Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rashi School Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rashi School Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the financial statements referred to above of Rashi School Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As describe in Note 7 to the financial statements, the Rashi School Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements referred to above.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rashi School Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Rashi School Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Rashi School Retirement Plan and to meet other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 DESCRIPTION OF PLAN

The following description of the Rashi School Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits in compliance with the Internal Revenue Code (IRC) under Section 403(b) for all nonstudent employees of Rashi School (the School) upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan, as pre-tax or roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions are invested in a designated fund until changed by the participant. The Plan provides for a discretionary matching contribution. The School provided a matching contribution of 100% of participant deferrals up to \$1,000 for the year ended December 31, 2022. All contributions are subject to certain limitations imposed by the Plan and the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions and School contributions, and allocations of plan earnings. Allocations of School contributions and investment income are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at Empower Annuity Insurance Company of America and Empower Trust Company, LLC. These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their deferrals and rollovers, including the earnings on these amounts. Participants are 100% vested after one year of service in their School contributions, including the earnings on those amounts.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to ten years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. At December 31, 2022, the notes bear interest at rates ranging from 4.25% to 6.5%. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum, installments over a number of years or purchase of an annuity, based upon election of the participant, as defined in the Plan or the IRC. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between \$1,000 and \$5,000, the Plan administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

The Plan also provides for in-service withdrawals only from deferral accounts by participants who have attained the age of 59½. In addition, upon financial hardship, a participant is entitled to the value of his or her deferral accounts, and the earnings thereon, which is payable immediately in a lump-sum distribution.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution retirement plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain individual contracts included in the Plan's investment in the Empower Key Guaranteed Portfolio Fund are considered to be fully benefit-responsive.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the School. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, management has evaluated subsequent events through September 18, 2023, which represents the date the financial statements were available to be issued.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 3 CERTIFICATION BY THE INVESTMENT CUSTODIANS

Information presented in the accompanying statements and schedules as of December 31, 2022 and 2021, and for the year ended December 31, 2022 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company), Empower Trust Company, LLC (formerly Great-West Trust company), (collectively referred to as Empower), Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA and CREF) or Fidelity Trust Management Company (Fidelity), the custodians, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value:

Fixed Annuity Contracts

Following guidance provided by TIAA and CREF, management has determined that contract value approximates fair value for its fixed annuity contracts that are not fully benefit-responsive. Therefore, the nonfully benefit-responsive TIAA Traditional Annuity account balances are reported at contract value. Contract value represents the accumulation of contributions made under the contract, plus guaranteed and additional interest, less funds used to pay benefits and administrative expenses of the contract.

The conclusion that contract value approximates fair value for the TIAA Traditional Annuity is supported by two approaches, 1) the theoretical transfer of assets owned by a pension plan, and 2) a quantitative model based on assumptions of future interest rates and related discounted cash flows.

Differences in the credit spreads from corporate bonds are assumed to represent the overall illiquidity of the TIAA Traditional Annuity, and those associated U.S. Treasury yields represent a credit spread for a highly rated insurance company. Thus, the interest rate used to discount future cash flows under a TIAA Traditional Annuity contract would approximate the contract's crediting rate and the present value would, therefore, approximate current contract value.

Because participants transact at contract value, the fair value approaches and assumptions related to the TIAA Traditional Annuity are only reviewed annually for financial reporting purposes.

Mutual Funds

Mutual funds are valued at the quoted price of shares held by the Plan at year-end.

Variable Annuities

Variable annuities are stated at their net asset value as reported by independent pricing sources based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

Pooled Separate Accounts

Pooled separate accounts are stated at their net asset values as reported by the investment manager of the fund based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022					
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the year ended December 31, 2022.

Investments in pooled separate accounts and variable annuities provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 GUARANTEED INVESTMENT CONTRACTS

The Plan has a benefit-responsive guaranteed investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 5 GUARANTEED INVESTMENT CONTRACTS (CONTINUED)

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is a traditional investment contract. The contract value of the investment contracts at December 31, 2022 and 2021 was \$78,732 and \$6,282, respectively.

Certain events limit the ability of the Plan to transact at contract value with Empower. Such events include the following: 1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average yield earned by the Plan for the benefit responsive fund can be derived by the quarterly gross interest rates for the fund over the year. The average for the year ended December 31, 2022 was 1.05%.

NOTE 6 FIXED ANNUITY CONTRACTS

The TIAA Traditional Annuity consists of guaranteed fixed annuity contracts that, during the accumulation phase, provide a guarantee of principal, a guaranteed minimum interest rate and the potential for additional discretionary interest if declared by TIAA. Additionally, the discretionary rate applied to contributions received during a reporting period may differ from the discretionary rate applied to account balances at the end of the prior reporting period. Such contracts may be converted to an annuity based on the accumulation in the account. Participants who elect to direct their contributions to this account enter into individual contracts with TIAA that provide various options.

As a result, the TIAA Traditional Annuity consists of certain individual participant contracts that are not considered to be fully benefit-responsive because provisions in the contract contain liquidity restrictions that can limit the participant's ability to make withdrawals from the contract.

**RASHI SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 6 FIXED ANNUITY CONTRACTS (CONTINUED)

As of December 31, 2022 and 2021, the portions of the TIAA Traditional Annuity that were not fully benefit-responsive were \$506,422 and \$516,670, respectively.

The investment contract was credited with an interest rate of 6.25% for the year ended December 31, 2022.

NOTE 7 EXCLUDED CONTRACTS

The Plan administrator has elected to exclude from the statements of net assets available for benefits certain annuity and custodial investment accounts that were issued to former employees who terminated prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by affiliates of Empower, TIAA and CREF and Fidelity. Empower, TIAA and CREF and Fidelity are the custodians as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the School who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 9 INCOME TAX STATUS

The Plan has adopted a 403(b) prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
