INDEPENDENT AUDITORS' REPORT

To the Plan Management of
Stanley Auto Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Stanley Auto Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting; and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of a Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements which describe the basis of accounting. The financial statements and supplemental information are prepared on the modified cash basis of accounting, which is a basis of accounting other than GAAP. Our opinion is not modified with respect to that matter.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Plan management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Dallas, Texas

STANLEY AUTO GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
MODIFIED CASH BASIS
December 31, 2022

1. DESCRIPTION OF PLAN

The following description of the Stanley Auto Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Stanley Automotive Enterprises (the “Company”) who are age 18 and older and have completed six months of service as defined by the plan document. Eligible participants may enter the Plan on the first day of each plan year quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Plan management is responsible for oversight of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan’s document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are able to direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set to two percent of eligible compensation and their contributions invested in accordance with the default investment alternatives established under the Plan. The Company’s matching contributions are discretionary and determined annually. In 2022, the Company elected not to contribute to the Plan. However, the company did make a \$5 qualified non-elective contribution to the plan during 2022 on behalf of a participant to correct an operational error related to a participant's deferral. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s discretionary contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service, defined by at least 1,000 hours of service in a plan year. Participants vest 20 percent per year of credited service, beginning after their second year, and are 100 percent vested after six years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant’s account, and only one loan may be taken at a time. Refinancing of loans is not permitted. The loan interest rate is set at one percent above the prime rate, as defined, which range from 4.25 percent to 8.00 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to disability, death, retirement, or other reasons, a participant whose vested balance is in excess of \$5,000 may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant whose vested balance is \$5,000 or less is subject to mandatory cash out provisions as defined by the plan document.

Forfeited Amounts

As of December 31, 2022 and 2021, there were no forfeited non-vested accounts. Once funded by forfeited non-vested participant accounts, these accounts will be used to pay plan expenses or to reduce employer contributions to the Plan. In 2022, no plan expenses were paid from forfeited non-vested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the cash basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan payments and plan management deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions

Amounts payable to participants for contributions in excess of amounts allowed by the Plan's provisions are recorded as corrective distributions when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2022 and 2021:

	2022	2021
SSgA Target Retirement 2030 NL Fund M	\$ 281,574	\$ 229,139
State Street S&P 500 Index K	\$ 274,995	**
SSgA Target Retirement 2035 NL Fund M	\$ 216,938	\$ 268,426

** Value does not represent 10 percent or more of the plans net assets as of the respective date.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

	2022	2021
Investments at fair value	\$ 1,848,929	\$ 1,721,675
Notes receivable from participants	\$ 37,948	\$ 75,737
Net depreciation in fair value of investments	\$ 351,911	
Dividends	\$ 6,679	
Interest income on notes receivable from participants	\$ 1,592	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trusts and stable value fund: Valued at the NAV provided by the administrator of the trust. The NAV is based on market value of the underlying assets held by the trust less its liabilities. This practical expedient would not be used if it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. The fair market value has been established using the NAV under the practical expedient approach and, therefore, is not assigned to a level in the hierarchy table.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 125,171	\$ -	\$ -	\$ 125,171
Total investments in the fair value hierarchy	125,171	-	-	125,171
Investments measured at NAV	-	-	-	1,723,758
Total	<u>\$ 125,171</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,848,929</u>
Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 105,317	\$ -	\$ -	\$ 105,317
Total investments in the fair value hierarchy	105,317	-	-	105,317
Investments measured at NAV	-	-	-	1,616,358
Total	<u>\$ 105,317</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,721,675</u>

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	Fair Value as of December 31, 2022	Fair Value as of December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 1,666,850	\$ 1,591,943	\$ -	Daily	Daily
Stable value fund	56,908	24,415	-	Daily	Daily
Total	<u>\$ 1,723,758</u>	<u>\$ 1,616,358</u>	<u>\$ -</u>		

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Great West Trust Company, LLC (“Great West”). Great West is the custodian and recordkeeper as defined by the plan document and, therefore, these transactions qualify as party in interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments. Fees incurred by the Plan for custodial services are included in both administrative expenses and net depreciation in fair value of investments.

Investment related services are provided by Empower Retirement Advisory Services (“Empower”), Infinex Investments, Inc (“Infinex”), and CapFinancial Partners, LLC (“CapFinancial”). Empower is the Plan’s investment manager. Infinex and CapFinancial are the Plan’s investment advisors as defined by the plan document. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for these services are included in both administrative expenses and net depreciation of fair value of investments.

Northeast Retirement Services, Inc. (“Northeast”) is the Plan’s Form 5500 preparer, therefore, these transactions qualify as party in interest transactions, which are exempt from prohibited transaction rules. Fees incurred by the Plan for these services are included in administrative expenses.

The Plan was designed under the National Automobile Dealers Association’s (“NADA”) Retirement Program offered through Empower by Great West. These transactions qualify as party in interest transactions, which are exempt from prohibited transaction rules. Fees incurred by the Plan for these services are included in administrative expenses.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

7. TAX STATUS

Plan management adopted a prototype plan offered by Great West. The IRS has determined and informed Great West by a letter dated November 14, 2022 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”).

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits – Modified Cash Basis.

9. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 28, 2023, the date the financial statements were available to be issued and determined there were no items to disclose.
