VENABLE LLP 401(k) PLAN A

**Financial Statements
Together with Independent Auditors' Report**

**As of December 31, 2022 and 2021 and
For the Year Ended December 31, 2022**

INDEPENDENT AUDITORS' REPORT

To the Venable LLP 401(k) Plan A
and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Venable LLP 401(k) Plan A (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Charles Schwab Trust Bank, the Trustee, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Venable LLP 401(k) Plan A and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Venable LLP 401(k) Plan A's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Venable LLP 401(k) Plan A's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Venable LLP 401(k) Plan A's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Venable LLP 401(k) Plan A (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Venable LLP (the Company), effective January 1, 1991. The Plan covers all partners, certain other attorneys, and certain categories of employees of the Company, as defined by the Plan. Employees are eligible to participate in the Plan after completing one hour of service. Employees may enter the Plan on the first day of the month following that in which the eligibility requirements have been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended on August 3, 2022 to be retroactively effective January 1, 2019 to update the definition of compensation under the Plan.

During 2018, employees and equity partners of Fitzpatrick, Cella, Harper & Scinto (FCHS) joined the Company. Effective November 1, 2018, the Plan was amended to allow FCHS employees to participate in the Plan, with the exception of equity partners, who were unable to participate until January 1, 2019. FCHS employees received prior credited service with FCHS, however, such service was not granted for FCHS equity partners until January 1, 2019.

Plan Restructure

Effective January 1, 2016, the Plan was renamed the Venable LLP 401(k) Plan A (Plan A), formerly the Venable LLP Retirement Plan. The Retirement Plan for Associates of Venable LLP (the Associates Plan), also sponsored and managed by the Company, was restructured and renamed the Venable LLP 401(k) Plan B (Plan B). The Plan was cloned so that there is an A 401(k) plan and a new cloned B 401(k) plan. Equity partner and senior management employees (collectively, Cash Balance Plan (CBP participants)) account balances remained in Plan A. As of January 1, 2016, CBP participants' future elective deferrals and matching contributions will continue to be made in full to Plan A, while their discretionary Company contributions will be split evenly between Plan A and Plan B.

As of January 1, 2016, all other Company employees are assigned to Plan A if their social security number ends in an even number and to Plan B if their social security number ends in an odd number.

Participant Contributions

Participants are eligible to contribute up to 100% of their compensation, as defined by the Plan, not to exceed the maximum allowable contribution under Section 402(g) of the Internal Revenue Code (the Code), which totaled \$20,500 for the year ended December 31, 2022. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for the year ended December 31, 2022. Participants are permitted to make rollover and Roth elective contributions to the Plan.

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Contributions – cont'd.

A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Roth elective contributions are treated as elective contributions for all purposes under the Plan.

Effective October 1, 2017, the Plan was amended to include automatic enrollments for all new hires after October 1, 2017, excluding equity partners. Unless a participant elects not to contribute or contribute a different percentage, the participant will be automatically enrolled at 5% of compensation with auto escalation of 1% annually on January 1 up to a maximum of 10%.

Effective January 1, 2019, all employees, excluding equity partners, who were eligible to contribute to the Plan prior to October 1, 2017, or were participating at a rate less than 5%, were automatically enrolled in the Plan at 5% of compensation, unless they elected not to contribute or contribute a different percentage. Such contributions are also subject to auto escalation of 1% annually on January 1 up to a maximum of 10%.

Company Contributions

Upon completion of 1,000 hours of service during a 12-consecutive-month period, as defined by the Plan, participants become eligible for Company matching contributions. Subject to statutory limitations, the Company will match, on an annual basis, 100% of the elective contributions made by the participants, not to exceed 2% of such participant's compensation, which is not to exceed the maximum allowable annual compensation under Section 401(a)(17) of the Code, which totaled \$305,000 for the year ended December 31, 2022. Matching contributions are made for all eligible participants except for practicing attorneys who are not CBP participants, senior legislative advisors or legislative advisors. Effective January 1, 2019, a practicing attorney who is not a CBP participant but is promoted to CBP participant status, is eligible for the match during the Plan year in which the promotion becomes effective, as defined by the Plan. If a participant converts out of CBP participant status, they are not eligible for matching contributions for such Plan year. Matching contributions are only made for eligible participants who are employed by the Company on the last day of the Plan year (or who retire or die during the Plan year).

Participants become eligible for Company discretionary contributions as of the January 1st or July 1st coinciding with, or next following, the completion of 6 months of employment. If an equity partner converts out of equity partner status during the Plan year, their eligibility for a discretionary contribution shall be based on their status as of the last day of the Plan year and based only on compensation paid after the conversion out of equity partner status. Conversely, if a nonequity partner converts to an equity partner, their discretionary contribution shall be based solely on compensation received as a nonequity partner for such Plan year. Discretionary contributions are only made for eligible participants who are employed by the Company on the last day of the Plan year (or who retire or die during the Plan year).

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

For Company discretionary contributions effective after January 1, 2016, equity partners will receive an amount determined by starting with the overall annual contribution limit (\$61,000 for 2022 under Section 415(c)(1)(A) of the Code), and subtracting the maximum available elective deferral amount (\$20,500 for 2022) and the maximum available match (\$6,100 for 2022), or \$34,400 for 2022. The formulas under Plans A and B will each provide for one half of this amount. If an equity partner's compensation or contributions are less than the maximum per IRS limits, the discretionary contribution shall be multiplied by a factor equal to the equity partner's compensation divided by the compensation limitation for the Plan year. All other participants eligible for Company discretionary contributions will receive 5% of compensation, subject to statutory limitations, plus 1.5% of compensation in excess of 100% of the Social Security Wage base. For senior management employees, one half of this amount will be contributed to Plan A and one half to Plan B.

The Company made matching and discretionary contributions totaling \$8,888,487, net of forfeitures of \$7,850 for the year ended December 31, 2022. Of this amount, \$8,880,569 was paid in 2023 and is recorded as a contribution receivable in the statement of net assets available for benefits as of December 31, 2022.

Participant Accounts

Each participant's account is participant or self-directed, and contributions and withdrawals are credited according to the investment options selected by each participant. Any earnings, losses, and administrative expenses are allocated to the participant's account based upon the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have the option to invest in self-directed brokerage accounts, where the participant may select additional investments, as permitted by the Plan and in accordance with ERISA. The Plan allows self-directed investments in interest bearing cash, common stock, corporate obligations, government and agency obligations, preferred stock, registered investment companies and unit investment trusts.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000, and a participant may hold only two outstanding notes at any given time. The notes are collateralized by the participant's vested account balance. Note repayments are to be made each pay period through payroll deductions. The interest rate for the duration of the note is comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for the purchase of a primary residence may be repaid over a period of ten years.

Effective January 1, 2016, for ease of administration, CBP participants will be able to take loans only from Plan A; however, their Plan B balances will be taken into account when determining their available loan amount for collateral purposes.

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN – cont'd.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant or their beneficiary, in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant may, at any time, withdraw their rollover contributions from the Plan. Such withdrawals are limited to two distributions annually. For termination of service due to other reasons, or upon reaching age 59 ½, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. If a participant's vested account balance upon termination is less than \$5,000 and no distribution election is made by the participant, the balance may be distributed at any time without participant consent. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. There were no net assets of the Plan allocated to accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of December 31, 2022 and 2021.

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus earnings thereon. Effective January 1, 2016, all future discretionary contributions vest immediately. Prior to January 1, 2016, participants vested in Company discretionary contributions and earnings thereon based on the years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures are treated as a reduction of Company contributions to the Plan in the year in which the forfeiture occurs and are allocated in accordance with the formula set forth for Company contributions. Forfeitures of a partially vested terminated participant will be reinstated if the former participant returns as an employee of the Company within five years of the date of termination and fully repays all distributions received from the Plan upon such termination. There were no forfeitures available as of December 31, 2022 and 2021. The amount of forfeitures used to reduce Company contributions paid during the year ended December 31, 2022 totaled \$7,850.

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN – cont'd.

Plan Expenses

Expenses incurred in the administration and operation of the Plan may be paid by the Trustee with assets of the Plan, unless paid by the Company at its discretion. During the year ended December 31, 2022, the Plan paid the majority of direct expenses related to the Plan. During the year ended December 31, 2022, the Plan had a revenue sharing arrangement with the Trustee to be used to offset administrative expenses. Any revenue sharing in excess of amounts used to offset administrative expenses is allocated to participants on a pro-rata basis. During the year ended December 31, 2022, there were no revenue sharing amounts used to offset administrative expenses. During the year ended December 31, 2022, revenue sharing amounts allocated to participant accounts totaled \$26,290. As of December 31, 2022 and 2021, the revenue sharing account totaled \$317 and \$164, respectively.

Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net depreciation in fair value of investments.

Transfer to Venable LLP 401(k) Plan B

In connection with a change in employment status, certain participants' account balances are transferred to Plan B based on the criteria defined by the Plan. Accordingly, the account balances of such participants, which totaled \$1,647,930 and \$7,131,923 during the year ended December 31, 2022, were transferred from and to Plan B, respectively. This net amount of \$5,483,993 is presented on the accompanying statement of changes in net assets available for benefits as Transfer to Venable LLP 401(k) Plan B, net for the year ended December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VENABLE LLP 401(k) PLAN A

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Interests in common/collective trusts: Valued at the net asset value (NAV) practical expedient of shares held by the Plan at year end.

Interest in stable value collective trust: Valued at the NAV practical expedient of shares held by the Plan at year end.

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year end. Shares are traded on an active market.

Interests in self-directed brokerage accounts:

- *Interest bearing cash:* Valued at amortized cost plus accrued interest, which approximates fair value.
- *Interests in common stock:* Valued at the closing price of shares held by the Plan at year end. Shares are traded in an active market.
- *Interests in corporate obligations and government and agency obligations:* Valued at the closing price on the active market on which the individual securities are traded and on observable inputs other than quoted market prices.
- *Interests in preferred stock:* Valued at the closing price of shares held by the Plan at year end. Shares are traded on an active market.
- *Interests in registered investment companies:* Valued at the closing price of shares held by the Plan at year end. Shares are traded on an active market.
- *Interests in unit investment trusts:* Valued at the net asset value (NAV) practical expedient calculated on a daily basis by the administrator of the trusts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 185,477,825	\$ -	\$ -	\$ 185,477,825

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(a) The fund invests in a diversified portfolio of fixed income securities including U.S. Treasury and Agency, mortgage and asset backed securities, and guaranteed investment contracts. The fund benefits from insurance “wrap” agreements which allow for market movements to be smoothed over time.

(b) The funds invest in a combination of U.S. stocks, international stocks, bonds and cash, and allocate its assets among these funds according to a pre-determined asset allocation strategy. On an annual basis, the funds automatically rebalance to a more conservative strategy as the target year approaches.

(c) The funds invest in a combination of U.S. stocks, international stocks, bonds and cash, and allocate its assets among these funds according to a pre-determined asset allocation strategy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balances plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 4, 2023, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure, except as disclosed in Note 8.

Notes to the Financial Statements As of December 31, 2022 and 2021 and For the Year Ended December 31, 2022

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2022 and 2021, and interest and dividend income and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank, the Trustee of the Plan.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. INCOME TAX STATUS

The Plan received a determination letter from the Internal Revenue Service dated July 27, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended subsequent to the dates covered by the determination letter, however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2022 and 2021.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the net assets of the Plan would be distributed to participants based on individual accounts in the Plan. In the event of Plan termination, participants would become 100% vested in their Company contributions.
