Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Wellington School DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Because certain prior-year records were not available, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 21, 2022 and 2021, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the years then ended. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedule referred to above.

WELLINGTON SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

Plan Description

The following description of Wellington School DC Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of The Wellington School (the School). Currently, participants are eligible to participate on their date of employment with the School. Effective July 2023, participants must be 21 years of age to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan agreement. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The School makes a matching contribution equal to 5% of compensation for employees who have completed one year of service and are at least 21 years of age, provided their elective deferrals equal or exceed 5% of their compensation. Beginning in September 2022, for such employees who have completed more than 10 years of service, the School makes a matching contribution equal to 6% of compensation, provided their elective deferrals equal or exceed 6% of their compensation. Effective July 2023, the one year of service requirement for matching contributions was removed.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the School's matching contribution and an allocation of plan earnings (net of administrative expenses). Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and the School's matching contributions, plus actual earnings thereon.

Plan Description (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in any of the various investment options that the Plan offers through Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA and CREF). Participants may change their investment options at any time.

Plan Loans to Participants

Participants may borrow from Teacher's Insurance and Annuity Association (TIAA) using a portion of their plan account as security for the loan. The minimum loan is \$1,000 up to a maximum equal to the lesser of 45% of the participant's account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by TIAA (4.67% at December 31, 2022 and 2021). Principal and interest are paid ratably through monthly or quarterly payroll deductions. Loan repayment terms are not to exceed five years, unless the loan will be used by the participant to acquire the participant's principal residence.

The Plan Administrator has concluded that the outstanding loans are not plan assets and that such arrangements are exempt transactions. Participant loan balances, which include principal and accumulated interest, totaled \$231 and \$615 as of December 31, 2022 and 2021, respectively. Under the borrowing terms \$254 and \$676 of plan assets serve as collateral to these loans as of December 31, 2022 and 2021, respectively. Interest paid by participants on such loans during the years ended December 31, 2022 and 2021, was \$19 and \$91, respectively. In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. During the years ended December 31, 2022 and 2021, there were no loans that went into default and there were no outstanding loans in default.

Payment of Benefits

A participant may receive the value of their account upon retirement, disability or termination. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Distributions are made in either a lump-sum or equal installments not to exceed the life expectancy of the participant. Hardship withdrawals, as defined in the Plan, are also available to participants.

Plan Description (continued)

Forfeited Accounts

Because participants are immediately vested in their accounts, the Plan has no forfeitures.

Secure Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan has a fixed annuity contract which is valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the School, as provided by the plan agreement.

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF), the custodian of the Plan.

	2022	2021
Mutual funds	\$ 4,145,954	\$ 4,872,826
Fixed annuity contracts	3,493,494	3,494,702
Variable annuity contracts	10,031,377	12,562,595
Pooled separate accounts	943,949	875,783
Investment contract with TIAA	246,384	176,669
Total	\$ 18,861,158	\$ 21,982,575

The custodian also certified to the completeness and accuracy of \$(3,050,106) of net depreciation and \$2,795,007 of net appreciation in fair value of investments and \$39,082 and \$15,638 of interest and dividend income related to the aforementioned investments for the years ended December 31, 2022 and 2021, respectively.

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

WELLINGTON SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Fair Value Measurements (continued)

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021.

Fixed Annuity Contracts:

Valued at contract value, which approximates fair value, and equals the accumulated cash contributions, interest credited and transfers, if any, less any withdrawals and transfers, if any. These contracts are fully and unconditionally guaranteed by TIAA.

Mutual Funds:

Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Variable Annuity Contracts:

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of the unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based primarily on market quotations or prices obtained from independent pricing sources who may employ various pricing methods including matrix pricing. For these funds, there are no unfunded commitments and participants can transact daily. The only redemption restriction is that participants are not permitted to make electronic transfers back into the same account through a purchase or exchange for 90 calendar days, if a purchase, sale or repurchase within that account is made within a sixty-day period.

WELLINGTON SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

Fair Value Measurements (continued)

*Pooled Separate
Accounts:*

Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of the unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based primarily on the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals. Any securities held in the account are valued using independent pricing sources. For this fund, there are no unfunded commitments and participants can transact daily; however, participant transfers out of this account are limited to one per calendar quarter per participant.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2022			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 4,145,954	\$ -	\$ -	\$ 4,145,954

Fair Value Measurements (continued)

	2021			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 4,872,826	\$ -	\$ -	\$ 4,872,826
Fixed annuity contracts	-	-	3,494,702	3,494,702
Investments measured at net asset value:				
Variable annuity contracts*	-	-	-	12,562,595
Pooled separate accounts*	-	-	-	875,783
Total assets at fair value	\$ 4,872,826	\$ -	\$ 3,494,702	\$ 21,805,906

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The School evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022 and 2021:

	2022	2021
Purchases	\$ 376,341	\$ 457,112
Issuances	(486,762)	(676,604)
Transfers in	313,260	380,483
Transfers out	(310,086)	(337,493)

WELLINGTON SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Annuity Contracts with TIAA

The Plan has investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit-responsive, while others are not. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

The Plan has entered into a fixed rate annuity contract (TIAA Traditional Annuity), which is fully and unconditionally guaranteed by TIAA. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3% with the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year" which begins each March 1. Additional interest is not guaranteed in future years. When the accumulation in TIAA Traditional is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation. The TIAA Traditional Annuity contract contains liquidity restrictions on the redemption of the accumulations, which could impact the value realized upon exiting the contract. Contracts contain liquidity restrictions on the redemption of the fixed rate annuity contract.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contracts do not permit TIAA to terminate the agreement prior to the scheduled maturity date.

Plan Termination

The School has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the School also has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

WELLINGTON SCHOOL DC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Tax Status

The School has adopted an ERISA 403(b) volume submitter plan, which received a favorable opinion letter dated August 7, 2017 from the Internal Revenue Service (IRS). The opinion letter stated that the Plan is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter, however, the plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain plan investments are mutual funds, fixed and variable annuity contracts, shares of a pooled separate account, and other investment contracts managed by TIAA and CREF. TIAA and CREF is the custodian for the plan and therefore, these transactions qualify as exempt party-in-interest transactions. LPL Financial is an investment advisor for the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan, which are netted against investment income, amounted to \$94,585 and \$128,967 for the years ended December 31, 2022 and 2021, respectively. Additional administrative expenses paid by the Plan were \$15,782 and \$0 for the years ended December 31, 2022 and 2021, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2022 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
