INDEPENDENT AUDITOR'S REPORT

Board of Directors
Fellowes, Inc.
Itasca, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fellowes, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following brief description of the Fellowes, Inc. 401(k) Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan and the Fellowes, Inc. 401(k) Retirement Plan Trust (the Trust) were established by Fellowes, Inc. (the Company) for the purpose of accumulating funds for the payment of retirement benefits to eligible employees under the Plan. Effective August 12, 2019, Trendway Corporation, a wholly owned subsidiary of the Company, became a participating employer in the Plan and employees of Trendway Corporation currently employed as of the effective date became immediately eligible to participate in the Plan. All employees are eligible to participate 30 days following their date of hire, provided they have attained the age of 18 and are not a temporary employee. All employees are automatically enrolled in the Plan at a deferral rate of 6% with the option to change the election or opt out of the Plan at the employee's request. The employee's contribution amount will increase by 1% annually, up to a maximum of 10%, unless otherwise directed by the participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants are allowed to contribute up to 75% of their eligible compensation as pre-tax or Roth deferrals, not to exceed the predetermined Internal Revenue Code (IRC) limitations. Participants who are 50 years of age, or who will turn 50 years of age within the given calendar year, are eligible to make "catch-up" contributions up to the maximum dollar amount established by the Internal Revenue Service (IRS) each calendar year.

Effective April 1, 2021, the Company has a qualified automatic contribution arrangement (QACA) safe harbor matching contribution. The Company will match 100% of a participant's contributions on the first 2% of a participant's contributions of eligible compensation as defined by IRS regulations and 50% of a participant's contributions on the next 4% of eligible compensation. The Company made safe harbor matching contributions of \$2,159,633 net of forfeitures used for the year ending December 31, 2022.

(c) Participant Accounts

Participants' accounts are credited with (i) the participants' contributions and Company matching funds; and (ii) investment income earned, or investment loss incurred, on their account balances based on their selected investment elections. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

(Continued)

December 31, 2022 and 2021

(d) Vesting

Participants' contributions are 100% vested at the time of contribution. Participants become 100% vested in safe harbor matching contributions after two years of service. Participants' interests in Company non-elective contributions vest at a rate of 20% for each year of service and are 100% vested after 5 years of service. Effective April 1, 2017, the Company no longer makes non-elective contributions. A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

(e) Forfeitures

Forfeitures of non-vested participant accounts are retained by the Plan and are used to reduce future employer contributions. Forfeitures of \$86,286 were used to reduce employer matching contributions for the year ended December 31, 2022. As of December 31, 2022 and December 31, 2021, approximately \$104,447 and \$113,144, respectively, of forfeitures was available for future use.

(f) Administrative Expenses

Loan origination fees associated with notes receivable from participants are reflected in the financial statements as administrative expenses of the Plan. Certain direct administrative fees and expenses are paid by the Company on behalf of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income (loss) reported by the Plan.

(g) Distributions of Plan Benefits

Terminating participants may receive their equity in the Plan in one lump sum or in installments. The Plan also allows for in-service withdrawal upon a participant reaching age 59 ½.

Participants may request withdrawals from their contribution account in the event of financial hardship, as defined in the Plan agreement, which is generally limited to serious illness, college tuition, or purchase of a principal residence.

(h) Notes Receivable from Participants

Participants may borrow from their accounts in amounts not exceeding the lesser of 50% of the vested portion of their account or \$50,000. Interest rates on notes receivable from participants are set at the discretion of the Plan Administrator and currently range from 5.25% to 8.25%. Notes receivable from participants are secured by the vested portion of the participant's account. Principal and interest are repaid through payroll deductions.

2. Summary of Significant Accounting Policies

(a) Accounting Method

The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Estimates

The preparation of the financial statements in conformity with the accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(c) Risk and Uncertainties

The Plan provides for various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, credit risks as well as the risks due to the ongoing coronavirus pandemic. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(d) Benefit Payments

Benefits are recorded when paid.

(e) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value other than fully benefit responsive investment contracts. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(Continued)

FELLOWES, INC.
401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022 and 2021

(f) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

3. Rights Upon Plan Termination

Although it has expressed no intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

4. Party-In-Interest Transactions

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Certain plan investments are shares of mutual funds and a group annuity contract managed by Empower Annuity Insurance Company (f/k/a Prudential Retirement Insurance and Annuity Company) and Prudential Bank & Trust, FSB, and as such, these investments and investment management fees on these investments qualify as party-in-interest transactions. At December 31, 2022 and 2021, the total of these investments was \$25,607,649 and \$23,830,383, respectively. Fees of \$204,470 and were paid by the Plan's participants to Empower Annuity Insurance Company and Prudential Bank & Trust, FSB, or its affiliates for the year ended December 31, 2022. These fees are considered party-in-interest transactions.

Participants in the Plan are permitted to borrow funds from their vested balances as described in Note 1. These transactions qualify as party-in-interest transactions. Notes receivable from participants were \$1,466,091 and \$1,490,990 at December 31, 2022 and 2021, respectively.

5. Tax Status

The IRS issued an opinion letter dated December 4, 2020 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original prototype document, plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

FELLOWES, INC.
401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2022 Using

7. Certified Investments and Notes Receivable From Participants

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company (f/k/a Prudential Retirement Insurance and Annuity Company) ("EAIC") and Prudential Bank & Trust, FSB.

8. Fully Benefit-Responsive Traditional Guaranteed Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive group annuity investment contract with EAIC through the Prudential Guaranteed Income Fund which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

EAIC maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated semi-annually based upon contract provisions, and it may not be less than 1.50%. EAIC's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The contract does not provide for any conditions or circumstances under which distributions from the contract would be payable at amounts below contract value. Upon discontinuance of the contract, contract value would be paid out no later than 90 days from the date the sponsor provides notice to discontinue.

9. Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 5, 2023, which is the date the financial statements were available to be issued.
