INDEPENDENT AUDITORS' REPORT

To the Retirement and Pension Committee
for Rich's 401(k) Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rich's 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rich's 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rich's 401(k) Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rich's 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rich's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Retirement and Pension Committee
for Rich's 401(k) Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rich's 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rich's 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rich's 401(k) Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rich's 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rich's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RICH'S 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. PLAN DESCRIPTION

Rich's 401(k) Plan (the "Plan") was established on January 1, 1985, and restated effective January 1, 2016. The Plan is a defined contribution plan covering most salaried, clerical and non-union production associates of Rich Products Corporation (the "Company" or "Plan Sponsor"), certain of its subsidiaries, and an affiliated company. Employees are eligible to receive the Company match and Company contribution upon completing one year of credited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective March 27, 2020 (the "Effective Date"), the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which provided economic relief to plan sponsors and participants of employee benefit plans. The provisions adopted by the Plan are described in further detail below. The Plan has not been formally amended for the adoption of these provisions, however, under the CARES Act, the Plan must be formally amended by December 31, 2025.

Participant and Company contributions are credited to each participant's accounts as follows:

- Designated Roth Contribution Account – The Plan Sponsor permits voluntary after-tax contributions of no less than 1% and no more than 40% of their annual gross wages to a Designated Roth Account up to the maximum allowed under the Internal Revenue Code ("IRC").
- Salary Reduction Contribution Account – Participants can elect to contribute voluntary pretax contributions of no less than 1% and no more than 40% of their annual gross wages to this account up to the maximum allowed under the IRC.
- Company Matching Account – The Plan is a safe harbor 401(k) Plan. As a result, the Plan Sponsor will match 100% of participant contributions up to 1% of pay, and 50% of any additional contributions, up to a maximum match of 3.5% of eligible compensation.
- Company Contribution Account – The Plan Sponsor, subject to Board of Director approval, will contribute between 0.5% and 3% of each participant's compensation based upon years of credited service. Not all participants are eligible to receive Company contributions. These Company contributions amounted to approximately \$6,120,000 and \$5,478,000 for the years ended December 31, 2022 and 2021, respectively.

All contributions are invested in the various investment options based on a participant's elections.

Plan earnings are allocated based on participant account balances. Eligible benefits are those benefits which can be provided from the participants' accounts.

Participants are immediately 100% vested in their Salary Reduction Contribution Account, or, Designated Roth Contribution Account, and Company Matching Account, and after two years of service, 100% of their Company Contribution Account. Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account balance and may make one or more affirmative elections at any time to have any portion of the Participant's Accounts distributed in the form of a lump sum or installments provided that no distribution amount is less than \$100.

1. PLAN DESCRIPTION (continued)

Employer matching contributions in the Company Contribution Account forfeited by terminated employees are used to reduce future employer contributions. Forfeitures applied against employer contributions amounted to approximately \$308,000 and \$220,000 for the years ended December 31, 2022 and 2021, respectively. There were approximately \$203,000 and \$160,000 forfeitures available to reduce future employer contributions as of December 31, 2022 and 2021, respectively.

The Plan also has a provision allowing participants to borrow funds from the Plan. Minimum borrowings are \$1,000 with a maximum limited to 50% of the vested account balance not to exceed \$50,000. Effective March 27, 2020 through September 22, 2020, under the provisions available under the CARES Act, participants may borrow from their accounts up to \$100,000, but limited to their vested account balance. The term of the note may not exceed five years, unless used to acquire a dwelling unit, in which case the maximum is twenty years for new borrowings prior to June 1, 2017. Effective June 1, 2017, the term for new borrowings may not exceed 10 years when used to acquire a dwelling unit. The notes are secured by the balances in the participants' accounts. As of December 31, 2022, interest rates ranged from 4.25% to 8.00%, with maturity dates through November 2036. Principal and interest are paid ratably through regular payroll deductions. All outstanding loans on or after the Effective Date may have repayment delayed from the Effective Date through December 31, 2021, for up to one year.

The Plan allows for in-service withdrawals for employees who attain the age of 59 ½. As of the Effective Date, participants may also take a coronavirus-related distribution of up to \$100,000, but limited to their total account balance, from their account through December 31, 2021, without incurring a 10% early withdrawal penalty. Coronavirus-related distributions may be repaid within three years to avoid Federal income taxes.

The reasonable costs, expenses, taxes and liabilities incurred in connection with the administration of the Plan or in connection with any litigation involving the Plan shall be paid from the assets of the Plan, unless paid by the Company.

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Effective as of the end of business on December 21, 2022, the Christie Cookie 401(k) Savings Plan (the "Christie Cookie Plan") was merged into the Plan. A portion of the assets of the Christie Cookie Plan, which totaled approximately \$1,358,000, were transferred to the Plan in 2022. Approximately \$118,000 of the remaining assets of the Christie Cookie Plan will be transferred to the Plan in 2023 and is recorded as a receivable in the statement of net assets available for benefits as of December 31, 2022.

Effective as of the end of business on January 4, 2021, the Morey's Seafood Retirement Plan (the "Morey Plan") was merged into the Plan. All assets of the Morey Plan, which totaled approximately \$7,423,000, were transferred to the Plan.

Information about the Plan agreement and the vesting and benefit provisions is contained in the summary plan description entitled Rich's 401(k) Plan Summary Plan Description. Copies of the pamphlet are available from the plan administrator.

During the year ended December 31, 2021, the Plan went through an investment portfolio realignment. Effective September 1, 2021, the Plan transferred a portion of its assets out of investments classified as registered investment companies into investments classified as common collective trusts. The total value of the Plan portfolio realignment was approximately \$356,000,000 as of December 31, 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan utilizes a hierarchy system as prescribed by accounting principles generally accepted in the United States of America to determine the fair value of assets and liabilities which are subject to reporting at fair value. Level 1 inputs are generally quoted market prices for identical assets or liabilities which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2 and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available. An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2022 and 2021:

Registered investment companies: Valued based on quoted market prices available on an active market, which represent the net asset values (NAV) of the shares held by the Plan at year end.

Common collective trusts: The trusts primarily hold guaranteed and other similar investment contracts, that are fully benefit-responsive. The fair value of the trusts are based on the net asset values (NAV contract value) of the shares held by the Plan at year end, and generally have no redemption restrictions or unfunded capital commitments.

Cash management fund: Valued based on the quoted market price available on an active market, which represents net asset value (NAV) of the shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains (losses) and unrealized gains (losses) on those investments. Purchases and sales of securities are recorded on a trade date basis. Interest is accrued as earned. Dividends are recorded on the ex-dividend date.

Revenue Sharing Agreement – Certain investment funds in the Plan provide for revenue-sharing whereby the investment managers return a portion of their investment fees to offset Plan expenses. The Plan has an agreement with the Plan's recordkeeper for the revenue-sharing proceeds to be credited to the participants who invested in the funds that generate those proceeds, thereby reducing the expenses those participants incur with respect to those funds. The Plan held no undistributed revenue-sharing credits as of December 31, 2022 and 2021.

Payment of Benefits – Benefit payments to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated the effects of all subsequent events through October 6, 2023, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31, 2022 and 2021, with the exception of the common collective trusts, which are measured at fair value using the NAV practical expedient. The fair value of the common collective trusts are provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits:

	2022	2021
<i>Level 1:</i>		
Registered investment companies	\$ 241,938,717	\$ 318,390,399
Cash management fund	596,234	428,981
<i>Investments measured at net asset value:</i>		
Common collective trusts	<u>361,107,155</u>	<u>409,454,588</u>
Total investments at fair value	<u>\$ 603,642,106</u>	<u>\$ 728,273,968</u>

4. TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are managed by The Vanguard Group. As Vanguard Fiduciary Trust Company (“Vanguard”), the trustee of the Plan, is a member of The Vanguard Group, these transactions qualify as party in interest transactions. Certain legal and accounting services were provided at the expense of the Plan Sponsor. Fees paid during the year for other services rendered by parties in interest were based on customary and reasonable rates for such services.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 19, 2017, that the Plan is designed in accordance with Section 401(a) of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust net investment income is tax exempt.

6. CERTIFIED INVESTMENT INFORMATION

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, that was prepared by or derived from information prepared by Vanguard and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from Vanguard that such information is complete and accurate reported as follows:

a. Fair value of assets held by the trustee at December 31:

	2022	2021
Registered investment companies	\$ 241,938,717	\$ 318,390,399
