INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of DiBella's Old Fashioned Submarines 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DiBella's Old Fashioned Submarines 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. DIBELLA’S OLD FASHIONED SUBMARINES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the DiBella’s Old Fashioned Submarines 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General -

The Plan was initially established on July 1, 1999 as the WROR 401(k) Plan. Effective December 17, 2020, the Plan was amended and restated as the DiBella’s Old Fashioned Submarines 401(k) Plan. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of DiBella’s Old Fashioned Submarines, LLC (the “Company”) who had completed 780 hours of service during the six-month period following the employee’s hire date and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration -

The Company serves as Plan administrator (the “Administrator”) and is solely responsible for the general administration of the Plan and carrying out Plan provisions. CNB Wealth Management, an affiliate of Canandaigua National Bank & Trust, provides investment advisory services to the Plan.

Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York, formerly known as Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company of New York, respectively, (collectively, the “Trustee”) serves as the trustee and custodian of Plan assets. Empower Retirement, LLC provides third-party recordkeeping services for the Plan.

Contributions -

Participants may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum amount allowed under the Internal Revenue Code (the “Code”). Deferral limits under the Code were \$20,500 for the year ended December 31, 2022. In addition, participants age fifty and over at the end of the Plan year could elect to contribute a “catch-up” contribution of \$6,500 during the year ended December 31, 2022.

Each year, the Company may make discretionary non-elective or discretionary matching contributions to eligible participants. For the year ended December 31, 2022, the Company elected to make discretionary matching contributions equal to 50% of the participant’s elective deferrals up to 5% of eligible compensation for a maximum matching contribution of 2.5% of eligible compensation. The Company discretionary matching contributions were made each payroll period to eligible participants and totaled \$79,453 during the year ended December 31, 2022.

The Company elected not to make a discretionary non-elective contribution during the year ended December 31, 2022.

Participants are allowed to make rollover contributions from other qualified plans into the Plan in accordance with regulations under the Code.

Participant accounts -

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and allocations of the Company discretionary non-elective and discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company discretionary non-elective and discretionary matching contribution portion of their account plus earnings is based on years of service. A year of service is defined as the completion of 1,000 hours of service during a plan year. If a participant was hired prior to December 17, 2020, a participant is 100% vested upon the completion of three years of service to the Company.

Vesting in the Company discretionary non-elective and discretionary matching contribution portion of participant accounts plus earnings is based on years of continuous service as follows:

<u>Years of service</u>	<u>Percentage</u>
Less than two	0%
At least two but less than three	20%
At least three but less than four	40%
At least four but less than five	60%
At least five but less than six	80%
Six or more	100%

Investment options -

Participants direct the investment of their account into various investment options offered by the Plan. The Plan offers a number of investment options including mutual funds and a group annuity contract, as selected by the Administrator.

Notes receivable from participants -

Participants may borrow a minimum of \$1,000, up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Note repayment terms range up to a maximum of five years, unless used for the purpose of purchasing a participant's principal residence, with interest at the prime rate plus 1% and are collateralized by the individual participant's account. Principal and interest is paid ratably through payroll deductions.

Payment of benefits -

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the vested portion of his or her account. The Plan also allows for eligible participants to receive monthly, quarterly or annual installments of required minimum distributions.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to receive a lump-sum amount, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, or may elect to keep their investments in the Plan. If the vested account balance is less than \$5,000, the balance will be rolled over to an individual retirement account designated by the Plan Administrator as soon as administratively feasible.

Forfeitures -

Participants whose employment with the Company has been terminated and who receive a distribution of the vested percentage of their account shall forfeit any amounts which are in excess of their vested interest as of the date of distribution. The non-vested portion will be restored to the participant's account in the event the employee returns to employment before five consecutive one-year breaks in service and pays back the distribution received from the Plan. After restoration of any of these benefits, the remaining forfeitures may be used to reduce the Company discretionary non-elective and discretionary matching contributions or pay administrative expenses.

Forfeitures of \$5,389 were used to reduce the Company's discretionary matching contributions or offset administrative expenses during the year ended December 31, 2022.

The cumulative balance of forfeitures available to offset future Company discretionary non-elective and discretionary matching contributions and administrative expenses totaled approximately \$100 as of December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Significant estimates include, but are not limited to, the fair value of investments and the valuation of notes receivable from participants. Actual results may differ from those estimates.

Investment valuation and income recognition -

Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

The annuity contract is stated at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses (see Note 5).

Contributions are recorded by the Plan when withheld from participants. Interest income is recorded by the Plan as earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowances for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Administrator deems the participant note receivable to be in default, the participant loan balance is reduced by an allowance amount and a distribution of the note receivable is deemed to have occurred.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Expenses of maintaining the Plan include third-party recordkeeping fees, investment advisory fees, and audit fees. Participants are also charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled \$26,844 for the year ended December 31, 2022.

Investment related expenses are included in net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Subsequent events -

The Administrator has evaluated subsequent events through October 9, 2023, which is the date the accompanying financial statements were available to be issued.

3. FINANCIAL INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by, or derived from, information provided by the Trustee and furnished to the Administrator.

The Administrator has obtained a certification from the Trustee that the information below is complete and accurate as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	2022	2021
Mutual funds, at fair value	\$5,319,085	\$6,598,521
Annuity contract, at contract value	224,420	26,370
Notes receivable from participants	19,086	17,019
Net depreciation in fair value of investments	(1,249,589)	
Interest and dividend income	301,679	
Interest income on notes receivable from participants	709	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is derived from the quoted prices in active markets of the underlying investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

The fair value of investments measured on a recurring basis using Level 1 inputs is presented below at December 31:

	2022	2021
Mutual funds	\$5,319,085	\$6,598,521

5. GUARANTEED ANNUITY CONTRACT

The Plan entered into the Guaranteed Annuity Contract (the “Annuity Contract”) with Empower Life & Annuity Insurance Company of New York (“Empower Life”). This Annuity Contract is a traditional fully benefit-responsive investment contract and is reported in the accompanying financial statements at contract value. Empower Life maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Annuity Contract’s value, as reported by Empower Life is \$224,420 and \$26,370 at December 31, 2022 and 2021, respectively.

Empower Life is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest rate provided to the Plan is guaranteed to be no less than 0% on an annual basis and is reviewed on a quarterly basis for resetting. The average interest rate credited to the Plan was 1.16% during the year ended December 31, 2022.

Participants may direct the withdrawal of all or a portion of their investment in the Annuity Contract at contract value. Participants may transfer all or a portion of their investment in the Annuity Contract, which may be subject to a market valuation adjustment which is determined at the time of transfer.

The Plan’s ability to receive amounts due in accordance with the Annuity Contract is dependent on Empower Life’s ability to meet its financial obligations. Empower Life’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Although they are not probable of occurring, certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following:

- The Plan’s failure to be operated in compliance with the applicable requirements of the Code (see Note 6).
- Premature termination of the contract by the Plan.
- Termination of the Plan or merger.
- A material change in employment levels that would result in withdrawals that exceed 20% of the Annuity Contract investment value in a given year.
- Bankruptcy of the Company or other events that significantly affect the Plan’s normal operations.

In addition, certain events allow Empower Life to terminate the contract with the Plan and settle at an amount different from the contract value.

Empower Life has the option to terminate the contract at any time following 60 days written notice and pay out the contract value to the Plan in twenty quarterly installments, a lump-sum payment subject to market value adjustment, or settle at an amount that is mutually agreed upon.

6. TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing/money purchase/cash or deferred arrangement plan sponsored by Empower Retirement, LLC that received a favorable opinion letter from the Internal Revenue Service dated November 14, 2022. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the year ended December 31, 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. CORRECTIVE DISTRIBUTIONS

At December 31, 2022 and 2021, excess contributions totaling \$19,451 and \$8,376, respectively, are recorded as amounts to be refunded by the Plan for participant contributions made in excess of amounts allowed under the Code. Excess contributions are reported as an offset to participant contributions in the accompanying statement of changes in net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company discretionary non-elective and discretionary matching contribution account balance as of the date of termination.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.
