Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Ransom Everglades School Section 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from errors, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Ransom Everglades School Section 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is a defined contribution 403(b) Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is comprised of a defined contribution (“DC”) retirement plan under which Ransom Everglades School, Inc. (“School”) may make contributions on behalf of the School’s eligible employees each year, and a voluntary tax deferred annuity (“TDA”) plan, under which eligible employees may elect to make an additional contribution. The Plan commenced on September 30, 1958, and has since been amended and restated to conform to certain IRS regulatory requirements. The purpose of the Plan is to provide retirement benefits for participating employees. Currently, benefits are provided through insurance and annuity contracts issued by Teachers Insurance and Annuity Association (“TIAA”).

Eligibility Requirements

All employees of the School are eligible to participate in the TDA other than student-teachers and employees who normally work fewer than 20 hours per week. In addition, administrative or staff employees whose regular schedule is for an average of at least 30 hours per week, or 1,560 hours per year, and faculty employees who are regularly scheduled to work at least 60% of a full time teaching equivalent, are eligible to participate in the DC portion of the Plan and receive employer contributions.

Contributions

Under the TDA portion of the Plan, contributions will be made in accordance with the salary-reduction agreement entered into with the School up to the maximum allowed by the Internal Revenue Code. Under the DC portion, employer contributions will be made on a percentage of compensation, according to age and years of service as of the contribution date, provided that eligible participants have contributed at least 5% of their compensation. Each participant self-directs their account by selecting from various fund options, including guaranteed investment contracts, a pooled separate account, and portfolios with a registered investment company. Contributions are subject to certain limitations set by law.

Participant Accounts

Accounts are maintained for each participant to track the value of the participant and employer contributions, as well as the interest and investment earnings, less any withdrawals and charges. Investment earnings are allocated based on beginning account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in theirs and the employer’s contributions, including rollover contributions from a qualified retirement plan, plus accumulated earnings thereon.

Rollovers

The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon retirement, disability, or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in monthly or annual installments in accordance with the Plan's provisions. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account as a cash withdrawal. Plan participants with vested account balances equal to or less than \$5,000 may receive a single sum payment of the account balance. Plan participants with vested account balances greater than \$5,000 may elect to receive a distribution of their account balance or in substantially equal payments over a period of 10 years. Participants may also elect to receive their distribution in the form of a direct rollover to a qualifying account.

In the event of a financial hardship, a participant may receive a lump-sum cash payment from the TDA Plan. Hardship distributions are permitted only when it is necessary to meet a heavy and immediate financial need. Employed participants that reach the age of 59½ may receive a cash withdrawal equal to their TDA balance.

Administrative Expenses

Investment, recordkeeping, and distribution fees incurred by TIAA are deducted directly from the investments.

Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions into various investments and investment contracts offered by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America. In September 2009, the Financial Accounting Standards Board ("FASB") implemented the Accounting Standards Codification ("ASC") which establishes FASB ASC as the source of authoritative U.S. accounting and reporting standards for nongovernmental entities. Presented below is a summary of significant accounting principles followed in the preparation of the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments held by the Plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts (“FBRIC”). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRIC’s are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2022 and 2021, all participants who had elected to withdraw from the Plan had been paid.

Risk and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued.

NOTE 3 – PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan’s investments are shares of mutual funds and investment contracts managed by TIAA, the Certifying Entity of the Plan; therefore, these transactions qualify as party-in-interest. All direct fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Employer. As of December 31, 2022 and 2021, fees totaling \$10,480 and \$10,381 were paid by the Plan for certain investment and management services and were deducted from the net asset values of the investments of the Plan.

NOTE 4 – INFORMATION CERTIFIED BY THE CERTIFYING ENTITY

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, the Certifying Entity of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related net (depreciation) appreciation in value of investments, interest and dividend income reflected in the accompanying Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2022 and 2021.

**RANSOM EVERGLADES SCHOOL
SECTION 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 5 – TAX STATUS

The effective date of the Plan is September 30, 1958. Although there have been amendments to the plan and changes in its design, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under section 403(b) as of December 31, 2022 and 2021. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would be sustained upon examination by the applicable taxing authorities.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2019.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 – asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 – other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 – significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

Registered Investment Companies –Valued at the daily closing price as reported by the fund.

Pooled Separate Account –Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end.

General Account – Non-benefit responsive contracts valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been provided and certified to as complete and accurate by the Certifying Entity.

The Plan's investments at December 31, 2022 and 2021 are reported at fair value in the accompanying statement of net assets available for benefits.

Benefit Responsive Investment Contract

The Plan has a benefit-responsive investment contract with TIAA. This insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Based on its assumptions and analysis, TIAA has concluded that contract value approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. At December 31, 2022 and 2021, the benefit responsive contracts totaled \$2,176,597 and \$2,239,485 respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

**RANSOM EVERGLADES SCHOOL
SECTION 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 7 – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance entity to terminate the agreement prior to the scheduled maturity date.

Non-benefit Responsive Investment Contract

The Plan entered into a non-benefit investment contract with TIAA. TIAA maintains the contributions in an unallocated general account to which it adds interest at annual rates. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract for a benefit event (termination, death, disability, or retirement). At December 31, 2022 and 2021, non-benefit responsive contracts totaled \$14,391,125 and \$14,285,339 respectively. These amounts are reported at fair value. See Note 6.

Plan Loan Default Fund

Plan loans issued by TIAA are secured by the balance in the participant's account. The Plan loan default fund represents the non-distributable amounts arising from a Plan loan that is in default and contract/Plan provisions or corporate policy precludes TIAA from offsetting collateral, in whole, or in part, in satisfaction of the outstanding Plan loan balances until a triggering or distributable event occurs. The distributable amount is used to offset the defaulted Plan loan, in whole or in part. The Plan loan default fund is included in non-benefit responsive investments contracts at December 31, 2022 and 2021 and reported at fair value. At December 31, 2022 and 2021 plan loan default fund totaled \$46,072 and \$66,211, respectively.
