INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator of
Image International Manufacturing, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Image International Manufacturing, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Image International Manufacturing, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Image International Manufacturing, LLC 401(k) Plan's ability to continue as a going concern for within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Image International Manufacturing, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Image International Manufacturing, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Image International Manufacturing, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

GENERAL

The Plan is a defined contribution plan, established on October 1, 2007, covering eligible employees of Image International Manufacturing, LLC (the “Company”, “Employer”, or “Plan Sponsor”). Employees become eligible to participate in the Plan upon completing one year of service and reaching the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effectively on December 29, 2022, the Setting Every Community Up for Retirement Enhancement (“SECURE”) 2.0 Act of 2022 was signed into law. The Act is inclusive of approximately 90 provisions which offer many new benefits to employers and plan participants. Certain provision changes are related to the following, but not limited to: changes to auto-enrollment and auto-escalation, age of requirement minimum distributions, catchup contributions, and increased dollar threshold for mandatory distributions. Depending on the specific provision, some will take effect immediately, while others begin in a future year. As of October 5, 2023, Plan management is in process of evaluating the subsequent adoption and related impact these provisions will have on the Plan.

CONTRIBUTIONS

Each year, participants may contribute up to 100% of pre-tax or after-tax (Roth) annual eligible compensation, up to the maximum amount allowable, not to exceed annual limits established in the Internal Revenue Code (“IRC”) (\$20,500 in 2022). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, not to exceed annual IRC limits (\$6,500 in 2022). Participants may also contribute amounts representing distributions from other retirement plans (“Rollovers”). During the year ended December 31, 2022, there were no Rollovers.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

In order to maintain “safe harbor” status, the Company will make contributions equal to three percent of each participant’s eligible compensation for the Plan year. In addition, the Company may make discretionary profit sharing contributions, which are determined annually by the Plan Sponsor. During the year ended December 31, 2022, the Company contributed approximately \$502,000 and \$136,000 in safe harbor and discretionary profit sharing contributions, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s contributions, any Rollovers into the Plan, an allocation of the Company’s safe harbor and discretionary profit sharing contributions, if any, and Plan earnings (losses). Each participant’s account is reduced by any withdrawals or distributions directly associated with the participant and an allocation of administrative fees paid by the Plan. Allocations are based on the participant’s elective contributions and accounts balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

VESTING

Participants are immediately 100% vested in their elective deferrals, catch-up contributions, Rollovers, and the Company’s safe harbor contributions. However, to be vested in discretionary profit sharing contributions made by the Company to the Plan, participants must be employed with the Company for a specified period of time.

A participant is 100% vested in Company discretionary profit sharing contributions after six years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

VESTING (CONTINUED)

A participant must provide a minimum of 1,000 hours of service each year to complete a year of vesting service. The Plan provides for 100% vesting of Company discretionary profit sharing contributions and earnings thereon upon death, disability or attainment of normal retirement age, as defined in the Plan document.

PAYMENT OF BENEFITS

Upon termination of service, due to employment termination, death, disability or retirement, a participant may elect to receive a lump sum distribution or an amount for any part of the participant's vested interest in the account.

The CARES Act permitted Plan participants to request up to \$100,000 in coronavirus-related distributions through December 31, 2020, with repayment terms of up to three years.

HARDSHIP WITHDRAWALS

A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant's salary deferral contributions or Roth contributions, exclusive of earnings.

For the year ended December 31, 2022, hardship withdrawals amounted to approximately \$11,000, which are included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

FORFEITURES

Forfeitures are those amounts of Company discretionary profit sharing contributions in which a participant is not fully vested at the time of termination. These amounts will be used to restore forfeitures, offset future Company contributions or pay administrative expenses. Forfeitures of approximately \$32,000 were used in 2022 to offset Company contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$32,000 and \$31,000, respectively.

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the Plan’s fully benefit-responsive investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year. All gains and losses are reported in the accompanying Statement of Changes in Net Assets Available for Benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PLAN EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements, while others are paid by the Plan and allocated to participant accounts on a prorated basis, as defined in the Plan document. Investment related expenses are included in net depreciation in fair value of investments. Fees related to the administration of benefits paid to participants are charged directly to the participant's account and are included in administrative expenses.

RISKS AND UNCERTAINTIES

The Plan has investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits. The plan administrator monitors the Plan's investments and the risks associated therewith on a regular basis, which the plan administrator believes minimizes these risks.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

**IMAGE INTERNATIONAL MANUFACTURING, LLC
401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	<u>\$ 7,803,500</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 7,803,500</u>
Investments at Fair Value	<u>\$ 7,803,500</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 7,803,500</u>
	Assets at Fair Value as of December 31, 2021			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	<u>\$ 8,320,078</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 8,320,078</u>
Investments at Fair Value	<u>\$ 8,320,078</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 8,320,078</u>

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Great-West offers a fixed account investment option (“Fixed Account”) that the participant may elect to transfer all or part of their funds into. The Fixed Account is considered to be a fully benefit-responsive investment contract as the related contract was directly issued to the Plan. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Great-West, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses, a measurement that approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

IMAGE INTERNATIONAL MANUFACTURING, LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The contract value of the investment contract at December 31, 2022 and 2021 was \$242,609 and \$237,518, respectively. The Fixed Account is invested in the general asset account of Great-West and is guaranteed by Great-West's claims paying ability. Great-West's general account is primarily invested in investment grade fixed income securities. The Fixed Account is not a mutual fund. It is an investment choice available through a group annuity contract agreement. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis. The effective credited interest rate is set quarterly and effective on the first day of the quarter. Contract charges may reduce this return.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the Plan is changed so as to significantly affect Great-West's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract's requirements, (5) failure to provide information or (6) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator is not aware of any events, which would limit the Plan's ability to transact at contract value with participants that are probable.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West, the custodian of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments consist of shares of the Fixed Account, which is managed by Great-West. During the year ended December 31, 2022, fees charged to the Plan by Great-West for administrative services amounted to approximately \$48,000. Great-West is the custodian and record keeper as defined by the Plan and, therefore, the transactions qualify as party-in-interest transactions.

IMAGE INTERNATIONAL MANUFACTURING, LLC
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 7 – PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Plan uses a volume Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the “Prototype Plan”), which received a favorable opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating the Prototype Plan and related trust, as then designed, are in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
