Independent Auditor's Report

To the Plan Administrator
Eastern Lift Truck Co., Inc. 401(k) Retirement Plan
Maple Shade, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eastern Lift Truck Co., Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Eastern Lift Truck Co., Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that provides Internal Revenue Code (“IRC”) section 401(k) deferral benefits for employee compensation, as defined by the Plan, and the Company’s matching contributions. The Plan covers all employees of the Eastern Lift Truck Co., Inc. (the “Company”) who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and has been amended when necessary for current regulations.

Plan Administration

The Plan is currently administered by the Company. Fidelity Management Trust Company (“Fidelity”) is the Plan’s Trustee (the “Trustee”) and the record keeper for the Plan and performs certain administrative duties.

Contributions

Participants may contribute up to 25% of pretax annual compensation, as defined by the Plan, and subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Plan has been amended to also allow participants to make Roth deferral contributions to the Plan, which is an after-tax contribution. For the year ended December, 31, 2022, the statutory maximum was \$20,500. For the year ended December 31, 2022, participants who have attained age 50 before the end of the Plan year were eligible to make additional catch-up contributions of up to \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“roll-overs”).

Pursuant to the terms of the Plan, the Company matches 25% of the first 6% of base compensation that each participant contributes. The Company, at its discretion, may make an annual contribution as determined by the Board of Directors, which will be allocated to each participant in the ratio that the participant’s compensation bears to the compensation of all participants who have completed more than 500 hours of service in the Plan year, which is waived upon death, disability, or retirement, in accordance with Plan provisions. The Company may elect to forego a discretionary contribution in any year.

Participant Accounts

A separate account is maintained for each participant. Each participant’s account is credited with the participant’s and the Company’s contributions and an allocation of net Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Eastern Lift Truck Co., Inc. 401(k) Retirement Plan

Notes to Financial Statements

Vesting

At any time, participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's vested account and bear interest at rates commensurate with prime plus 1%. Loan repayments are made through payroll deductions over a term not to exceed five years, unless the proceeds of the loan are used to purchase the primary residence of the participant.

Payment of Benefits to Participants

On termination of service due to death, disability, separation or retirement at age 65, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or may elect to receive benefits in the form of an annuity as specified in the Plan. Balances less than \$5,000, excluding roll-overs, are automatically distributed as lump sum payments to participants. Participants are permitted to process in-service withdrawals, in accordance with Plan provisions upon attaining age 59½ or under circumstance of financial hardship in certain circumstances, as defined in the Plan document, before that age.

Forfeitures

Forfeitures by non-vested participants are used to reduce future Company contributions. As of December 31, 2022, and 2021, the Plan had \$941 and \$2,629 respectively, of available forfeitures to offset against future Company contributions. For the year ended December 31, 2022, \$59,329 of forfeited non-vested accounts were used to reduce the Company's matching contributions.

Administrative Expenses

The Company pays some of the administrative costs of the Plan associated with professional services provide to the Plan, such as legal fees and accounting fees. Certain administrative expenses are paid by Plan participants such as overnight fees, loan origination and loan maintenance fees. Recordkeeping fees are paid by the Plan.

Eastern Lift Truck Co., Inc. 401(k) Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan's investment fund options provide participants with a variety of investment alternatives with differing levels of risk and income potential. Investment securities are exposed to various risks, such as significant world events, interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, including the collective trust, which holds indirect investments in fully benefit-responsive investment contracts.

Shares of registered investment companies ("mutual funds") are valued at the daily closing quoted price of the shares held by the Plan. Shares of the common collective trust ("CCT") are valued at net asset value ("NAV") per unit as determined by the Trustee at year-end. The CCT's NAV is used as the practical expedient to estimate fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The accompanying statement of changes in net assets available for benefits presents net depreciation in the fair value of investments, which included unrealized gains and losses for investments held at December 31, 2022 and realized gain and losses on investments sold during the year then ended.

Eastern Lift Truck Co., Inc. 401(k) Retirement Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Investments and Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ACS 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For a description of the valuation methodologies used for assets measured at fair value, see Note 2. Other than those matters described in Note 3, there are no restrictions or limitations on the withdrawal of other investments in the portfolio. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Eastern Lift Truck Co., Inc. 401(k) Retirement Plan

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value.

Investments at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,255,119	\$ -	\$ -	\$ 45,255,119
Common collective trust: Federated Capital Preservation Fund measured at NAV*				2,031,306
Total investments at fair value				\$ 47,286,425

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,764,838	\$ -	\$ -	\$ 51,764,838
Common collective trust: Federated Capital Preservation Fund measured at NAV*				1,608,050
Total investments at fair value				\$ 53,372,888

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. Party-in-Interest and Related Party Transactions

The Plan's recordkeeper or its affiliates maintain and manage certain of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists. Notes receivable from participants and related interest income also qualify as party-in-interest transactions.

Eastern Lift Truck Co., Inc. 401(k) Retirement Plan

Notes to Financial Statements

7. Tax Status

Effective August 4, 2021, the Plan adopted the Fidelity Pre-Approved Defined Contribution Plan (“Pre-Approved Plan”). The Internal Revenue Service (“IRS”) ruled on June 30, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”).

Prior to the adoption of the Pre-Approved Plan, the Plan had operated under a pre-approved volume submitter plan which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Subsequent Events

The Plan Administrator evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Independent Auditor's Report

To the Plan Administrator
Eastern Lift Truck Co., Inc. 401(k) Retirement Plan
Maple Shade, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eastern Lift Truck Co., Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Eastern Lift Truck Co., Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that provides Internal Revenue Code (“IRC”) section 401(k) deferral benefits for employee compensation, as defined by the Plan, and the Company’s matching contributions. The Plan covers all employees of the Eastern Lift Truck Co., Inc. (the “Company”) who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and has been amended when necessary for current regulations.

Plan Administration

The Plan is currently administered by the Company. Fidelity Management Trust Company (“Fidelity”) is the Plan’s Trustee (the “Trustee”) and the record keeper for the Plan and performs certain administrative duties.

Contributions

Participants may contribute up to 25% of pretax annual compensation, as defined by the Plan, and subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Plan has been amended to also allow participants to make Roth deferral contributions to the Plan, which is an after-tax contribution. For the year ended December, 31, 2022, the statutory maximum was \$20,500. For the year ended December 31, 2022, participants who have attained age 50 before the end of the Plan year were eligible to make additional catch-up contributions of up to \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“roll-overs”).

Pursuant to the terms of the Plan, the Company matches 25% of the first 6% of base compensation that each participant contributes. The Company, at its discretion, may make an annual contribution as determined by the Board of Directors, which will be allocated to each participant in the ratio that the participant’s compensation bears to the compensation of all participants who have completed more than 500 hours of service in the Plan year, which is waived upon death, disability, or retirement, in accordance with Plan provisions. The Company may elect to forego a discretionary contribution in any year.

Participant Accounts

A separate account is maintained for each participant. Each participant’s account is credited with the participant’s and the Company’s contributions and an allocation of net Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Notes to Financial Statements

Vesting

At any time, participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's vested account and bear interest at rates commensurate with prime plus 1%. Loan repayments are made through payroll deductions over a term not to exceed five years, unless the proceeds of the loan are used to purchase the primary residence of the participant.

Payment of Benefits to Participants

On termination of service due to death, disability, separation or retirement at age 65, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or may elect to receive benefits in the form of an annuity as specified in the Plan. Balances less than \$5,000, excluding roll-overs, are automatically distributed as lump sum payments to participants. Participants are permitted to process in-service withdrawals, in accordance with Plan provisions upon attaining age 59½ or under circumstance of financial hardship in certain circumstances, as defined in the Plan document, before that age.

Forfeitures

Forfeitures by non-vested participants are used to reduce future Company contributions. As of December 31, 2022, and 2021, the Plan had \$941 and \$2,629 respectively, of available forfeitures to offset against future Company contributions. For the year ended December 31, 2022, \$59,329 of forfeited non-vested accounts were used to reduce the Company's matching contributions.

Administrative Expenses

The Company pays some of the administrative costs of the Plan associated with professional services provide to the Plan, such as legal fees and accounting fees. Certain administrative expenses are paid by Plan participants such as overnight fees, loan origination and loan maintenance fees. Recordkeeping fees are paid by the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan's investment fund options provide participants with a variety of investment alternatives with differing levels of risk and income potential. Investment securities are exposed to various risks, such as significant world events, interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, including the collective trust, which holds indirect investments in fully benefit-responsive investment contracts.

Shares of registered investment companies ("mutual funds") are valued at the daily closing quoted price of the shares held by the Plan. Shares of the common collective trust ("CCT") are valued at net asset value ("NAV") per unit as determined by the Trustee at year-end. The CCT's NAV is used as the practical expedient to estimate fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The accompanying statement of changes in net assets available for benefits presents net depreciation in the fair value of investments, which included unrealized gains and losses for investments held at December 31, 2022 and realized gain and losses on investments sold during the year then ended.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Investments and Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ACS 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For a description of the valuation methodologies used for assets measured at fair value, see Note 2. Other than those matters described in Note 3, there are no restrictions or limitations on the withdrawal of other investments in the portfolio. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value.

Investments at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,255,119	\$ -	\$ -	\$ 45,255,119
Common collective trust: Federated Capital Preservation Fund measured at NAV*				2,031,306
Total investments at fair value				\$ 47,286,425

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,764,838	\$ -	\$ -	\$ 51,764,838
Common collective trust: Federated Capital Preservation Fund measured at NAV*				1,608,050
Total investments at fair value				\$ 53,372,888

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. Party-in-Interest and Related Party Transactions

The Plan's recordkeeper or its affiliates maintain and manage certain of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists. Notes receivable from participants and related interest income also qualify as party-in-interest transactions.

7. Tax Status

Effective August 4, 2021, the Plan adopted the Fidelity Pre-Approved Defined Contribution Plan (“Pre-Approved Plan”). The Internal Revenue Service (“IRS”) ruled on June 30, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”).

Prior to the adoption of the Pre-Approved Plan, the Plan had operated under a pre-approved volume submitter plan which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Subsequent Events

The Plan Administrator evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
