INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Creole Cuisine Restaurant Concepts 401(k) Plan
Metairie, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Creole Cuisine Restaurant Concepts 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Creole Cuisine Restaurant Concepts 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Creole Cuisine Restaurant Concepts 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Creole Cuisine Restaurant Concepts 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Creole Cuisine Restaurant Concepts 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Creole Cuisine Restaurant Concepts 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CREOLE CUISINE RESTAURANT CONCEPTS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

1) Description of plan

The following description of the Creole Cuisine Restaurant Concepts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan sponsored by Ammari of Louisiana, LLC (Company or Employer). The Plan covers substantially all employees of the Company, except for union employees, non-resident aliens, highly compensated employees, waiters, waitresses and hourly employees. Employees are eligible after completing 90 days and one thousand hours of service and having attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Participant contributions

Participants may elect to contribute and defer a percentage of their eligible earnings each pay period, as defined by the Plan, subject to further limitations imposed by provisions of the Internal Revenue Code. Participants may make after-tax voluntary contributions, as defined by the Plan. In addition, a participant who has attained age 50 before the close of the plan year shall be eligible to make catch-up contributions in accordance with limitations under the Internal Revenue Code.

(c) Employer contributions

(i) Basic matching

The Employer contributes to the Plan in the form of a matching contribution in an amount equal to 50% of a participant's elected deferral; however matching contributions will not be made with respect to participant contributions in excess of 6% of eligible earnings.

(ii) Employer non-elective contributions (profit sharing contributions)

The Employer may make a profit sharing contribution at its discretion, allocated on a uniform percentage of included compensation or a uniform dollar amount. Participants must be employed on the last day of the Plan year. There were no profit sharing contributions made for the years ended December 31, 2022 and 2021.

(d) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Participants vest 20% each year, starting in year one and are fully vested after five years of service.

(e) Forfeitures

Forfeited balances of terminated participants non-vested accounts are used to reduce Employer contributions and administrative expenses. During 2022 and 2021, \$1,931 and \$3,900, respectively, of forfeited participant accounts were used to reduce the Employer's contributions. During 2022 and 2021, \$11,041 and \$6,815, respectively, of forfeited participant accounts were used to reduce the administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$36,119 and \$32,970, respectively.

(f) Participant accounts

Each participant's account is credited with (a) the participant's contribution, (b) allocation of Plan earnings, (c) the Employer's contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CREOLE CUISINE RESTAURANT CONCEPTS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

1) Description of plan (continued)

(g) Payment of plan benefits

Upon termination of services due to death, disability, or retirement, a participant may elect to receive their benefits in installment payments, or a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted after attaining age 59 ½. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. For vested benefits of a terminated participant not exceeding \$5,000, the plan administrator has the discretion to pay such benefits as a lump sum as soon as administratively feasible.

(h) Administrative expenses

The Company absorbs the Plan's administrative expenses. Administrative expenses paid by the Plan arise from processing fees that are allocated among the respected participants.

(i) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(j) Participant loans

Participants borrowing from their account is not permitted.

2) Summary of significant accounting policies

(a) Basis of accounting

The accompanying financial statements have been prepared on an accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(b) Investment valuation and income recognition

The Plan's investments are stated at fair value (except the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Net (depreciation) appreciation in fair value of investments

The Plan presents in the statement of changes in net assets available for benefits the net (depreciation) appreciation in the fair value of its investments, which consists of realized gains or losses, and the unrealized (depreciation) appreciation of those investments.

CREOLE CUISINE RESTAURANT CONCEPTS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

2) Summary of significant accounting policies (continued)

(d) Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(e) Risks and uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Payment of benefits

Benefits are recorded when paid.

3) Group annuity contract

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company (Great-West Financial) that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer.

4) Federal income taxes

The Plan adopted a prototype plan document. The prototype plan received an opinion letter from the Internal Revenue Service dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the letter, including amendments made to comply with recent law changes. The Plan itself has not separately applied for a determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes had been included in the Plan's financial statements.

CREOLE CUISINE RESTAURANT CONCEPTS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

4) Federal income taxes (continued)

United States generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to United States federal and state income tax examinations by tax authorities for a period of three years beyond the filing of those returns.

5) Information certified by the trustee (unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Great-West Financial, the trustee of the Plan, as of December 31, 2022 and 2021, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	<u>2022</u>	<u>2021</u>
Investments:		
Common collective trust	\$ 438,377	\$ 457,059
Mutual funds	720,253	795,153
Investments, at contract value	51,368	70,509
Investment (loss) income:		
Net (depreciation) appreciation in fair value investments	(209,511)	200,114

6) Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated and appreciated in value by \$(209,511) and \$200,114 for the years ended December 31, 2022 and 2021, respectively.

7) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. That hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CREOLE CUISINE RESTAURANT CONCEPTS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2022 and 2021

7) Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any inputs that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common collective trust: Valued at fair value which approximates contract value.

Mutual funds: Shares held in mutual funds traded on national securities exchange are valued at the net asset value.

Guaranteed investment contract: Valued at fair value which approximates contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 720,253	\$ -	\$ -	\$ 720,253

Investments measured at net asset value (a)				457,059
Total assets at fair value				<u>\$ 1,322,721</u>

- (a) Certain investments are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common collective trust fund	<u>\$ 438,377</u>	<u>\$ 457,059</u>	\$ -	Daily	None

8) SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

9) Subsequent events

The Plan has evaluated subsequent events through the date of the auditors' report, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
