DECEMBER 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Montgomery County MH/MR Emergency Service Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Montgomery County MH/MR Emergency Service Inc., (the "Plan Sponsor" or "the Hospital"). Eligible employees enter the Plan on January 1st or July 1st of each plan year. Employees who work less than 20 hours per week are not eligible to participate in the Plan. Employees must be age 21 or older to receive any discretionary matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investments offerings, monitors the Plan's investment performance and reports to the Plan's management.

Contributions

Each year, participants may contribute up to 100% pretax annual of their compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Hospital may elect to make matching contributions to eligible participants at its discretion. An additional profit-sharing contribution may be made at the option of the Hospital's Board of Directors. The discretionary contribution is available to all employees who have completed 2 years of service as of their entry date to the Plan. Contributions are subject to certain limitations. During the years ended December 31, 2022 and 2021, the Hospital made matching contributions to the Plan totaling \$86,688 and \$169,173, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Hospital's discretionary matching contribution and discretionary profit-sharing contribution and b) Plan earnings/losses. Allocations are based on participant earnings account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in the contribution to their accounts plus actual earnings thereon. Full vesting in the Hospital's profit-sharing and discretionary contributions to participant accounts is based on two years of continuous service.

RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of 50% of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account. The loan interest rate is determined by Empower Retirement, LLC. and is based on the U.S. Treasury prime rate at the date the loan is originated. Principal and interest are paid ratably through biweekly payroll deductions. The loans cannot exceed a five-year term.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no amounts due to participants for contributions in excess of amounts allowed by the IRS for the Plan years ended December 31, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid. On termination of service as a result of retirement or employment termination, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, to rollover their account to another qualified plan, or to defer payment of their account to a later date. If termination of service is due to death, the participant's beneficiary will receive a lump-sum payment for the entire vested amount of the account balance. On termination of service due to disability, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeited Accounts

At December 31, 2022 and 2021, there were no forfeited non-vested accounts. To the extent that forfeitures exist, they would be used to reduce the Hospital discretionary matching contribution and discretionary profit-sharing contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 6 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest Income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plans gains and losses on investments bought and sold as well as held during in the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are paid by the Hospital when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Operating Expenses

All Plan administrative expenses are paid by the Hospital. Expenses paid by the Hospital were \$3,386 and \$34,846 for the plan years ended December 31, 2022 and 2021. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

NOTE 3 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The terms of the Plan have been prepared to conform with the same language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b) of the Code. The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the plan is qualified and the related accounts are tax-exempt.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 3 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan takes an uncertain position that more likely than not would not be sustained upon examination by regulatory authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan invests in various self-directed investment securities. The self-directed Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation/depreciation in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Retirement, LLC, The Custodian of the Plan.

NOTE 6 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively:

Assets at Fair Value as of December 31, 2022

NOTE 7 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain administrative functions of the Plan are performed by officers or employees of the Hospital. No such officer or employee receives compensation from the Plan. Network Group is the custodian and recordkeeper for the Plan and, therefore, investment transactions qualify as party in interest transactions. Notes receivable from participants also qualify as party in interest transactions.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Montgomery County MH/MR Emergency Service Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Montgomery County MH/MR Emergency Service Inc., (the "Plan Sponsor" or "the Hospital"). Eligible employees enter the Plan on January 1st or July 1st of each plan year. Employees who work less than 20 hours per week are not eligible to participate in the Plan. Employees must be age 21 or older to receive any discretionary matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investments offerings, monitors the Plan's investment performance and reports to the Plan's management.

Contributions

Each year, participants may contribute up to 100% pretax annual of their compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Hospital may elect to make matching contributions to eligible participants at its discretion. An additional profit-sharing contribution may be made at the option of the Hospital's Board of Directors. The discretionary contribution is available to all employees who have completed 2 years of service as of their entry date to the Plan. Contributions are subject to certain limitations. During the years ended December 31, 2022 and 2021, the Hospital made matching contributions to the Plan totaling \$86,688 and \$169,173, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Hospital's discretionary matching contribution and discretionary profit-sharing contribution and b) Plan earnings/losses. Allocations are based on participant earnings account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in the contribution to their accounts plus actual earnings thereon. Full vesting in the Hospital's profit-sharing and discretionary contributions to participant accounts is based on two years of continuous service.

**MONTGOMERY COUNTY MH/MR EMERGENCY SERVICE
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of 50% of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account. The loan interest rate is determined by Empower Retirement, LLC. and is based on the U.S. Treasury prime rate at the date the loan is originated. Principal and interest are paid ratably through biweekly payroll deductions. The loans cannot exceed a five-year term.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no amounts due to participants for contributions in excess of amounts allowed by the IRS for the Plan years ended December 31, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid. On termination of service as a result of retirement or employment termination, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, to rollover their account to another qualified plan, or to defer payment of their account to a later date. If termination of service is due to death, the participant's beneficiary will receive a lump-sum payment for the entire vested amount of the account balance. On termination of service due to disability, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeited Accounts

At December 31, 2022 and 2021, there were no forfeited non-vested accounts. To the extent that forfeitures exist, they would be used to reduce the Hospital discretionary matching contribution and discretionary profit-sharing contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
