Independent Auditor's Report

Plan Trustees and Plan Participants
Multistack, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Multistack, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Multistack, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Multistack, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Multistack, LLC (the Company or Plan Administrator) who meet the eligibility requirements and elect to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has a group variable funding agreement with Ameritas Life Insurance Corp., and has appointed them as the custodian of the Plan. The custodian is responsible for maintaining custody of the Plan's assets, processing contributions and distributions, and executing transactions to appropriate investment options.

Eligibility: Employees who have reached 21 years of age and completed one year of service consisting of at least 1,000 hours are eligible to make salary deferral contributions to the Plan on the date these criteria are met. Employees are eligible for discretionary Company matching contributions based on the same eligibility criteria as employee contributions. The Company, at its discretion, may also make profit sharing contributions. Employees who have completed one year of service (1,000 hours), have reached 21 years of age and are employed on the last day of the Plan year (except in the year of death, disability or retirement) are eligible to receive profit sharing contributions.

Contributions: The Plan allows participants to elect to contribute an amount of their eligible compensation, as defined, up to the maximum dollar amount determined by the Internal Revenue Service (IRS) each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company may elect to make a matching contribution to eligible participants, provided that not more than 6% of any participant's eligible compensation shall be eligible for matching contributions. For 2022, the Company elected to make a matching contribution each payroll period equal to 30%, increased to 50% as of April 1, 2022, of each individual participant's contributions, subject to the 6% of compensation limitation. Any discretionary profit-sharing contribution is allocated among eligible participants based on their annual eligible compensation, as defined by the Plan. For 2022, the Company did not elect to make a discretionary profit-sharing contribution.

Participants direct the investment of their salary deferral contributions and Company contributions into various investment options offered by the Plan. Participants may elect to have all or part of their account balances and future contributions transferred from one investment option to another in any combination.

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited or charged with the participant's contribution, the Company's matching contributions, if any, as well as allocations of the Company's discretionary profit-sharing contributions, if any, forfeited accounts, Plan investment results and expenses that are paid by the Plan. Allocations are based on eligible participant compensation, participant account balances or specified participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms generally may not exceed five years; longer terms are available if the note proceeds are used by the participant for the purchase of a primary residence. Note payments are made through payroll deductions. The maximum number of notes a participant may have outstanding at one time is two. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. The Plan has two notes outstanding at December 31, 2022, both of which have an interest rate of 4.25%.

Multistack, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions, including actual investment earnings and losses thereon. Vesting in the Company's contribution portion of their accounts, including actual investment earnings and losses thereon, is based on years of service, as defined in the Plan. A participant is 100% vested upon attainment of retirement age, death or permanent disability while employed, or upon becoming fully vested based on years of service. Otherwise, participants are vested according to the following schedule:

Years of Vesting Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts: Amounts not vested upon termination of employment are forfeited by participants and can be used by the Plan to pay administrative expenses, fund Company contributions to the Plan, restore previously forfeited account balances or the forfeited balances can be reallocated as additional contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$9,400 and \$8,600, respectively. For the year ended December 31, 2022, approximately \$8,600 of forfeited nonvested accounts were reallocated to eligible participants as an additional Company contribution.

Payment of benefits: On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan may make mandatory distributions of account balances that are \$5,000 or less. If the Plan elects to make a mandatory distribution, participant balances that are less than \$1,000 at the time of termination will be paid out in cash in a lump sum, and balances between \$1,000 and \$5,000 will be rolled over into an individual retirement account designated by the Plan Administrator. The Plan allows for in-service distributions to participants under certain circumstances, including financial hardship.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements are presented on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Plan's investment advisors and custodian, and other third parties. See Note 7 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Multistack, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments, and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded.

Notes receivable from participants are classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Company, as determined by the Plan Administrator.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 27, 2023, the date these financial statements were available to be issued.

Note 3. Plan Termination and Amendments

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan, subject to the provisions of ERISA. Plan participants shall be 100% vested in their accounts if the Plan is terminated or partially terminated, and such participant is affected by such partial termination.

Note 4. Income Tax Status

The Plan adopted a non-standardized pre-approved plan sponsored by Northwestern Wisconsin Associates, Inc. The pre-approved plan provider has received an opinion letter, dated June 30, 2020, from the IRS, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Related-Party and Party-in-Interest Transactions and Administrative Expense

Plan investments are units of pooled separate accounts managed by Ameritas Life Insurance Corp. Ameritas Life Insurance Corp. is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian and investment consultant are included in administrative expenses in the statement of changes in net assets available for benefits. During the year ended December 31, 2022, the Company paid certain administrative expenses for the Plan which have been excluded from these financial statements. Certain administrative functions are performed by employees of the Company. No such employee receives separate compensation from the Plan.

Note 6. Information Certified or Provided by Ameritas Life Insurance Corp.

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was obtained by management and agreed to or derived from information certified by Ameritas Life Insurance Corp., the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ 5,209,192	\$ 6,063,112
Notes receivable from participants	10,304	14,283

Ameritas Life Insurance Corp. also certified to the completeness and accuracy of \$526 of interest income on notes receivable from participants and \$942,436 of net depreciation in fair value of investments for the year ended December 31, 2022.

Note 7. Fair Value Measurements

Accounting guidance establishes a framework for measuring fair value. The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of the units of accounts held by the Plan. The NAV is used as a practical expedient to estimate fair value. The NAV of the account is reported by the account manager at year-end, and is based on the underlying quoted market price of the assets that comprise each account. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the NAV. Each pooled separate account's underlying assets is composed primarily of an individual mutual fund or collective investment fund. The underlying holdings differ across each fund, but include a mix of U.S. and international equity and fixed-income securities. Investments in pooled separate accounts can be redeemed daily at the current NAV per unit of account.

In accordance with U.S. GAAP, the pooled separate accounts held by the Plan are not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because they are measured at NAV per share as a practical expedient.

Note 7. Fair Value Measurements (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value Estimated Using NAV Per Share as of December 31, 2022				
	Fair Value	Redemption Frequency	Unfunded Commitment	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	<u>\$ 5,209,192</u>	Daily	None	None	None
Investment	Fair Value Estimated Using NAV Per Share as of December 31, 2021				
	Fair Value	Redemption Frequency	Unfunded Commitment	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	<u>\$ 6,063,112</u>	Daily	None	None	None

Note 8. Risks and Uncertainties

Participants are allowed to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment balances have occurred since December 31, 2022, or will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.
