INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Guilford College Defined Contribution Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Guilford College Defined Contribution Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits, as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank, similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank, similar institution, or insurance carrier, in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from TIAA-CREF and AIG Retirement Services/Variable Annuity Life Insurance Company ("the Trustees"), as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section –

- the amounts and disclosures in the financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except, as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we –

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the December 31, 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held and certified by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

A. DESCRIPTION OF PLAN

The following description of the Guilford College (“the College”) Defined Contribution Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Overall responsibility for administering the Plan rests with the Plan Investment Committee, which is appointed by the President under authority given by the Board of Trustees of the College.

- 1. General.** The Plan is a defined contribution plan covering all employees at least twenty-one (21) years of age. Upon hire, employees must complete one year of service before they become eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
- 2. Contributions.** Elective deferrals are permitted at the entry date into the Plan. The College may make a contribution on behalf of qualifying participants. The contribution may not exceed the amount allowable under the Internal Revenue Code (“the Code”). The College suspended the nonelective contributions from August 1, 2021 through July 31, 2021. The Plan reinstituted the nonelective contribution at a flat rate of 4% beginning July 1, 2021. The Plan also records contributions receivable for contributions that are due to the Plan at year end, yet funds are not invested in the Plan until after year end. There are no contributions receivable at December 31, 2022 and 2021.
- 3. Participant Accounts.** Participants may direct TIAA-CREF and AIG Retirement Services/Variable Annuity Life Insurance Company (“the Trustees”) as to the investment of their accounts among several investment options, reflecting varying degrees of risk. The participants’ accounts are credited with their salary deferrals, any employer contributions, and earnings of the underlying investments. Allocations are based on participants’ earnings or account balances, as defined. The participant is entitled to the benefit that can be provided from the participant’s account. Participants may make rollover contributions to the Plan.
- 4. Vesting.** Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are also vested immediately in nonelective, nondiscretionary employer contributions.
- 5. Payment of Benefits.** Upon termination of service, a participant is eligible to receive their vested balance as soon as administratively feasible after the end of the Plan year. Benefits may be paid as a lump sum, or in various forms of installments.
- 6. Investment Options.** Upon enrollment in the Plan, a participant may direct employee contributions to a variety of funds offered by the Trustees in accordance with the Plan. Participants may change allocations directly with the Trustees at any time.
- 7. Loans to Participants.** Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of 50% of their account balance, not to exceed \$50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans may only be made from unmatched pre-tax elective deferrals and rollovers from other plans. The loans are secured by the balance in the participant’s account and bear a reasonable rate of interest and will be fixed for the duration of the loan. However, with respect to amounts invested with the Trustees, the interest rate for the loan will vary as described in the Plan documents depending upon how the participant’s retirement balance is invested.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation

The Plan's investments are stated at fair value as determined by quoted market prices.

Benefit Payments

Benefits are recorded when paid.

Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. INVESTMENTS

The following is a summary of the investment information regarding the Plan, as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplementary schedules that were prepared by, or derived from, information prepared by the Trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustees that such information is complete and accurate.

C. INVESTMENTS [cont'd]

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Codification establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three (3) levels of the fair value hierarchy under FASB Codification are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the assets;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at the closing price reported on the active market.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds. These funds are required to publish their daily net asset value ("NAV") to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts—real estate: Valued at readily determinable fair value as quoted on active markets. These funds are required to publish their daily NAV to transact at that price.

Traditional benefit responsive annuity contracts: Fixed annuity benefit responsive contracts are reported at contract value. This determination is based on the Trustees' credit rating and yield during 2022 and 2021 being comparable to similar alternative investments.

**GUILFORD COLLEGE
DEFINED CONTRIBUTION PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

D. FAIR VALUE MEASUREMENTS [cont'd]

Traditional non-benefit responsive annuity contracts: Fixed annuity non-benefit responsive contracts are reported at fair value that approximates contract value.

Stable value fund: Valued at NAV as a readily determinable fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 675,316	\$ ---	\$ ---	\$ 675,316
Mutual funds	41,718,440	---	---	41,718,440

**GUILFORD COLLEGE
DEFINED CONTRIBUTION PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

E. PLAN TERMINATION

The College has the right, under ERISA, at any time, to suspend or discontinue its contributions under the Plan and to terminate the Plan and the trust created under the Plan agreement.

F. TAX STATUS

The Plan's terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such a program. The Plan is required to operate in conformity with the Code to maintain its tax exemption. The Plan's management believes the Plan is currently designed and operating in compliance with applicable requirements of the Code.

As of December 31, 2022, management believes there are no uncertain tax positions.

As of December 31, 2022, and including the previous three (3) years considering extensions, the Plan's Form 5500 is open and subject to examination by tax authorities with relevant jurisdiction. Should such an examination take place, management does not anticipate any significant issues related to the open years.

G. SUBSEQUENT EVENTS

The Plan evaluated events occurring subsequent to the statements of net assets available for benefits date through May 8, 2023, the date the financial statements were available to be issued.

H. PLAN LOANS

The Plan allows plan loans to be taken by the participant. A plan loan is a type of participant loan where a portion of the participant's account is reserved or held in collateral to cover 110% of the outstanding loan balance. The collateral is held in the TIAA Traditional Annuity. Principal payments increase the amount of the TIAA Traditional Annuity funds available for the participant's use. Plan loans are not issued directly from the participant's account; therefore, there is no separate asset reported in the statements of net assets available for benefits, as is reported for participant loans. At years ended December 31, 2022 and 2021, the Plan's loans included in the TIAA Traditional Annuity were \$16,515 and \$40,148, respectively.
