Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Azusa Pacific University Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Auditors' Responsibilities for the Audit of the Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by or certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AZUSA PACIFIC UNIVERSITY DEFINED CONTRIBUTION PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN:

The following brief description of the Azusa Pacific University Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL

The Plan is a 403(b) retirement plan covering all eligible employees of Azusa Pacific University (the University) and Los Angeles Pacific University (LAPU), collectively, the Employers. Other than student employees, all employees are eligible to make elective deferrals to the Plan. Employees who have attained 18 years of age are eligible to receive employer matching contributions after one year of service in which the employee worked at least 1,000 hours. Employees that have earned an equivalent amount of hours of service at another educational institution prior to being employed by the University are immediately eligible to receive employer matching contributions. Effective March 1, 2020, the Plan was amended to allow all University employees classified as benefits-eligible to be eligible for employer contributions immediately upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Participants may make elective deferral contributions on a pre-tax or Roth basis or combination of the two options up to limits prescribed by law. Participants who have attained age 50 and/or have 15 years of service before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective July 1, 2021, the University and LAPU auto-enrolled all new hires or rehires at 3% of eligible compensation. If a LAPU participant defers at least 3% of compensation, as defined in the Plan document, the Employers make contributions equal to 5% of compensation. Effective July 1, 2022, the University contributed an employer match equal to 1% of compensation if an eligible employee contributes 1% of compensation.

Contributions are subject to certain limitations prescribed by law. Participants direct the investment of all contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Employers' contribution and (b) the Plan earnings (losses) and charged with an allocation of expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AZUSA PACIFIC UNIVERSITY DEFINED CONTRIBUTION PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN, continued:

VESTING

Participants are immediately vested in their voluntary contributions. The University participants hired prior to February 29, 2020 and all LAPU participants are vested immediately in their employer contributions, the University's contributions to their accounts, and actual earnings thereon. University participants hired on or after March 1, 2020 are subject to the following vesting schedule: one year of service - 33.3%; two years of service - 66.6%; three years of service - 100%.

FORFEITURES

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$42 and \$1,811, respectively. These accounts are used to reduce employer contributions or pay the Plan expenses. During the year ended December 31, 2022, approximately \$2,400 were used to reduce employer contributions and none were used to reduce the Plan expenses.

PARTICIPANT LOANS

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. In 2020, the allowable amount was increased to \$100,000. The loans are secured by the participant's account and bear interest at rates between 4.25% and 8.00%. Principal and interest are paid ratably through payroll deductions. Participant loans are reported as notes receivable from participants on the statements of net assets available for benefits. Interest income is included in other income on the statement of changes in net assets available for benefits.

PLAN LOANS

Participants may borrow from TIAA a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans, totaling \$290,910 and \$503,066, at December 31, 2022 and 2021, respectively, are secured by the balance in the participant's account and bear interest at rates from 4.00% to 5.55%. Principal and interest is paid ratably through monthly payroll deductions. The loans are not considered assets of the Plan and therefore are not included on the statements of net assets available for benefits.

AZUSA PACIFIC UNIVERSITY DEFINED CONTRIBUTION PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN, continued:

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, or retirement, a participant with an account balance of \$1,000 or more may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of a lump sum, partial payments, installment payments, or annuity contracts. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum amount. If the vested balance of the account is less than \$1,000, the participant will receive a lump sum amount. Participant deferrals may be withdrawn upon attaining age 59½, and the entire vested balance of the account may be withdrawn upon attaining age 72. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, participant deferrals may be withdrawn for a hardship purpose.

2. SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements and Note 5 for a discussion on fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

AZUSA PACIFIC UNIVERSITY DEFINED CONTRIBUTION PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses in the statement of changes in net assets available for benefits include professional fees paid to third-party administrators and transactional fees. Indirect compensation earned by the record-keeper ranged from 0 basis points to 35 basis points and are reported within investment gains and losses on the statement of changes in net assets available for benefits.

3. INFORMATION CERTIFIED BY QUALIFIED INSTITUTION:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year), as of December 31, 2022, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022. TIAA, FSB is the custodian of the portion of the Plan assets invested in mutual fund shares and has authorized TIAA to certify investments held by TIAA, FSB. TIAA and CREF is the issuer of the remaining assets in the Plan.

4. FAIR VALUE MEASUREMENTS:

The Plan uses appropriate valuation techniques to determine fair value based on inputs available. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

4. FAIR VALUE MEASUREMENTS, continued:

The fair value of variable annuity contracts are principally derived from the fair value of underlying mutual funds through various subaccounts, which are generally valued using market quotations or prices obtained from independent pricing sources. The fair value of mutual funds is based on quoted prices in active markets for identical assets. Non benefit-responsive fixed annuity contracts are reported at contract value, which represents fair value. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The fair value of the pooled separate account units is based on quoted prices traded in an active market.

Changes in valuation techniques for the year ended December 31, 2022: None

The following table provides further details for the Level 3 fair value measurements for the year ended December 31, 2022:

Purchases and issuances	\$ 5,517,265
Sales and settlements	\$ (6,901,051)

Quantitative information about Level 3 fair value measurements as of December 31:

	Fair Value at December 31, 2022	Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)
TIAA Traditional Annuity	\$ 54,325,491	Discounted cash flow	Risk-adjusted discount rate applied	5.25%-6.25%
	Fair Value at December 31, 2021	Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)

Notes to the Financial Statements

December 31, 2022 and 2021

5. **GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY:**

The Plan has benefit-responsive guaranteed investment contracts with TIAA. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the fully benefit-responsive investment contracts at December 31, 2022 and 2021, was \$7,750,015 and \$7,908,182, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

6. **PLAN TERMINATION:**

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

AZUSA PACIFIC UNIVERSITY DEFINED CONTRIBUTION PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

7. **TAX STATUS:**

The Plan has adopted a volume submitter plan document sponsored by TIAA. The volume submitter plan document has obtained an opinion letter from the Internal Revenue Service (IRS) dated August 8, 2017, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS. The opinion letter did not include a review of the effect on the Plan of certain recent tax laws that have become effective after December 31, 2019. The Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

8. **RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. **PARTY-IN-INTEREST TRANSACTIONS:**

Certain investments for the Plan are funds managed by TIAA and CREF. TIAA and CREF perform recordkeeping services for the Plan; therefore, these transactions qualify as party-in-interest transactions. The value of these assets are \$178,854,924 and \$212,912,075, as of December 31, 2022 and 2021, respectively. Direct fees paid by the Plan for the recordkeeping services amount to \$227,236 for the year ended December 31, 2022. Indirect fees, such as investment management fees, are included in depreciation on the statement of changes in net assets available for benefits.

10. **RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2022	2021
