INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Sax LLP Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Sax LLP Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 1 **Description of the Plan**

The following description of the Sax LLP Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to employees of Sax LLP and Sax Wealth Advisors, LLC (together, the Company or Employer). The Plan intends to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is responsible for the general administration of the Plan. As of January 1, 2022 Principal Trust Company (Principal) became the trustee and custodian for the Plan. Alerus Financial, N.A. (Alerus) served as the recordkeeper and custodian of the Plan assets for 2021.

Eligibility

Employees of the Company who are at least 21 years of age are immediately eligible to make employee deferral contributions to the Plan. Upon attaining one year of service, an employee will be eligible for both employer matching and non-elective contributions. In order to receive the employer profit sharing contributions, an employee must be employed by the Company on the last day of the Plan year. In order to receive the employer matching contribution, an employee must have worked one year of service. The first day of the month following attainment of one year of service, the employee will begin receiving employer matching contributions. Excluded employees include union employees, leased employees, and reclassified employees.

Contributions

Eligible employees may make salary deferral contributions as defined by the Plan up to the maximum amount allowed by the IRC. The Plan allows for Roth contributions as well as deferrals from pre-tax compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees also may contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan.

The Company provides a discretionary matching contribution equivalent to 25% of the participant's contributions not to exceed 10% of the participant's eligible compensation. The Company may make a qualified non-elective or a discretionary profit-sharing contribution allocated as a percentage of compensation determined annually by management.

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

***Note 1* Description of the Plan - Continued**

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Company's contributions, (c) an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, and reduced by (d) the participant's withdrawals, and (e) administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions to the Plan. Employer contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance; or (b) \$50,000, reduced by the excess of the participant's highest outstanding participant loan balance during the 12-month period ending on the date of the loan over the participant's current outstanding participant loan balance on the date of the loan. A participant may have two loans outstanding at any time. The loans are collateralized by the balance in the participant's account and bear interest at the Prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Loans are to be repaid over a period not to exceed five years, unless for the purchase of a primary residence, in which case the repayment period is to be no greater than 15 years.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching the age of 65 and has provisions for disability, death and termination benefits for those participants who are eligible to receive such benefits. Withdrawals for hardship, upon attainment of age 59½, and for employees with over 60 months of participation in the Plan are permitted, provided the participant is still employed by the Company at that time. All balances under \$5,000 are distributed to terminated participants as soon as administratively feasible.

Forfeited Accounts

Forfeited non-vested accounts totaled \$25,034 and \$11,075 at December 31, 2022 and 2021, respectively. Forfeited balances of terminated participant's non-vested accounts are used to reduce employer contributions. During 2022, \$24,635 and \$5,524 of forfeitures were used to reduce employer contributions and fund administrative expenses, respectively.

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

***Note 1* Description of the Plan - Continued**

Administrative Expenses

All expenses of administering the Plan may be paid by the Plan, unless elected to be paid by the Company.

***Note 2* Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants (participant loans) are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 9, 2023, the date that the financial statements were available to be issued.

***Note 3* Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

***Note 3* Investment Valuation and Income Recognition - Continued**

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Pooled Separate Accounts: Valued using the NAV of the units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value based on the value of the underlying assets in the pooled separate account.

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

***Note 3* Investment Valuation and Income Recognition - Continued**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of:

	December 31, 2022	
	Level 1	Total
Registered Investment Companies	\$ 26,665,749	\$ 26,665,749
Investments Measured at NAV		
As a Practical Expedient (a)		13,307,632
Total Investments, at Fair Value		\$ 39,973,381
	December 31, 2021	
		Level 1
Registered Investment Companies		\$ 58,729,318

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Note 4* Guaranteed Interest Account**

The Plan participates in a group annuity contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a separate account, which is credited with earnings of the account's underlying investments and charged for participant withdrawals and administrative expenses. The contracts are recorded in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 4* **Guaranteed Interest Account - Continued*

The contract has certain restrictions that impact the ability to collect the full contract value; for example, if the contract were to be terminated, the Plan may elect to receive either an immediate lump sum distribution subject to a market value adjustment or receive a contract value distribution in six annual installments. In addition, withdrawals initiated by the Plan sponsor including total or partial plan termination, mergers, spin-offs, lay-offs, early retirement incentive programs, etc. may be subject to a market value adjustment. Any participant initiated transfer out of the stable value fund must first go through a non-competing investment option and reside there for at least 90 days before transfer to a competing investment option. The investment is considered fully benefit responsive.

Principal is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. Interest rates guaranteed by Principal are to be no less than 1%, before any deduction for expenses. Interest rates credited during 2022 ranged from 1.65% to 2.05%. The interest crediting rate at December 31, 2022 was 2.05%.

Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Principal may not terminate the contract at any amount less than contract value.

Note 5* **Tax Status*

The Plan has adopted a pre-approved plan sponsored by Principal Life Insurance Company. The pre-approved plan provider has received an opinion letter from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status dated June 30, 2020. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SAX LLP SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 6* **Certified Information*

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the current custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2022, the schedule of assets (held at end of year) as of December 31, 2022, the related investment activity (including interest and dividend income, interest on notes receivable from participants and net depreciation in fair value of investments) reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Alerus, the previous custodian of the Plan, certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2021.

Note 7* **Plan Termination*

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant becomes 100% vested and the net assets of the Plan will be distributed as prescribed by ERISA.

Note 8* **Party-in-Interest Transactions*

Certain Plan investments include investments managed by entities related to Principal, and, therefore, transactions involving this investment qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
