INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Administrator
Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan
Bismarck, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eide Ford Lincoln Mercury, Inc. Salary Deferral 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted accounting standards. For information prepared in the supplemental schedules that agreed to or is derived from the certified information, we compared such information to the related certified information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is a defined contribution plan and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the sponsor – Eide Ford Lincoln Mercury, Inc.

A third-party administrator (Fidelity Management Trust Company) serves as trustee of the Plan and holds the Plan assets. Fidelity Workplace Services, LLC maintains the records for participant data.

The Plan includes the employees of Eide Ford Lincoln Mercury, Inc., Eide Auto Center, Inc., Eide Motors & RV Center, LLC, Eide Motors, Inc., EIDEAL, Alcar, Inc., and EAGAL, Inc. (collectively the Company).

Eligibility

All employees of the Company are eligible to participate in the Plan after completion of 1,000 hours of service in the first year of eligibility (one year following first date of employment), and attainment of age 21, except for collective bargaining agreement employees and nonresident aliens. Effective November 15, 2022, all employees of the Company are eligible to participate after completion of twelve months of service with no minimum hour requirement. To receive discretionary matching contributions, an employee must meet the eligibility requirements above. To receive discretionary profit-sharing contributions, an employee must either have worked at least 501 hours during the Plan year or be employed on the last day of the Plan year. Employees may enroll in the Plan at the beginning of each calendar month coincident with or next following the date the eligibility requirements are met for all contribution types.

Contributions

Participants may contribute up to the maximum dollar amount allowed under federal regulations for the plan year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Plan allows for a discretionary match. For the year ended December 31, 2021, the Plan matched 50% of the participant's elective deferrals up to 4% of the participant's eligible compensation. Effective August 1, 2022, the Plan matched 50% of the participant's elective deferrals up to 5% of the participant's eligible compensation. Discretionary profit-sharing contributions to the Plan are also allowed and are allocated to each employee in the ratio that the compensation of the individual participant is to the compensation of all participants for the plan year. There were no discretionary profit-sharing contributions for the plan years ended December 31, 2022 and 2021. Effective November 15, 2022, participants are allowed to make after tax elective deferrals (Roth).

Participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans.

Payment of Benefits

Upon termination of employment, death, disability, or retirement, the participant will receive a lump sum amount, installment distributions or ad-hoc distributions equal to the value of the participant's vested interest. Terminated participants with account balances of \$1,000 or less are required to take a lump sum distribution upon termination. Terminated participants with balances between \$1,000 and \$5,000 can elect to receive a lump sum payment or rollover those funds to another qualified plan. Hardship distributions and in-service retirement distributions are also permitted for participants who have not separated from service. Participants must have attained age 59 and ½ to qualify for in-service retirement distributions.

In addition, distributions are required to begin no later than the April 1st following the later of the end of the year in which a participant reaches age 72 or retires.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching and profit-sharing contribution, if any. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants' Investment Options

Participants must direct their salary deferral contributions and Company contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options throughout the year by contacting Fidelity Management Trust Company, the trustee.

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service with certain exceptions for death and disability. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The term of the loan cannot exceed five years, unless it is for the purchase of a principal residence, which must be repaid within ten years. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeitures can be used in any permissible method, including restoring forfeitures, reducing future employer contributions, or to pay reasonable plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$2,292 and \$24,179, respectively. During the year ended December 31, 2022, \$16,274 and \$13,315 were used to reduce employer contributions and pay reasonable plan expenses, respectively. During the year ended December 31, 2021, \$2,675 were used to pay reasonable plan expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("U.S. GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held and transferred during the year and is reflected in the statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participant loan accounts are assessed a separate fee for the administration of loans. Certain administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 4 FAIR VALUE MEASUREMENT

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2022 and 2021.

Mutual funds and money market mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by Fidelity Management Trust Company. The non-standardized pre-approved profit sharing plan has received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service as to the plan's qualification status. This opinion letter has been relied upon by this Plan.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 6 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company serves as the trustee of the Plan, maintains the records of the participant data, and holds the Plan's assets. For the years ended December 31, 2022 and 2021, the Plan paid fees to Fidelity Management Trust Company in the amount of \$18,163 and \$7,559 respectively.

Fidelity Management Trust Company receives revenue from investment fund service providers for services that Fidelity Management Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Fidelity Management Trust Company for its administrative services to the Plan. If the revenue received by Fidelity Management Trust Company from the investment fund service providers exceeds the amounts owed under the service agreement, Fidelity Management Trust Company remits the excess to the Plan's trust which is then applied against amounts the Plan owes to Fidelity Management Trust Company.

During the years ended December 31, 2022 and 2021, there were no significant excess revenue sharing amounts received by the Plan.

**EIDE FORD LINCOLN MERCURY, INC. SALARY DEFERRAL
401(K) PROFIT SHARING PLAN**
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022 AND 2021

These transactions are covered by a permanent exemption under Section 408 of the Employee Retirement Income Security Act of 1974, and therefore, are not a violation of the prohibited transaction regulations promulgated by Act Section 406.

NOTE 7 NON-EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

The Company remitted the following participant contributions to the trustee subsequent to the date required by the Department of Labor (DOL) Regulation 2510.3-102.

<u>Contribution Date</u>	<u>Amount</u>
Various pay periods in 2020	\$ 297,655
Various pay periods in 2021	502,108
Various pay periods in 2022	2,489

The Company has calculated amounts representing the earnings that the contributions would have earned if they had been deposited timely. The lost earnings from the late remittances for the years ended December 31, 2022, 2021, and 2020 were deposited during the year ended December 31, 2022.

NOTE 8 EXCESS CONTRIBUTIONS LIABILITY

The Plan has accrued excess contribution liabilities in the amount of \$42,625 and \$16,537 as of December 31, 2022 and 2021, respectively. The excess contributions were refunded back to the respective participants in the subsequent year, allowing the Plan to satisfy the nondiscrimination testing provisions of the Internal Revenue Code.

NOTE 9 AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. If the Company terminates contributions or the Plan is terminated, all participants become fully vested.

NOTE 10 RISKS AND UNCERTAINTIES

Participants direct the investment of their accounts into various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 SUBSEQUENT EVENTS

No significant events occurred subsequent to the Plan's year end. Subsequent events have been evaluated through October 5, 2023, which is the date these financial statements were available to be issued.
