Plan Administrators
Holiday Oil Company 401(k) Profit Sharing Plan
3115 West 2100 South
West Valley City, Utah 84119

We have audited the financial statements of Holiday Oil 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2022, and we will issue our report thereon as of the date of this letter. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 11, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted that had a significant impact on financial reporting and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during 2022 for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements are the fair value estimates.

We evaluated the key factors and assumptions used to develop the estimates above in determining they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures
We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in performing and completing the audit.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The adjustment made during the audit is shown on the attached Exhibit A.

Disagreements with Management
For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated October 9, 2023. A copy of that letter has been provided to you.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Independence
Independence is crucial to the performance of audit services. We are subject to the independence standards of the American Institute of Certified Public Accountants and DOL.

All partners and employees of our firm are provided access to our policies and procedures relating to independence and conflicts of interest. Annually, we obtain written confirmation from partners and employees about their adherence to these policies.

There are no relationships between Tanner LLC and the Plan or the Plan Sponsor that in our professional judgment may reasonably be thought to impair our independence.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other than Form 5500, we are not aware of any documents that contain the audited financial statements. If such documents were to be published, we would have a responsibility to determine that such financial information was not materially inconsistent with the audited financial statements of the Plan.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) an indication of internal control deficiencies identified during the audit, (2) noncompliance or suspected noncompliance with laws and regulations, and (3) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process.

With regard to internal control deficiencies identified during the audit and noncompliance or suspected noncompliance with laws and regulations, we considered the Plan's internal control over financial reporting and compliance with laws and regulations (internal control) (except for internal control relating to the investment information) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements and supplemental schedule, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control or compliance. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control or compliance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements or noncompliance with laws and regulations on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

We consider the following deficiencies in the Plan's internal controls to be significant deficiencies:

Forfeiture Account Activity

There was little to no use of the forfeiture account balance during 2022. The Plan adoption agreement states that forfeitures should first be used to pay reasonable plan expenses and then allocated to fixed nonelective contributions and fixed matching contributions. Further, IRS regulations stipulate that the forfeiture account should not accumulate from year to year but should be used annually. We recommend that the Plan Administrator monitor the forfeiture account and ensure the current and future forfeiture balances are used for the previously stated expenses and contributions.

Automatic Enrollment

Essential to maintaining the Plan's tax exempt status is adherence to IRS guidelines and the provisions of the Plan as outlined in the adoption agreement, including eligibility of participants. The Plan's auto-enrollment feature was not timely applied to multiple employees during 2022. We recommend that the Plan implement a process to ensure that employee deferrals for all auto-enrollments happen on the first paycheck following the participant's enrollment date.

****

We are also aware of the following other matter, which are opportunities for strengthening internal controls and operating efficiency:

Maintaining Cybersecurity

On April 14, 2021, the U.S. Department of Labor announced new guidance for plan sponsors, plan fiduciaries, record keepers and plan participants on best practices for maintaining cybersecurity, including tips on how to protect the retirement benefits of America's workers. This is the first time the department's Employee Benefits Security Administration has issued cybersecurity guidance. This guidance is directed at plan sponsors and fiduciaries regulated by the Employee Retirement Income Security Act (ERISA), and plan participants and beneficiaries.

ERISA-covered plans often hold millions of dollars or more in assets and maintain personal data on participants, which can make them tempting targets for cyber-criminals. Responsible plan fiduciaries have an obligation to ensure proper mitigation of cybersecurity risks. The Employee Benefits Security Administration has prepared the following best practices for use by recordkeepers and other service providers responsible for plan-related IT systems and data, and for plan fiduciaries making prudent decisions on the service providers they should hire. Plans' service providers should:

1. Have a formal, well documented cybersecurity program.
2. Conduct prudent annual risk assessments.
3. Have a reliable annual third-party audit of security controls.
4. Clearly define and assign information security roles and responsibilities.
5. Have strong access control procedures.
6. Ensure that any assets or data stored in a cloud or managed by a third-party service provider are subject to appropriate security reviews and independent security assessments.
7. Conduct periodic cybersecurity awareness training.
8. Implement and manage a secure system development life cycle (SDLC) program.
9. Have an effective business resiliency program addressing business continuity, disaster recovery, and incident response.
10. Encrypt sensitive data, stored and in transit.
11. Implement strong technical controls in accordance with best security practices.
12. Appropriately respond to any past cybersecurity incidents.

We recommend that the Plan Administrator carefully consider these best practices, including having a reliable annual third-party audit of security controls. We also recommend that the Plan Administrator document in writing its consideration of these best practices.

****

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to be of service to the Plan.

This information is intended solely for the use of the Plan Administrator and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Tanner LLC

To the Plan Administrator
Holiday Oil Company 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Holiday Oil Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Holiday Oil Company 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Holiday Oil Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Holiday Oil Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was created on December 1, 1978 and is a defined contribution plan covering eligible employees of the Holiday Oil Company (the Company, Employer, Plan Sponsor, or Plan Administrator). The Plan includes the eligible participants of the Holiday Oil Company and the eligible participants of a related entity, Holiday Trucking, LLC. To be eligible to participate in the Plan, employees must be full-time employees who have attained the age of 21 and who have completed one year of service, with at least 1,000 hours worked in that year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary nonelective contributions made by the Company; and (iv) participant rollovers from other plans.

Participants may elect to contribute a percentage of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the Internal Revenue Code (IRC). Regular 401(k) contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Roth 401(k) contributions are not excluded from the participant's taxable income for federal income tax purposes, but withdrawals of contributions and earnings thereon at retirement are tax free. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. This deferral rate is increased by 1% annually until a deferral rate of 5% is reached. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Company makes safe harbor matching contributions to all eligible participants in an amount equal to 100% of the first 3% of the eligible compensation, and 50% of the next 2% of eligible compensation. In addition, the Employer may make discretionary contributions in an amount to be determined by the Board of Directors for each plan year for eligible employees.

Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balance into various investment options offered by the Plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are vested immediately in their contributions, the safe harbor matching contributions, and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant becomes vested based on years of credited service, as follows:

Number of Years Service With Employer	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants
A participant may borrow up to the lesser of $50,000 or 50% of his or her vested account balance, with a minimum loan amount of $1,000. Loans are repayable over a period not to exceed 5 years, unless for the purchase of a principal residence, through principal and interest payroll deductions. The loans are collateralized by the vested balance in the participant's account.

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized over the terms of the notes at the rate specified in the loan documents. Fees related to notes receivable from participants are recorded as administrative expenses when they are incurred. If a participant defaults, the carrying amount of the note receivable from the participant is eliminated and a benefit payment is recorded at the time the participant is deemed to receive a distribution. As of December 31, 2022, notes receivable from participants have maturities ranging from June 2022 through January 2028. Notes receivable from participants bear annual interest rates ranging from 3.25%-8.50%.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeitures
When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to pay Plan administrative expenses or reduce future Employer contributions. Unallocated forfeiture balances as of December 31, 2022 and 2021 were $106,138 and $59,035 respectively. During the year ended December 31, 2022, the balance had earnings of $1,136, $85 was used to pay administrative expenses, and amounts forfeited by participants totaled $46,052.

Administrative Expenses
Plan administrative expenses may be paid by the Plan Sponsor or charged to the Plan and deducted from participants' individual accounts. During the year ended December 31, 2022, the Plan paid $444 in administrative expenses. The Plan Sponsor provides certain services to the Plan without remuneration.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates
The preparation of financial statements in accordance with US GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds and money market accounts are valued based on quoted market prices in active markets.

Net appreciation (depreciation) of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payments of Benefits
Benefits are recorded when paid by the Plan.

Subsequent Events
The Plan Administrator has evaluated events and transactions occurring subsequent to year-end through October 9, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

- Level 1 : Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.
- Level 3: Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

2022				
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 18,622,340	$ -	$ -	$ 18,622,340
Money market accounts	111,158	-	-	111,158
Total investments at fair value	$ 18,733,498	$ -	$ -	$ 18,733,498

2021				
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 21,366,742	$ -	$ -	$ 21,366,742
Money market accounts	59,040	-	-	59,040
Total investments at fair value	$ 21,425,782	$ -	$ -	$ 21,425,782

4. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. The notes receivable from participants are also exempt party-in-interest transactions.

5. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Fidelity Management Trust Company. Fidelity Management Trust Company received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the Internal Revenue Service. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired. There are currently no audits for any tax periods in progress.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Sponsor instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investments and related activity
- Notes receivable from participants and related activity

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits presented in the statements of net assets available for benefits as of December 31, 2022 and 2021 to the Form 5500:
