Independent Auditor's Report

To the Pension and 401(k) Committee
Intelsat 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Intelsat 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have

obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Intelsat 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following brief description of the Intelsat 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined-contribution plan covering substantially all full-time employees of Intelsat US LLC, Intelsat General Communications LLC, Intelsat International Employment LLC (collectively referred to as "Intelsat" or "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Pension and 401(k) Committee of Intelsat is responsible for oversight of the Plan. The Pension and 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan administration

Under a trust agreement effective July 19, 2001, T. Rowe Price Trust Company ("T. Rowe Price") was appointed trustee and custodian for the Plan. The Plan is administered by Intelsat US LLC (the "Plan Administrator").

Contributions

Each year, participants may contribute a percentage of their eligible compensation on a pre-tax or after-tax basis, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Intelsat makes a matching contribution each pay period, up to 5 percent of the participant's eligible compensation contributed to the Plan. At the end of the Plan year, Intelsat makes a "true-up" contribution of 100 percent of the aggregate participant's contribution less any previous matching contributions, not to exceed 5 percent of eligible compensation for participants employed on the last day of the Plan year.

At the end of the Plan year, Intelsat makes an automatic contribution equal to 2 percent of employees' eligible compensation for the Plan year.

Intelsat may also contribute up to 4 percent of employees' eligible compensation for each Plan year as a discretionary contribution, for employees employed on the last day of the Plan year. Intelsat made no discretionary contributions for the Plan year ended December 31, 2022.

Employees are eligible for the automatic and discretionary contributions provided they are employed on the last day of the Plan year, retired or became disabled or died during the Plan year.

Intelsat 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately vest in their contributions; Intelsat's matching contributions and actual earnings thereon. Participants fully vest in Intelsat's automatic and discretionary contributions upon completion of three years of service.

Notes receivable from participants

Participants may borrow from their fund accounts. The maximum loan amount that may be borrowed is the lesser of \$50,000, reduced by the highest outstanding loan balance during the last 12 months, or 50 percent of the participant's vested account balance. Loan transactions are treated as transfers between the investment funds and the participant's loan balance. Prior to June 1, 2007, loan terms were for periods up to five years or up to 30 years if used for the purchase of a principal residence. Loans taken on or after June 1, 2007 are for periods up to five years or up to 15 years if used for the purchase of a principal residence. Effective June 1, 2011, this loan policy was amended to allow participants to have no more than two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at 1 percent plus the prime interest rate at the inception of the loan. Principal and interest are paid ratably through payroll deductions.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions in 1 percent increments in numerous investment options. Intelsat's matching and discretionary contributions are allocated to participants' funds in the same proportion as the participants' employee contributions. Participants may change their investment options at any time. All investments are participant-directed.

Payment of benefits

Upon termination of service or retirement, participants may elect to (1) receive a lump-sum payment equal to the vested cash value of the account if the vested balance excluding the rollover contribution sub-account is more than \$1,000, (2) make a direct transfer to a traditional IRA or another employer plan, or (3) defer a lump-sum payment to a later date. If the vested balance is less than \$1,000, the Plan automatically distributes the amount to the participant in the form of a lump-sum payment.

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$41,802 and \$2,641, respectively. These accounts may be used to pay Plan administrative expenses or reduce future employer contributions. Also, in 2022, employer contributions were reduced by \$21,457 from forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The accompanying financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has indirect investments in fully benefit-responsive investment contracts within the common/collective trust, which are recorded at fair value.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions once a distributable event has occurred based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. See Note 4 for a discussion of administrative expenses.

Intelsat 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Subsequent events

The Plan has evaluated subsequent events through September 21, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12-

Intelsat 401(k) Retirement Savings Plan

months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 259,681,785	\$ -	\$ -	\$ 259,681,785
Total assets in fair value hierarchy	259,681,785	-	-	259,681,785
Investments measured at NAV (a)	-	-	-	183,289,632
Total investments at fair value	<u>\$ 259,681,785</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 442,971,417</u>
	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 336,068,210	\$ -	\$ -	\$ 336,068,210
Total assets in fair value hierarchy	336,068,210	-	-	336,068,210
Investments measured at NAV (a)	-	-	-	201,770,235
Total investments at fair value	<u>\$ 336,068,210</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 537,838,445</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For years ended December 31, 2022 and 2021, there were no significant transfers between Levels 1 and 2. There are no Level 3 investments.

Intelsat 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common/collective trust	\$ 183,289,632	None	Daily	30 days

December 31, 2021				
	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common/collective trust	\$ 201,770,235	None	Daily	30 days

Note 4 - Related party transactions and party-in-interest transactions

Plan investments include mutual funds managed by T. Rowe Price. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. They are not, however, prohibited transactions.

The Plan has a revenue sharing agreement (the "agreement") with T. Rowe Price. The agreement establishes an administrative budget through a separate account in the trust, which can be used to pay Plan expenses. The administrative budget is credited quarterly with administrative fee payments received or accrued for receipt into the Plan that exceed an established revenue threshold for all investment options other than T. Rowe Price funds for each calendar quarter. Any amounts credited to the administrative budget and not used in the calendar year shall be allocated as determined by the Plan's fiduciary. For accrued amounts, a true-up calculation is made the following calendar quarter to reflect amounts actually received from investment fund options other than T. Rowe Price funds. Additional amounts required by the true-up calculation are credited to the Plan's administrative budget, while reductions required are made by reducing the amount of any future payment to the Plan's administrative budget. In the event administrative fee payments do not exceed the revenue threshold for the Plan in a calendar quarter, the negative amount may be carried forward for a maximum of four calendar quarters up to the end of the current calendar year, or to the termination of the agreement, if earlier, at which time the shortfall will be owed to T. Rowe Price and billed to Intelsat. There were no accrued expenses owed to T. Rowe Price as of December 31, 2022.

For the year ended December 31, 2022, the Plan's administrative budget was credited with \$432,724 for administrative fee payments in excess of the revenue threshold which is presented as other income on the accompanying statement of changes in net assets available for benefits. The Plan used \$58,050 to pay Plan expenses and is included in administrative expenses on the accompanying statement of changes in net assets available for benefits. During 2022, \$299,346 of

Intelsat 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

the administrative budget account was allocated to eligible participants. The remaining balance in the administrative budget was \$103,841 as of December 31, 2022.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6 - Tax status

The IRS has determined and informed the Company by a letter dated September 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the fair values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Certified information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income and interest income on notes receivable from participants for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan.

Note 9 - Chapter 11 filing

On May 13, 2020, Intelsat announced that it had undertaken a financial restructuring by voluntarily filing Chapter 11 petitions in the U.S. Bankruptcy Court for the Eastern District of Virginia, Richmond Division to better position Intelsat for long-term success. The restructuring process was intended to enhance Intelsat's liquidity and substantially reduce its legacy debt burden. The decision to file for Chapter 11 was fueled by Intelsat's intent to participate in the accelerated clearing of the C-band spectrum under the Federal Communications Commission order in support of a build-out of 5G wireless infrastructure in the United States. Day-to-day operations, engagement

Intelsat 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

with customers and partners, and capital investments were not impacted by this decision and continued as usual. Additionally, no changes to Intelsat's operations or workforce were planned.

Intelsat was granted permission to continue the Plan in the ordinary course, including contributions to the Plan and benefit payments thereunder.

Intelsat emerged from the Chapter 11 case as of February 23, 2022.
