To the Investment Committee
Atlantic Bay Mortgage Group 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Atlantic Bay Mortgage Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Atlantic Bay Mortgage Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Atlantic Bay Mortgage Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlantic Bay Mortgage Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing

an opinion on the effectiveness of Atlantic Bay Mortgage Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlantic Bay Mortgage Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters -- Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment

information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Atlantic Bay Mortgage Group 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Atlantic Bay Mortgage Group, LLC, Lynnhaven Management, LLC, and Holland Marine LLC ("Company"). The Plan is subject to the provisions of ERISA. The Plan Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions: Each year, participants may contribute up to the maximum allowed by law of their pretax annual compensation, as defined in the Plan. Participants may elect to designate all or a portion of their elective deferrals as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at five percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also includes an automatic increase provision whereby a participant's deferral rate is increased by one percent each year subject to certain conditions. The Company may make matching contributions and profit-sharing contributions to eligible participants. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative and investment expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set by the Plan administrator at a reasonable rate of interest, which is comparable to the rates being charged by commercial lending institutions. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, partial payments, or substantially equal installments over a fixed period or for a fixed amount. In-service withdrawals are permitted for participants who have attained age 59 1/2 or for a qualified financial hardship.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$133,418 and \$101,385, respectively. These accounts will be used to reduce future employer contributions, to pay administrative expenses of the Plan, or be allocated to participants. In 2022, employer contributions were reduced by \$140,175 from forfeited nonvested accounts. Also, in 2022, \$263 from forfeited nonvested accounts was used to pay Plan administrative expenses.

2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the stable value fund, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to recordkeeping, the administration of notes receivable and benefits paid are charged directly to the participant's account and are included in administrative

expenses. Fees paid directly by the Plan for investment advisory services are included in investment expenses. Investment related expenses paid indirectly through revenue sharing arrangements are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through September 13, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued by PLIC, the sponsor of the pooled separate accounts, at net asset value (“NAV”). The NAV is based on the fair value of the underlying investments held by each account less its liabilities. The NAV is published daily and available to plan participants and is the basis for current transactions.

Collective investment trusts: Valued at the net asset value (“NAV”) of the units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. The practical expedient is not used when it is determined to be probable that the trust will sell the underlying investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily but may require up to five days’ notice. Were the Plan to initiate a full redemption of the collective investment trust, the trust’s investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021:

<i>Assets at Fair Value as of December 31, 2022</i>

The Plan Sponsor previously reported the Reliance Trust Company Stable Value Fund at net asset value. The valuation of this investment has been changed to contract value for the year ended December 31, 2022 and reclassifications have been made to prior year amounts for comparative purposes (see Note 4).

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on the net asset value (“NAV”) per share as of December 31, 2022 and 2021, respectively.

4. Reliance Trust Company Stable Value Fund

The Plan participates in a collective investment trust sponsored by Reliance Trust Company ("RTC") totaling \$3,071,645 for 2022 and \$1,031,013 for 2021. The collective investment trust invests in a fully benefit-responsive group annuity contract issued by Metropolitan Life Insurance Company ("MetLife" or "issuer"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MetLife is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by MetLife but may not be less than zero. The crediting rate is reviewed quarterly for resetting.

The group annuity contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include:

1. Plan termination;
2. Offering of a "competing fund" by the Plan (e.g., a fixed income fund with a targeted duration of three years or less);
3. Establishment of a new plan covering Plan participants that offers a competing fund; or
4. Participant withdrawal requests on advice or direction from the Plan Sponsor, Plan administrator, Plan fiduciary, or agent of any of the foregoing to do so.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

1. The Plan ceasing to qualify as an eligible plan;
2. A withdrawal that is necessary to preserve the trust's legal or tax status;
3. The Plan is in any way not in compliance with the terms and conditions upon which it was admitted to the trust;
4. Failure by the Plan to timely submit compliance evidence; or
5. The Plan fails to execute a new participation agreement, or such other documents reasonably required by RTC after RTC requires that it do so as a condition to continuing participation in the trust.

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are sponsored by PLIC. Principal is the recordkeeper for the Plan and Principal Trust Company is the trustee for the Plan. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity. These transactions qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the pre-approved plan sponsor by a letter dated June 30, 2020, that the pre-approved plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the pre-approved plan has been amended since receiving the advisory opinion letter, the Plan administrator and the pre-approved plan sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of

investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Certified Investments

Certain information in the financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value, dividends, and interest for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 59,104,555	\$ 64,070,497
Stable value adjustment from contract value to fair value	(314,151)	27,437
Net assets available for benefits per the Form 5500	<u>\$ 58,790,404</u>	<u>\$ 64,097,934</u>

The following is a reconciliation of net depreciation in fair value of investments per the financial statements for the year ended December 31, 2022, to Form 5500:

Net depreciation in fair value of investments per the financial statements	\$ (11,096,484)
Stable value adjustment from contract value to fair value	(341,588)
Investment income (loss) per the Form 5500	<u>\$ (11,438,072)</u>

11. Nonexempt Transactions

Title I of ERISA requires that all employee contributions be remitted to the Plan as soon as administratively possible but no later than the 15th business day of the month following the month of being withheld from compensation. Failure to remit employee contributions to the Plan on a timely basis is considered a nonexempt prohibited transaction with a party-in-interest. Participant contributions of \$1,517 and \$2,499 were withheld from participants' pay during 2022 and 2021, respectively, but were not remitted to the Plan's trust within the time frame required by the Department of Labor. The 2022 and 2021 contributions were remitted to the Plan during 2023 and 2022. Lost earnings were corrected during 2022 and 2023 through procedures prescribed by the Department of Labor.
