Independent Auditors' Report

To the Participants and Plan Administrator of
Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (in Liquidation) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (in Liquidation) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation on July 27, 2021, and management determined liquidation to be imminent. As a result, the Plan's 2022 and 2021 financial statements are presented on the liquidation basis of accounting. Our ERISA Section 103(a)(3)(C) audit opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following brief description of the Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan, which includes all salaried and clerical employees of Oshkosh Corporation; Oshkosh Defense, LLC; Oshkosh Airport Products, LLC; and Oshkosh Commercial Products, LLC (collectively the Company) hired prior to September 30, 2012 and not covered by a plan maintained pursuant to a collective bargaining agreement. Benefits were frozen for all participants effective December 31, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Termination of Plan

In July 2021, the Company's Board of Directors approved the termination of the Plan effective November 15, 2021. The Notice of Intent to Terminate the Plan and the Notice to Interested Parties regarding the Plan termination were distributed to the Plan's participants on September 10, 2021. The Plan submitted an Application for Determination for Terminating Plan with the Internal Revenue Service (IRS) on October 1, 2021 and filed a Standard Termination Notice with the Pension Benefit Guaranty Corporation (PBGC) on May 12, 2022. The Notice of Plan Benefits was distributed to the Plan's participants on May 11, 2022. On June 8, 2022, the Plan received a determination letter from the IRS that indicated the IRS approved the termination of the Plan.

Based on participant elections, the Plan distributed \$65,589,950 in lump sum payments on November 1, 2022, and purchased annuity contracts with Principal Life Insurance Company (Principal) in the amount of \$69,177,736 on November 16, 2022. In accordance with the annuity contract with Principal, an audit of employees' data was performed, and Principal refunded the Plan \$485,468 on February 22, 2023. The net assets available for benefits of \$36,365 represents obligations of the Plan as of December 31, 2022 due to administrative delays. The remaining Plan obligations were paid to participants during the first six months of 2023. All other Plan funds, after expenses were paid, reverted back to Oshkosh Corporation on July 3, 2023.

Administration of Plan Assets

The Plan's Investment Committee has overall responsibility for the operations and administration of the Plan and determines the appropriateness of the Plan's investments and monitors investment performance.

Contributions

The Company's funding policy is to make contributions to the Plan generally based on amounts required to be funded under provisions of ERISA. No voluntary employee contributions are permitted. The Plan complied with these minimum funding requirements for the years ended December 31, 2022 and 2021.

Vesting

As a result of the Plan termination, all participants became fully vested in their accrued benefits on November 15, 2021.

Retirement Benefits

Normal retirement is age 65. Employee participants may elect early retirement between the ages of 55 and 65. Benefits are received at normal retirement age or, if elected, at early retirement. Benefits are determined based upon years of benefit service, Social Security benefits, and monthly salary, averaged over the highest five consecutive years of service prior to when the Plan was frozen on December 31, 2012.

As a result of the Plan termination, the Plan was amended to allow most plan participants who are not currently receiving a monthly pension payment to elect a lump sum distribution or begin immediate annuity payments during a Lump Sum Window election period. Participants may also decide to delay their pension benefit decision to a later date (by electing this or failing to make any election) at which time the Company will purchase an annuity contract on their behalf. Participants may elect to receive their distributions in the following forms: a single life annuity; a 50 percent, 75 percent, or 100 percent joint & survivor annuity; a five-year or ten-year certain & life annuity; or a lump sum payment if it is not more than \$10,000.

If a vested participant dies prior to commencing retirement benefits, the surviving spouse death benefit is equal to 50 percent of the monthly benefit the participant would have received if such participant retired on the day immediately preceding death (or at age 55 if later) and elected a 50 percent joint & survivor annuity.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan. These expenses include PBGC premiums, investment management fees, and trustee fees. Expenses paid by the Company are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

Due to the Plan termination, management determined that liquidation of the Plan is imminent, and the financial statements have been prepared using the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured at the expected cash proceeds from liquidation and liabilities are measured in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) that otherwise apply to those liabilities.

Accounting Estimates

The preparation of these financial statements requires the use of certain estimates by Plan management in determining the Plan's assets, liabilities, and changes therein, and the actuarial present value of accumulated benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's primary investment is in the Master Trust. The Master Trust includes the Plan, the Pierce Manufacturing, Inc. Pension Plan (Pierce Plan), and the Oshkosh Corporation Hourly Employees' Retirement Plan (Hourly Plan). In November 2015, the Plan's assets became segregated from the other assets of the Master Trust as the Plan implemented a liability-driven investment strategy, which caused the Plan to have a divided interest in the Master Trust. The objective of this strategy is to align Plan assets more closely with Plan liabilities in terms of how both respond to changes in interest rates. Under this strategy, Plan assets were allocated to two investment categories: a category containing high-quality fixed income securities and another category comprised of traditional securities and alternative asset classes. Over time, the Plan intended to reduce the assets allocated to the return-seeking category and correspondingly increase the assets allocated to the high-quality fixed income category. In June 2021, substantially all return-seeking investments were liquidated and moved into high-quality fixed income investments.

The Plan's investment in the Master Trust is presented at liquidation value which approximates fair value. Fair value approximates the amount the Plan expects to collect at liquidation. The fair value of investments in common stocks, money market funds, and mutual funds are determined by quoted market prices on the last business day of the Plan year. The fair value of investments in common collective funds are determined using the net asset value (NAV) per share (or its equivalent) practical expedient. See *Note 4 Fair Value Measurements* for a discussion of fair value measurements.

Security transactions are recorded on the trade date. Interest income is recorded on the liquidation basis, including amounts expected to be earned through the final distribution of Plan assets. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Master Trust provides for investments in common stocks, money market funds, mutual funds, and common collective funds. Investment securities are exposed to various risks, including, but not limited to, interest rates, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could be material to the financial statements.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Net assets, ending	<u>\$ 275,443,260</u>	<u>\$ 39,169</u>

4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e. exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e. inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management is responsible for the determination of fair value. Accordingly, Plan management performs periodic analyses on prices received from the pricing services to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, Plan management has not historically adjusted the prices obtained from the pricing services.

The following is a description of the valuation methodologies used to measure the Master Trust's assets at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Common Stocks, Money Market Funds, and Mutual Funds: Valued at fair value based on quoted market prices on the last business day of the Plan year.

Common Collective Funds: Valued at fair value based on NAV per share (or its equivalent) practical expedient.

5. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with the trustee of the Plan. Contributions are held and managed by the trustee who invests cash received, interest, and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

6. Tax Status

The IRS has determined and informed the Company by a letter dated May 10, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Concentrations

As of December 31, 2022 and 2021, the Master Trust had investments of \$182,289,283 and \$339,694,482 concentrated in two and three funds, respectively. These funds invest in a diversified pool of investments.
