Independent Auditor's Report

To the Plan Administrator and Participants
Prospect Park Alliance, Inc. Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Prospect Park Alliance, Inc. Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is a regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H – Part IV – Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (continued)

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

General

The following description of the Prospect Park Alliance, Inc. Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, including definitions of key terms.

The Plan is available to all eligible employees of Prospect Park Alliance (the “Alliance”) who satisfy certain age and length-of-service requirements. The Plan is a qualified 403(b) plan established on January 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). The Plan Administrator is responsible to oversee and ensure compliance with the Plan document.

Contributions

Each year, participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan, subject to certain limitations set by the Internal Revenue Code (the “IRC”). Participants may also elect to make after-tax Roth contributions to the Plan, subject to limits set by the IRC. The Alliance contributes 2% of eligible compensation for all eligible participants.

Participants may also contribute rollover amounts representing distributions from other eligible retirement plans.

Participant accounts

Each participant’s account is credited with (a) the participant’s contribution, (b) the Alliance’s contribution and (c) plan earnings net of applicable administrative expenses. Allocations of the aforementioned credits are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment options

Each participant may direct their investment accounts into certain available investment options offered by the Plan. The assets of the Plan are allocated to the applicable funds at the discretion of the participant.

Vesting

Participants are immediately vested in the Alliance’s contributions plus actual earnings thereon.

Note 1 – Description of the Plan (continued)

Payment of benefits

Upon termination of service, due to death, disability, retirement or separation from service, a participant may elect to receive a distribution of his or her entire accumulated Plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, or installments. Participants may elect in-service withdrawals of their elective deferral account balances in their annuity contracts in the case of a hardship.

Notes receivable from participants

Notes receivable from participants and Plan loans are available to participants, subject to certain limitations. Notes are permitted under the Plan to the extent of the individual agreements controlling the account assets from which the note is made and by which the note is secured. Participants may borrow from their fund accounts with certain minimums and maximums based on certain provisions as disclosed in the Plan document. Participant notes are administered directly out of the participant's account balance based on provisions noted above. Notes are secured by the balances of the participant accounts and bear interest at a rate determined by the Plan's loan policy. At December 31, 2022, the outstanding participant notes receivable totaled \$4,397.

Plan loans

Plan loans are available to participants through Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equity Fund ("CREF"), subject to certain limitations as outlined in the Plan document. Plan loans are issued directly from funds owned by TIAA and CREF and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA and CREF Traditional Annuity Contract ("Traditional Annuity") account balance is reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding. At December 31, 2022, participants had outstanding Plan loan balances due to TIAA and CREF of \$6,512. These loans were collateralized by Traditional Benefit Responsive Annuity Contracts totaling \$7,163 as of December 31, 2022. Plan participants pay interest on their plan loans to TIAA and CREF, and this interest expense is offset by the income received by the participants on the collateralized Traditional Annuity contracts. The loans bear interest at a commercially reasonable rate established by the Plan Administrator with various maturities and interest rates at December 31, 2022.

Note 2 – Summary of significant accounting policies

Basis of accounting

The Plan's financial statements are prepared under the accrual basis of accounting, except for benefit payments, which are treated on a cash basis.

Note 2 – Summary of significant accounting policies (continued)

Investment valuation and income recognition

The Plan's investments in mutual funds, pooled separate accounts, money market funds and in the TIAA Traditional Annuity Non-Benefit Responsive contracts are stated at fair value. The calculation of fair value of the TIAA Traditional Annuity Non-Benefit Responsive contracts at December 31, 2022 and December 31, 2021 was not materially different from contract value. Therefore, these investments have been presented at fair value in the accompanying financial statements.

The Plan's investments in TIAA Traditional Annuity Benefit Responsive contracts are measured at contract value as the Plan Administrator has determined that the investments' underlying contracts are fully benefit responsive.

The aggregate of (a) the net unrealized appreciation (depreciation) in the fair value of investments for the year, and (b) the net gains or losses on disposition of investments during the year is reflected as net appreciation (depreciation) in the fair value of investments for the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Realized and unrealized gains and losses from the investments in each account are credited to or charged against each account.

Management fees and operating expenses charged to the Plan for the various investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Fair value measurements

For assets measured at fair value on a recurring basis, Accounting Standards Codified Topic *Fair Value Measurements* requires quantitative disclosures about the fair value measurement separately for each major class of assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets.

Level 2 - Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

DEFINED CONTRIBUTION RETIREMENT PLAN**

**Notes to Financial Statements (continued)
December 31, 2022**

Note 2 – Summary of significant accounting policies (continued)

Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Stable value funds:* The fair value of the stable value funds is determined based on the valuation method disclosed in the contract as calculated by the provider. All of these inputs are generally considered obtainable but without readily available financial information. The stable value funds are classified as Level 2 in the fair value hierarchy due to their ability to meet the NAV segregation and tracking requirements of the fair value hierarchy.
- *Money market funds:* the carrying amount approximates fair value because these instruments are liquid in nature.
- *Pooled separate accounts:* The fair values of accumulation units held by the Plan in pooled separate accounts are based on each account’s daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are distributed to Plan administrators and client investors and provide sufficient corroborative evidence to ascertain the relationship between each fund’s NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.
- *TIAA Traditional Annuity Non-Benefit Responsive contracts:* Reported at contract value by TIAA, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Contract value is deemed to approximate fair value for these contracts based on observation of recent participant investments at contract value and by comparison of historical and current yields of highly rated long-term corporate bonds to historical and current crediting interest rates of the contracts, taking into consideration the liquidity restrictions applicable to the contracts.

Note 2 – Summary of significant accounting policies (continued)

Fair value measurements (continued)

The aforementioned methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at the fair value on December 31, 2022 and December 31, 2021:

Note 2 – Summary of significant accounting policies (continued)

Payment of benefits

Benefit payments to participants or their beneficiaries are recorded when paid.

Administrative expenses

Certain transaction-related participant expenses, such as those associated with administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by employees of the Alliance. No such employees receive compensation from the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market, credit and liquidity. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2022. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency. Accordingly, the Plan is subject to the normal investment risks associated with investment securities.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

Note 2 – Summary of significant accounting policies (continued)

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 26, 2023, which is the date the financial statements were available to be issued.

Note 3 – TIAA Traditional Annuity

The TIAA Traditional Annuity is an unallocated fixed annuity that is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, generally 3% but between 1% and 3% for some contracts, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Note 4 – Investments at contract value

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of investment contracts held by the Plan as of December 31, 2022 and December 31, 2021:

	<u>2022</u>	<u>2021</u>
TIAA Traditional Annuity

Note 5 – Information certified by the Plan’s Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and December 31, 2021 and the Supplemental Schedule, Schedule H - Part IV - Line 4(i) - Schedule of Assets (Held at End of Year) at of December 31, 2022 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 6 – Party-in-interest transactions

Plan investments include investment contracts, money market funds, a pooled separate account and shares of mutual funds which are managed by TIAA and CREF. TIAA and CREF is the Custodian, as defined by the Plan and, therefore, is considered a party-in-interest.

Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Alliance. These transactions qualify as party-in-interest transactions.

Note 7 – Plan termination

Although it has not expressed any intent to do so, the Alliance has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 8 – Tax status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax-exempt.
