our sample.

Other matters noted as a result of our audit testing include the following:

- Withum noted the Plan Sponsor does not use opt out forms. As a best practice, Withum recommends the use of opt out forms to protect the Plan Sponsor from an employee claiming they were never made aware of the Plan.
- Withum noted there is inadequate board oversight of the Plan as there were no annual meetings of the Plan Trustees. As a best practice, Withum recommends meeting at least once a year to discuss the Plan's fees and investment line up. We further recommend maintaining minutes of the meetings as documented evidence that the Plan Trustees are meeting their fiduciary responsibilities.

Other Information Included in Annual Reports

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in the Plan's annual reports, does not extend beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read a draft of the Form 5500 that was substantially complete prior to dating of our auditor's report in order to identify material misstatements, if any, within the audited Plan financial statements.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.
