INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee, Trustees and Participants
True Companies Employees' 401(k) Savings Plan
Casper, Wyoming

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of True Companies Employees' 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of True Companies Employees' 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section;

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the True Companies Employees' 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about True Companies Employees' 401(k) Savings Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of True Companies Employees' 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about True Companies Employees' 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of the True Companies Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted on April 1, 1988. Effective January 1, 2022, the companies executed Amendment #6 to the True Companies Employees' Profit Sharing Trust to dissolve the True Companies Employees' 401(K) Savings Plan and subsequently adopted a new defined contribution pre-approved 401(K) plan. It covers all employees commencing on the date of employment, and elected to participate. There are no eligibility requirements, the employee is eligible on the day they are hired except for part-time/temporary/seasonal employees who need to complete at least 1,000 of service during the plan year to be eligible. Each employee who has elected a wage deferral becomes a participant in the Plan on the Plan entry date, the first day of the next month following the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's administrative committee is responsible for oversight of the Plan. This committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Amendment

During 2022, effective October 1, 2022, the Plan was amended to allow Roth deferrals for participants and matching deferrals, as well as Roth rollover contributions. The amendment also included an automatic escalation provision of 1% per year up to a maximum of 6% of compensation.

Contributions

Each year, participants may contribute up to 6 percent of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation not to exceed 6% and their contributions invested in a designated default investment fund until changed by the participant. The True Companies contribute 50 percent of each participant's deferral up to a maximum of \$2,000 per participant per calendar year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the True Companies' matching contribution. Participant accounts are charged with an allocation of embedded investment fees that are paid by the Plan. Allocations are based upon participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Vesting in the True Companies' contribution portion of their accounts is based on years of service (the employee must work at least a 1,000 hours in a calendar year to receive a year of service). A participant is 100 percent vested after six years of credited service. Active participants vest in the employer contributions and the earnings on the employer's contribution according to the following schedule:

2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of the employee account balance. The loans are secured by the balance in the participants' account. The interest rate on these loans is set at prime, and the loan must be repaid over a maximum of 59 months. However, loans used to acquire a principal residence may be repaid over a period that may exceed five years. The Plan's loan policy limits each participant to no more than two loans outstanding at any time. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, if the participant's vested account balance is under \$1,000, the participant contributions and related earnings will automatically be paid in a single payment to the former employee. If the participant's vested account balance is between \$1,000 and \$5,000, the former employee may request a single payment of the participant's contributions plus the related earnings. If the former employee does not request payment the amount is rolled into an IRA set up by the trustee in the participant's name.

All employer contributions and related earnings plus any remaining unpaid participant contributions and related earnings may be paid in a single payment (a) to those who reach normal retirement age, (b) to those who become disabled, or (c) to those persons who are still employed by the True Companies at age 72. Benefits are paid in a single payment (a) to the beneficiaries of record upon the death of the participant or former participant or (b) to qualifying former participants whose accounts are less than \$20,000 on the date of payment.

The Plan permits hardship withdrawals under certain conditions.

Note 1. Description of the Plan (Continued)

Forfeited Accounts

Share accounts, or portions thereof, forfeited during the year are allocated among the accounts of the remaining participants in the proportion of each individual's account balance as of January 1st of the current plan year to the total accounts of all participants. To receive an allocation of forfeitures the participant must have worked 1,000 hours and be an employee as of December 31. Forfeitures allocated to participants totaled \$0 and \$18,503 for the years ended December 31, 2022 and 2021, respectively. The unallocated forfeitures for the year ended December 31, 2022 were \$74,915.

Note 2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Note 2. Summary of Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of participants who have elected to withdraw from the Plan, but have not yet been paid, were \$130,661 and \$454,011 at December 31, 2022 and 2021, respectively.

Expenses

Certain expenses incurred in maintaining the Plan are paid by the Plan, unless otherwise paid by the True Companies. Expenses that are paid by the True Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant and are not paid by the plan or the plan sponsor. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. With respect to accounts maintained primarily for the benefit of alternate payees of qualified domestic relations orders, those accounts paid for their allocated portion of the administration expenses.

Note 3. Information Certified by Hilltop Bank

Certain information related to cash, investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including cash, investments, accrued interest, dividends receivable, and notes receivable from participants held at December 31, 2022 and 2021; and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by Hilltop Bank (the trustee and custodian of the Plan).

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|---------|--|

Notes to the Financial Statements**Note 4. Fair Value Measurements (Continued)**

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds including money market mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Trustee deposit accounts: Valued at the carrying value of the deposits, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

Notes to the Financial Statements**Note 5. Related Party and Party-In-Interest Transactions**

Hilltop Bank is a wholly owned subsidiary of Midland Financial Corporation. Midland Financial Corporation is 100% owned by the H.A. True, III and David L. True family member trusts, which collectively own 100% of the entities covered under the True Companies Employees' 401(k) Savings Plan. Plan investments are managed by Hilltop Bank. Hilltop Bank is the trustee, custodian, and record keeper for the Plan; and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the plan for mutual funds are included as a reduction of the return earned on each mutual fund investment. In addition, the fees paid by the Plan and Plan sponsor are exempt, and not considered prohibited transactions. The following table sets forth amounts charged directly by Hilltop Bank for the years ended December 31, 2022 and 2021. No amounts were due to or from this related party at year-end.

	2022	2021
Trustee fees paid by the plan sponsor	\$ 115,989	\$ 106,696
QDRO fees paid by the plan	144	193
Total fees charged by Hilltop Bank	<u>\$ 116,133</u>	<u>\$ 106,889</u>

Note 6. Plan Termination

Although they have not expressed any intent to do so, the True Companies have the right to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all amounts credited to the affected participants' accounts would become 100% vested, and all unallocated amounts would be allocated to the accounts of the participants in accordance with the terms of the Plan. Upon termination of the Plan, the True Companies may direct either:

- 1) Complete distribution of the assets in the Trust to the participants, in cash or in kind; or
- 2) Contribution of the Trust created by the Plan and distribution of benefits in a manner as though the Plan had not been terminated.

Note 7. Tax Status

The IRS has determined and informed the True Companies by letter dated March 5, 2018, that the Plan and related trust are designed in accordance with the applicable provisions of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more like than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Notes to the Financial Statements**Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the statements of assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	\$ 51,801,653	\$ 66,135,033
Amounts allocated to withdrawing participants	(130,661)	(454,011)
Net assets available for benefits per Form 5500	<u>\$ 51,670,992</u>	<u>\$ 65,681,022</u>

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2022 and 2021, to Form 5500:

	2022	2021
Benefits paid to participants per the financial statements	\$ 8,490,259	\$ 7,014,739
Less: Amounts allocated to withdrawing participants in the prior year	(454,011)	(368,269)
Add: Amounts allocated to withdrawing participants in the current year	130,661	454,011
Benefits paid to participants per Form 5500	<u>\$ 8,166,909</u>	<u>\$ 7,100,481</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2022 and 2021, but not yet paid as of that date.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through September 29, 2023, the date the financial statements were available to be issued.
