Report of Independent Auditors

The Plan Administrator of
Valley Children's Hospital Defined Contribution Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Valley Children's Hospital Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valley Children's Hospital Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Children's Hospital Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Children's Hospital Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Children's Hospital Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Children's Hospital Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Valley Children's Hospital Defined Contribution Retirement Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following is a brief description of the Valley Children's Hospital Defined Contribution Retirement Plan (the Plan), and is for general informational purposes only. Participants should refer to the Plan document for a complete description of the Plan.

General – The Plan is a defined contribution plan covering substantially all employees of Valley Children's Hospital (the Hospital) and Valley Children's Medical Group (the Medical Foundation) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Hospital is the Plan's sponsor and administrator.

Eligibility – Upon hire, all employees are eligible to make elective salary deferral contributions to the Plan. Employees of the Hospital are eligible to receive employer contributions after one year of service in which at least 1,000 hours are worked. Employees of the Medical Foundation are not eligible to receive matching contributions. Employees of the Hospital and the Medical Foundation must be employed on December 31, and have worked 1,000 hours in that year to be eligible to receive the annual base contribution.

Contributions – Contributions to the Plan are made through employee deferrals on earned compensation. Participants may contribute on a tax-deferred basis up to the annual limitations as prescribed by the Internal Revenue Service (IRS). Participants may elect to make Roth contributions utilizing after-tax contributions. Participants may also make rollover contributions representing distributions from other qualified plans.

The Hospital may make discretionary matching contributions, as defined by the Plan. For the year ended December 31, 2022, the Hospital made matching contributions of 60% of each eligible participant's contributions up to 6% of eligible compensation. Employees of the Medical Foundation are not eligible to receive matching contributions under the Plan.

The Hospital may also make discretionary base contributions, as defined by the Plan. For the year ended December 31, 2022, the Hospital made base contributions ranging from 2% to 6% of each eligible participant's compensation, depending on the sum of each participant's age and years of service.

Vesting – Participants are fully vested in their salary deferrals and rollovers plus actual earnings thereon. Participants become 100% vested in discretionary employer matching contributions and the discretionary employer base contribution upon death, disability, or retirement, or according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Participant accounts – Each participant's account is credited with the participant's contribution and, if eligible, the Hospital's matching contribution and base contribution. Earnings on assets held by the Plan are allocated to each participant in the same proportion the participant's account balance bears to the total of all account balances. The only benefit to which a participant is entitled is the balance in the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Payment of benefits – Upon termination of service, the value of a participant's vested account is payable, at each participant's or beneficiary's option in a single lump-sum payment.

Notes to Financial Statements

Hardship withdrawals – In the event of immediate and severe financial hardship, as defined by the Plan and subject to approval, a participant is entitled to withdraw their elective deferrals in the form of a lump-sum cash payment. No hardship withdrawal may be made from the participant's balance that has been derived from employer contributions or earnings of the account.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. Loans to participants are repayable over a 5-year term or a 15-year term if for the purchase of a primary residence. Loans bear interest at rates based on the current prime rate plus a margin of 2%. As of December 31, 2022, the rates of interest on outstanding loans ranged from 3.25% to 9.50% with various maturities through March 2037.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay reasonable Plan fees and expenses, reduce future employer matching contributions, or to reinstate previously forfeited accounts.

Plan termination – Although there is no current intent to do so, the Hospital has the right to terminate the Plan subject to the provision set forth by ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation – The investments are stated at fair value and contract value. The Plan's custodian, State Street Bank and Trust Company, certifies the contract value of the guaranteed investment contracts and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes to Financial Statements

Notes receivable from participants – Notes receivable from participants are measured at the unpaid principle balance plus any accrued but unpaid interest and are classified as notes receivable. Delinquent notes receivable from participants may be reclassified as distributions upon the occurrence of a distributable event, as defined. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses related to the Plan are paid by the Plan. Certain administrative services are provided by the Hospital at no cost to the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after the statement of net assets available for benefits date, and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 9, 2023, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Registered investment companies (mutual funds) – Shares of registered investment company funds (or mutual funds) are valued at the net asset value of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

The following tables disclose by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31:

Investment Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 394,036,443	\$ -	\$ -	\$ 394,036,443

Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 471,092,757	\$ -	\$ -	\$ 471,092,757

NOTE 4 – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

At December 31, 2022, the Plan maintains a fully benefit-responsive investment contract (FBRIC) with New York Life Insurance Company (NYL), which is a guaranteed interest account under a participating group annuity contract. NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semi-annual basis for resetting on January 1 and July 1.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by NYL, represents contributions made under this contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, except for defined limitations relating to competing investment options.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future and regulatory developments.

Notes to Financial Statements

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) a merger, consolidation, spin-off or sale of assets involving the employer or Plan sponsor; (2) the sale or closing of all or part of the Plan sponsor's operations; (3) the distribution of any communication to participants intended or designed to induce participants to make withdrawals or transfers from the stable value investment option other than as defined to be allowed; (4) the complete or partial termination of the Plan or the cessation of, or a substantial reduction in, contributions to the Plan by the Plan sponsor; (5) a group termination, group layoff, or the exclusion of a group from eligibility in the Plan by the Plan sponsor; (6) the implementation of an early retirement program by the Plan sponsor; (7) any amendment to the Plan that has a material or adverse effect on the issuer's financial experience under the contract as defined; (8) the complete or partial termination of the Plan's fixed income or stable value option; (9) the establishment of a defined contribution plan by the Plan sponsor that competes for participant contributions to the Plan; (10) a merger or consolidation of the Plan with a different plan, or a transfer of assets of the fixed income or stable value option to a different plan; (11) the implementation by the Plan Sponsor of a re-enrollment program that results in transfers from the fixed income or stable value option to other investment options as defined. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The Plan sponsor may terminate the contract upon defined written notice. Depending on the then current interest crediting rates, NYL may require settlement over a period of time. NYL may terminate the contract upon defined written notice for any reason. Certain events allow NYL to terminate the contract and settle at an amount different from contract value, or require settlement over a period of time. Such events are: (1) If an alternate funding vehicle as defined becomes available to Plan participants as a separate investment option that participants can directly elect in lieu of the contract, and (2) if the Plan fails to maintain its tax exempt status under the applicable section of the Internal Revenue Code (the Code).

The Plan also maintains a fully benefit-responsive investment contract with Lincoln National Life Insurance Company (Lincoln). A Group Annuity Guaranteed Fund is offered under such contract. The contract amount maintained in the Guaranteed Fund is guaranteed against loss of principal, less all withdrawals, including charges and adjustments. The guarantee is based on Lincoln's ability to meet its financial obligations from the general assets of Lincoln. This Guaranteed Fund is also reported at contract value in the statements of net assets available for benefits. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

State Street Bank and Trust Company, the custodian for significantly all assets, has certified to the completeness and accuracy of:

- Investments of \$457,254,775, and notes receivable from participants of \$11,505,807, as of December 31, 2022, and investments of \$532,378,970, and notes receivable from participants of \$12,226,652, as of December 31, 2021, included on the accompanying statements of net assets available for benefits.

Valley Children's Hospital Defined Contribution Retirement Plan

Notes to Financial Statements

- Net depreciation in fair value of investments of \$90,284,222, interest of \$1,424,322, dividends of \$8,198,827, and interest of \$672,137 from notes receivable from participants, included on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental schedule of assets (held at end of year) of \$468,760,582.

NOTE 6 – TAX STATUS

The Plan administrator believes the Plan meets the qualification requirements under Section 401(a) and is tax exempt under provisions of the Code. There is currently no program with the IRS to obtain a determination letter for 403(b) plans. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.
