Independent Auditor's Report

To the Plan Administrator of
Skyline Displays, Inc. Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the accompanying financial statements of Skyline Displays, Inc. Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Skyline Displays, Inc. Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Skyline Displays, Inc. Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Skyline Displays, Inc. Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for of the Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Skyline Displays, Inc. Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Skyline Displays, Inc. Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV - Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Part IV - Line 4i - Schedule of Assets (Held at Year End) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Skyline Displays, Inc. Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following brief description of the Skyline Displays, Inc. Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. The Plan Sponsor and Plan Administrator is Skyline Displays LLC (the "Company," "Plan Administrator" or "Plan Sponsor"), previously doing business as Skyline Displays, Inc. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan is a defined contribution 401(k) profit sharing plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was amended effective August 13, 2021 to change trustees from BMO Harris Bank N.A. to Matrix Trust Company. As a result of this amendment, BMO Harris Bank N.A transferred plan assets of approximately \$61,000,000 to Matrix Trust Company, the successor trustee, in accordance with written instructions from the successor trustee.

Eligibility

All employees of the Company and subsidiaries who are not collective bargaining employees, nonresident aliens or interns are eligible to participate in the Plan on their employment commencement date.

Participants are eligible to receive employer safe harbor contributions, nonelective employer profit sharing contributions and nonelective employer supplemental contributions. A participant is eligible to receive nonelective employer profit sharing contributions if they have six months of service. Certain participants, as defined by the Plan and with one year of service, are eligible for nonelective employer supplemental contributions, which are determined by the Company. Participants may participate in the employer safe harbor and nonelective contributions on the first day of each Plan year quarter, after meeting the eligibility requirements.

Effective August 5, 2022, the eligibility service requirement for profit sharing contributions was waived for any eligible employee acquired from Skyline Pacific Northwest who is employed on December 31, 2022. These employees entered the plan on December 31, 2022 and receive a profit sharing contribution for the 2022 plan year. Any hours of service with Skyline Pacific Northwest will be counted for eligibility, vesting, and contribution allocation purposes in the plan.

Contributions

The Plan permits participant elective deferral contributions, subject to limits established by law. These contributions are based on compensation as defined in the Plan. Participants may also make rollover and catch-up contributions to the Plan. All contributions are subject to certain limitations contained in the Plan and as defined by ERISA.

Each year, the Plan Sponsor may elect to make a safe harbor contribution equal to 3% of eligible wages to the Plan on behalf of each eligible participant who has completed 6 months of service and is not a collective bargaining employee, non-resident alien, or an intern. Each entry date must be on the first day of a plan quarter. There are no additional allocation conditions for the safe harbor contribution. Participants may contribute up to the applicable IRS limit. Participants may roll over amounts representing distributions from other qualified plans into the Plan.

Each year, the Plan Sponsor may make an additional discretionary nonelective employer profit sharing contribution to the Plan on behalf of each eligible participant who is employed on the last day of the Plan year and has 1,000 hours of service subject to Internal Revenue Service ("IRS") limits for qualified plans. For the years ended December 31, 2022 and 2021, there were no additional nonelective discretionary profit sharing contributions.

1. Description of Plan (Continued)

Vesting

Plan contributions attributable to participant elective deferrals, rollover contributions and employer safe harbor contributions are 100% vested at all times. Plan contributions attributable to nonelective employer profit sharing contributions vest on a graduated scale of 20% per year up to 100% after five years of service, with a provision for 100% vesting at the normal retirement date, death or disability, as defined in the Plan. Nonelective employer supplemental contributions vest on a graded scale to 100% after six years of service.

Participant Accounts

Participants' accounts are credited with participant contributions (elective deferral, catch-up, and rollover), employer contributions (safe harbor, nonelective employer profit sharing, and nonelective supplemental), an allocation of Plan earnings or losses, and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as provided in the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Payment of Benefits

On termination of service, a participant may receive a lump-sum distribution or installments equal to the participant's vested interest in his or her account, net of tax, roll over the entire vested portion to a qualified plan, an individual retirement account, or leave the vested portion of their balance in the Plan if the balance is at least \$5,000 at time of termination. The method of payment depends on the participant's account balance.

If the vested account balance does not exceed \$1,000, a lump-sum distribution, net of tax, will be made. If the vested balance is between \$1,000 and \$5,000 and the participant does not specify whether the distribution should be paid directly to an eligible retirement plan or paid directly to the participant, the Plan Administrator shall make a distribution in a direct rollover to an individual retirement account designated by the Plan Administrator.

Active participants may also take distributions from the Plan for reasons of financial hardship or upon attainments of age 59 ½. In-service withdrawals are subject to certain limitations.

Notes Receivable From Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Participants cannot have more than two notes outstanding at any time. Notes are secured by the balance in the participant's account. The notes bear interest at a fixed rate commensurate with the prevailing commercial loan interest rates (2% above prime ranging from 4.25% to 7.5%) at the date of issuance. Principal and interest are paid ratably through biweekly payroll deductions for active participants. Note terms do not exceed five years unless for the purchase of a home in which case the note term cannot exceed 30 years.

Investment Options

All funds of the Plan are participant directed. Participants may direct the investment of their account balance into various funds and may transfer assets in their accounts between funds on a daily basis. Loans to participants are treated as participant directed investments.

Forfeitures

Forfeitures of terminated participants' non-vested nonelective employer profit sharing and nonelective employer supplemental contributions are used to reduce employer contributions or pay administrative expenses. During the year ended December 31, 2022, approximately \$2,300 in forfeitures were used to pay administrative expenses. The unallocated forfeiture balances at December 31, 2022 and 2021 were approximately \$2,200 and \$0, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The collective trust fund is valued at net asset value of shares held by the Plan at year-end, based on the fair value of the underlying investments, as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Investment and Administrative Expenses

All investment fees incurred with regard to the purchase and sale of certain investments are paid by the Plan. Other administrative expenses, such as audit, legal and trustee fees, are paid by the Plan Sponsor.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Fair Value of Financial Instruments

The Company's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Shares of registered investment companies are valued at the Net Asset Value ("NAV") of shares, based on active market prices, held by the Plan at year-end.

Collective trust fund: Shares of interest in the collective trust are valued at fair value as reported by the investment manager at year-end, using NAV as a practical expedient. The NAV is based on the fair value of the underlying securities, minus liabilities, and then divided by the number of units held by the Plan at year-end. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Redemption of the collective trust fund is generally permitted daily and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Risks and Uncertainties

In general, the Plan's investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 9, 2023, the date which the financial statements were available to be issued.

Effective July 1, 2023, the Plan was amended to include an automatic enrollment and automatic escalation provision. For the automatic enrollment provision, the Plan Sponsor will automatically withhold 1% for employee deferrals, unless participants make an affirmative election. For the automatic escalation provision, the Plan Sponsor on each March 1st will increase the deferral percentage of participants by 1% up to a maximum amount of 5%.

3. Certification of Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company (the trustee) has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the direction of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

Notes to the Financial Statements

5. Income Tax Status

The Plan adopted the One America volume submitter Plan. The prototype plan received its latest opinion letter on November 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Secure 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

7. Related Party and Party-In-Interest Transactions

The Company has been designated as the Plan Administrator and Plan Sponsor. Certain employees provide administrative services to the Plan. These services are provided at no cost to the Plan. Administrative expenses, such as audit, legal and trustee fees, are paid by the Plan Sponsor.

Certain Plan investments are managed by Matrix Trust Company, the Plan's trustee; therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

8. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.
