INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Plant Maintenance Service Corporation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of Plant Maintenance Service Corporation Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Plant Maintenance Service Corporation Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of year ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E and L to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Plant Maintenance Service Corporation Retirement Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plant Maintenance Service Corporation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plant Maintenance Service Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plant Maintenance Service Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN

The following description of the Plant Maintenance Service Corporation Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan and 401(k) plan covering all full-time nonunion employees of the Plant Maintenance Service Corporation ("the Company") who have at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The Company changed the Plan administrator in May of 2022 from ADP to Ameritas, the financial advisor from Morgan Stanley to LPL Financial, and the trustee from Reliance Trust Company to Ameritas.

Contributions

The Company may contribute to the Plan out of profits any amount set by the Company's board of directors. The employees may elect to have the employer contribute on their behalf to the Plan, instead of including such amounts as compensation, an amount not to exceed the statutory limit. The employer will match 50% of the first 6% of the employees' elective deferral.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution, (b) 100% of the employee's contribution and, (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A. Defined Contribution Profit Sharing Plan.

Vesting in participant accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

B. 401(k) Plan.

Elective deferrals shall always be fully vested and non-forfeitable. Matching contributions are fully vested upon entering the Plan.

Payment of Benefits

On termination of service, due to death, disability, termination, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows for hardship distributions and in-service distributions if the participant has attained age 59½.

NOTE A – DESCRIPTION OF PLAN (continued)

Forfeited accounts

These accounts are used to reduce employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 10, 2023, which is the date the financial statements were available to be issued.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Separate account investments are record-kept using unit values.

The pooled separate accounts are invested in mutual funds at Net Asset Value ("NAV"). The allocation of these funds is based on the unit and unit value for each product and plan invested in the pooled separate account.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value the Plans Level 1 investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note E for valuation of the Plan's guaranteed investment contracts.

Plant Maintenance Service Corporation Retirement Plan
Notes to Financial Statements

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payables

Amounts payable to participants at December 31, 2022, and 2021 were \$1,778 and \$7,457, respectively for contributions in excess of amounts allowed by the IRS. The excess contributions are recorded as a liability, with a corresponding reduction to contributions for each year. The Plan distributed the excess contributions prior to March 15, of the following year.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company (see note J) or the Plan (see note L).

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair Value Measurements

The fair value of pooled separate accounts and mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

During 2022, the net change in fair value of mutual funds and guaranteed investment contracts (including investments bought, sold, and held during the year) as determined by quoted market price was a decrease of \$1,182,381.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Financial Accounting Standards Board (FASB) has issued FASB Staff Position (FSP) AAG INV-1 and SOP 94-4-1, "Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans" effective for plan years ending after December 15, 2006. FSP AAG INV-1 and SOP 94-4-1 covers investments that are established under a trust adopted as part of one or more qualified employer sponsored defined-contribution plans which invests in fully benefit-responsive investment contracts.

The new guidance requires fully benefit responsive investment contracts be reported in the Plan's balance sheet at fair value with an additional single line item that adjusts the net assets attributable to fully benefit responsive contracts from fair value to contract value. The guidance also requires additional disclosures in the Plan's financial statements.

The Ameritas Guaranteed Account earns a declared interest rate for new deposits in each calendar quarter. Subsequent to the initial guaranteed period, a renewal guarantee is applied for deposits made in the calendar quarter in all prior years. For example, deposits made in the first quarter of 2023 will continue to receive the first quarter declared rate until December 31, 2023, at which time a renewal rate will apply for the period January 1, 2024 until December 31, 2024. Similarly, deposits made in the second quarter of 2024 will continue to receive the second quarter declared rate until March 31, 2024 at which time a renewal rate will apply for the period April 1, 2024 until March 31, 2025. Subsequent annual renewal rates will continue in future years.

Plant Maintenance Service Corporation Retirement Plan
Notes to Financial Statements

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Interest rate guarantees of the Ameritas Guaranteed Account are backed by assets held by the Ameritas general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees.

The contract value of funds held in the Ameritas Guaranteed Account generally represents principal plus accrued interest. The fair value of these funds reflects the relationship between credited rates earned by funds held in the Guaranteed Account and current market rates. Higher credited rates will produce a higher fair value than lower credited rates under similar market interest rate environments.

Fair value for the Ameritas Guaranteed Account is determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals are assumed to occur at the end of each calendar year.

Present values are derived by discounting future guaranteed account values and benefit withdrawals by the appropriate market interest rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination.

The average yield in the Plan is the percentage earnings credited in the Guaranteed Account for the period January 1, 2022 to December 31, 2022, based on the end of year fair value of Guaranteed Account assets. These earnings represent the entire investment return of the Guaranteed Account within this contract. The average yield is provided on the certification below.

The weighted average interest crediting rate is the weighted average of all new and renewal rates of the contract for each calendar quarter. These rates are guaranteed for the entire duration of the guaranteed period and do not vary with the subsequent performance of assets of the Ameritas general account which back these guarantees.

Plant Maintenance Service Corporation Retirement Plan
Notes to Financial Statements

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The weighted average interest crediting rate, as of December 31, 2022, is provided on the certification below.

FSP AAG INV-1 and SOP 94-4-1 requires two sensitivity tests be performed for fully benefit responsive investment contracts. The intent of the sensitivity tests is to measure the impact on the weighted average interest crediting rate resulting from immediate hypothetical increases and decreases in market yields. The first test assumes no change in the net assets of the contract, while the second test assumes an immediate, one-time, hypothetical 10 percent decrease in the net assets of the contract. Under both tests, there would be no impact on the weighted average interest crediting rate as reported on the attached certification page.

Certain events may limit the ability of the Plan sponsor and/or Plan participants to transact at contract value with Ameritas. Examples of these events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan. In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract's funds.

Under no event may Ameritas terminate this contract and settle at an amount different from contract value.

The Ameritas Life Insurance Corp. is currently rated A+ (Strong) by Standard & Poor's and rated A (Excellent) by the A.M. Best Company.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participants' accounts and distributed in a manner which is consistent with the Plan's distribution provisions.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, and an approved modification dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plant Maintenance Service Corporation Retirement Plan
