INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Rosen Hotels & Resorts, Inc. Employee Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Rosen Hotels & Resorts, Inc. Employee Savings Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rosen Hotels & Resorts, Inc. Employee Savings Trust Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rosen Hotels & Resorts, Inc. Employee Savings Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rosen Hotels & Resorts, Inc. Employee Benefit Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of Rosen Hotels & Resorts, Inc. Employee Savings Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rosen Hotels & Resorts, Inc. Employee Savings Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Rosen Hotels and Resorts, Inc. Employee Savings Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Rosen Hotels and Resorts, Inc. and its affiliates (the Company) adopted, effective February 1, 1990, a defined contribution salary savings plan (a 401(k)) with an August 31 plan year-end. Effective September 1, 1994 the plan year end was changed to December 31. Effective March 1, 2009 the Plan was amended and restated. To comply with current law, the Plan was amended and restated effective January 1, 2016.

Participation in the Plan is by voluntary election of eligible employees. Substantially all employees of the Company who attain age 18 and complete six consecutive months of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administrative

The Company and the Plan Committee (the Committee) manage the operation and administration of the Plan. A third-party administrator processes and maintains the records of participant data. From January 1, 2016 through June 30, 2019 Reliance Trust Company (Reliance) was the trustee and custodian. From July 1, 2019 through December 31, 2021 Great-West Trust Company, LLC was the trustee and custodian. From January 1, 2022 through December 31, 2022 Empower Annuity Insurance Company (Empower) was the trustee and custodian. Substantially all costs and expenses incurred with regards to the purchase or disposal of investments are generally paid by the Plan.

Contributions

Employee

Effective January 1, 2015, salary deferral was automatically withheld if the participant did not specifically elect not to defer under the Plan. Prior to 2015, a written election to participate in the Plan was required. Participants can save a portion of their compensation by a deferral amount not to exceed 20 percent of compensation per week. Employee contributions (salary deferrals) under the plan are limited to a maximum deferral of \$20,500 for calendar year 2022 and \$19,500 for calendar year 2021. This maximum may increase annually based on a cost-of-living adjustment determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer

The Company may make matching contributions as defined in the Plan and as approved by the Board of Directors. From January 1 through March 26, 2020, the company matched 25% of eligible contributions up to 6%. The Company suspended matching contributions from March 27, 2020 through

August 6, 2021. On August 7, 2022, the Company resumed the company match.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings and administrative expenses. Allocations are based on participant account balances and contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Forfeited balances of terminated participant's non-vested accounts are used to reduce future Company contributions.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the employer matching contribution plus earnings is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Notes Receivable

Participants may borrow one loan from their fund accounts; a minimum of \$500 up to a maximum equal to 50% of their account balance vested interest. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. All loans are required to be repaid within 5 years of the loan. The loans are secured by the balance in the participant's vested interest in the Plan. Until otherwise determined by the Trustee, the interest rate will be the prime rate of interest as of the date of the loan, plus 1 percent. Interest rates range from 4.25% to 9.25%. Principal and interest is paid ratably through salary reduction each pay period.

Payment of Benefits

Upon termination of service, each participant (or beneficiary) may elect to leave his or her account balance in the Plan until age 72, or may elect to receive his or her total benefits in a lump-sum amount equal to the value of the participant's account. There were no amounts allocated to accounts of persons who, at the financial statement date, have elected to withdraw from the plan but have not been paid as of December 31, 2022 and 2021, respectively.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$135,589 and \$140,236, respectively. These accounts were used to pay plan expenses or used to reduce future employer contributions during the subsequent years.

Excess Contributions

There were no excess contributions in 2022 or 2021.

Date of Management Review

September 12, 2023 is the date through which subsequent events were evaluated and the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Plan's Form 5500 was prepared on the cash basis of accounting. Accordingly, differences between accrual and cash are reflected in Note 7 of these financial statements.

Investment valuation and income recognition

Investments of the Plan are held by Empower during 2022 and Great-West Trust Company, LLC during 2021 and in all instances are invested based solely upon instructions received from participants. Participants may direct 100% of existing account balances, current deferrals, rollover contributions, and matching contributions in any combination of investment options. During both 2022 and 2021 a participant may change their investment options daily. Purchases and sales of securities are recorded on a trade-date basis. The change in the current value and cost of marketable securities is reflected in the statements of changes in net assets available for plan benefits as “net (depreciation) in fair value of investments.” The realized gain or loss on investments, which is the difference between the proceeds received and the cost of investments sold, is also included in the caption “net (depreciation) in fair value of investments.” Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

ASU 2010-25 requires participant loans to be classified as notes receivable from participants and to be measured at their unpaid principal balances plus any accrued but unpaid interest. The classification of participant loans required by U.S. GAAP differs from that on Schedule H of Form 5500. The DOL requires participant loans to be reported as investments on the supplemental schedule of assets held at year end required by Schedule H of Form 5500. Further, those loans are required to be measured at their unpaid principal balance plus any accrued but unpaid interest. Accordingly, while participant loans are classified differently for U.S. GAAP and Form 5500 reporting purposes, the measurement of participant loans is the same for U.S. GAAP and Form 5500 reporting.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Fair Value Measurements

Effective January 1, 2008 the Plan adopted the provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, “Fair Value Measurements” Disclosure (formerly FASB No. 157), which defines fair value, establishes a framework for measuring fair value in accordance with U.S. GAAP, and expands disclosure about fair value. Under FASB ASC 820, fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted process for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observed for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022:

NOTE 3 — INVESTMENTS

ERISA Section 103(A)(3)(C) Audit

The December 31, 2022 and 2021 Statements of Net Assets Available for Benefits, the activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustees in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total investments of \$62,636,481 at December 31, 2022 and \$68,137,714 at December 31, 2021, participant notes receivable of \$1,791,854 at December 31, 2022 and \$1,934,846 at December 31, 2021, related investment income (loss) and interest income on participant loans of (\$9,693,955) and \$101,078, respectively, for the year ended 2022.

Guaranteed Interest Fund:

The Guaranteed Interest Funds (GIF) are valued at contract value. The values certified by the Trustees as of December 31, 2022 and 2021 were \$5,450,858 and \$5,781,477, respectively. The GIF is benefit responsive for participant-initiated transactions.

The GIF is a general account product of Empower. Because the GIF is a general account product offered through a group annuity contract, participant principal and interest are fully guaranteed by the entire general account assets of Empower. The investment strategy employed for this product seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, private equity, etc.

The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest credit rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2022 and 2021 was 1.18% and 1.15%, respectively. The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rate. That average for 2022 and 2021 was 1.43% and 1.40%, respectively.

Certain events limit the fund's ability to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale of liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The occurrence of each of those events that would limit the ability of the plan to transact at contract value with plan participants is not probable of occurring.

All other investments are valued using the methods more fully described in Note 2.

NOTE 4 - PLAN TERMINATIONS

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their non-contributory account balance.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

There were no Participant and Employer contributions due to the Plan at December 31, 2022 and 2021.

During 2022, the Plan paid certain contract administrator fees to Empower in the amount of \$34,464, and in 2021 to Great-West Trust Company, LLC in the amount of \$185,611.

During 2022 and 2021, the Plan investments are managed by the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan sponsor by a letter dated May 11, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the Determination Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 7 - RECONCILIATION BETWEEN THE FINANCIAL STATEMENTS AND FORM 5500

There are no reconciling differences between the net assets available for benefits per the financial statements as of December 31, 2022 to the Form 5500.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Change in Market Price on Investments: The Plan's various investment securities have incurred significant changes in fair value since December 31, 2022. As reflected in the Statement of Net Assets Available for Benefits, Investments at Fair Value at December 31, 2022 and 2021 were \$57,185,623 and \$62,356,237, respectively. As of September 12, 2023, Investments at Fair Value were \$72,911,131. The Company is not able at this time to estimate the full impact on the Plan's financial statements.
