Independent Auditor's Report

To the Board of Trustees
The Metrolube Companies 401(k) Plan
Marlborough, MA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Metrolube Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Metrolube Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Metrolube Companies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Metrolube Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Metrolube Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Metrolube Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Metrolube Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 Plan Description

The following descriptions of The Metrolube Companies 401(k) Plan (the Plan) provide only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Metrolube Enterprises, Inc. (Plan Sponsor and Plan Administrator), and its affiliates, Florida Fast Lubes, Inc., Surfside Lubes, LLC, Ozark Lubes, LLC, Gulf Shore Lube LLC, Delta Lubes LLC, Gateway Lubes LLC, and Broken Arrow Lubes, LLC who have completed one year of service and worked a minimum of 1,000 hours, and are eighteen years of age or older. In addition to elective deferrals, participants are eligible for discretionary employer match contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Contribution Policy

Each year participants are eligible to make elective deferrals of up to 100% of their annual compensation, as defined in the Plan document. Contributions are limited to a maximum dollar amount determined by the Federal Government each year. Participants direct the investment of their deferrals into various investment options offered by the Plan. The Plan Sponsor has the option of making discretionary matching contributions to eligible participants.

Automatic Enrollment

An employee is automatically enrolled as of the next enrollment date once he or she has met the eligibility requirements, unless he or she affirmatively elects otherwise. A participant that is automatically enrolled will begin making deferral contributions at a rate of 3% of compensation unless they elect to contribute a different percentage.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals and their allocation of the employer match contribution and Plan earnings, and charged with allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers from Other Plans

Participants may, with approval of the administrator, rollover or transfer amounts which have been held under other plans qualified under Section 401 of the Internal Revenue Code (IRC). Any such rollover or transfer may also be made by means of an individual retirement account qualified under Section 408 of the IRC, where the individual retirement account was used as a conduit from the former plan.

Vesting

Participants are immediately vested in their elective deferrals, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Participants are 100% vested in discretionary employer match contributions after five years of credited service. Participant are also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Note 1 Plan Description (continued)

Notes Receivable from Participants

Participants that are active employees may borrow from their fund account a minimum amount of \$1,000. Maximum borrowings cannot exceed 50% of the vested account balance or \$50,000 less the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime Rate plus 1% per annum, which is commensurate with local prevailing rates as determined by the Plan Administrator. Participants are limited to one outstanding loan at a given time. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2022, interest income on notes receivable from participants totaled \$3,386. As of December 31, 2022 and 2021, management determined that an allowance for loan losses is not deemed necessary.

Payment of Benefits

The entire vested balance of a participant's account may be distributed at the date of the participant's retirement from the Plan Sponsor, termination from service from the Plan Sponsor, death, or permanent and total disability. If a terminated employee participant vested balance is \$5,000 or less, the Plan administrator may elect to distribute the balance to the terminated participant or an eligible retirement account in accordance with Plan provisions.

Hardship Withdrawals

The Plan allows hardship withdrawals to be made from a participant's elective deferral account, rollover account, transfer account, and voluntary contribution account at a minimum of \$500.

Forfeited Accounts

Forfeitures of terminated participants may be used to reduce future employer contributions or pay plan expenses. Any dispositions of forfeitures shall be made no later than the end of the plan year following the plan year during which the forfeiture occurred. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$7,477 and \$10,841, respectively.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

The Metrolube Companies 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 2 Summary of Significant Accounting Policies (continued)

Uncertain Tax Positions

The Plan evaluates all significant tax positions as required by accounting principles generally accepted in the United States of America. As of December 31, 2022, the Plan does not believe that it has taken any tax positions that would require the recording of an additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's annual return is subject to examination by the respective regulatory authorities and generally remains open for the last three years.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and equity securities are valued using quoted prices in active markets for identical assets. Fixed maturity securities are valued based on the pricing data provided by outside valuation service providers who use the mean of bid and ask prices and alternative observable pricing inputs for certain securities. Notes receivable from participants are valued at their outstanding amortized balances.

Interest income is recognized when received. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair market values. Purchases and sales of securities are recorded on a trade-date basis.

Earnings on investments, with the exception of notes receivable from participants, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Net Change in Fair Value of Investments

The Plan presents in the accompanying statement of changes in net assets available for benefits the net change in the fair value of its investments, which consists of the realized gains or losses and the net unrealized increase (decrease) on those investments.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that Fidelity Management Trust Company (the trustee) maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Payment of Benefits

The Plan records benefit payments to withdrawing participants when paid.

Note 2 Summary of Significant Accounting Policies (continued)

Administrative Expenses

Plan fees and expenses, including fees and expenses of administrative services provided by external service providers, are paid from Plan assets or are absorbed by the Plan Sponsor. For the year ended December 31, 2022, administrative expenses totaled \$34,749.

Plan Amendments

Effective October 15, 2021, the Plan Sponsor amended the Plan to retroactively add Gateway Lubes LLC as a participating employer.

Effective October 15, 2021, the Plan Sponsor amended the Plan to treat prior service for the participants acquired from the acquisition of Mr. Car Wash in December 2020 as eligible service.

Note 3 Information Prepared and Certified by the Trustee of the Plan

At December 31, 2022 and 2021, Fidelity Management Trust Company was the trustee and held the Plan's investments as an agent for The Metrolube Companies 401(k) Plan. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ <u>2,058,666</u>	\$ <u>2,144,973</u>

For the year ended December 31, 2022, investment income reported in the statement of changes in net assets available for plan benefits was certified by Fidelity Management Trust Company.

The information included in the accompanying supplemental schedule H, line 4i – schedule of assets (held at end of year) was certified by Fidelity Management Trust Company.

Note 4 Fair Value Measurements

The Plan establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities. Valuations for assets and liabilities traded in less active dealer or broker markets are obtained from third party pricing services for identical or similar assets or liabilities.

Note 4 Fair Value Measurements (continued)

Level 3 - Inputs that are both significant to the fair value measurement and unobservable. Valuations for assets and liabilities are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Mutual funds and equity securities- Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets measured at fair value:				
Mutual funds and equity securities	\$ 2,058,666	\$ -	\$ -	\$ 2,058,666
<u>2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets measured at fair value:				
Mutual funds and equity securities	\$ 2,144,973	\$ -	\$ -	\$ 2,144,973

Note 5 Party-In Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

The Plan allows for participants to make loans from the Plan. Notes receivable from participants qualify as exempt party-in-interest transactions under ERISA.

A shareholder of the Plan Sponsor serves on the board of trustees of the Plan and is currently a participant in the Plan.

Fidelity Management Trust Company manages the investments held in mutual funds. Fidelity Management Trust Company, as the Plan's trustee and record keeper, qualifies as a party-in-interest. For the year ended December 31, 2022, direct compensation paid by the Plan for administrative services amounted to \$34,749.

Note 5 Party-In Interest Transactions (continued)

Caras & Shulman, P.C. acts as the Plan's external auditors and as such, qualifies as a party-in-interest. For the year ended December 31, 2022, compensation paid by the Plan sponsor for audit services amounted to \$22,000.

Note 6 Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 7 Tax Status

The Plan Sponsor has obtained an opinion letter dated June 30, 2020 in which the Internal Revenue Service stated that the restated prototype Plan document was in compliance with applicable requirements of the Internal Revenue Code. The Plan administrator timely adopted the restated prototype plan. The Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 Discrimination Testing

During the 2022 ADP and ACP Non-Discrimination Test, three participants were deemed to have excess elective deferrals totaling \$15,401 and excess employer match contributions totaling \$2,800. In March 2023, the excess elective deferrals were distributed to the participants while the excess employer match contributions were allocated to the Plan's forfeiture account.

Note 10 Subsequent Events

The Plan Sponsor evaluated all subsequent events for the Plan through October 4, 2023, the date the financial statements were available to be issued and has determined that there were no other material events that would require disclosure in the Plan's financial statements through this date.
